Them. Since the Deartment decided that cheques would be issued to the soldiers instead of actual cash there have been some strange cases come up over cheques being raised and cheques not being presented for payment, but on the whole the new sys-

tem is an improvement. With the issuing of cheques every two weeks to every one of the 1,000 men in a battalion there are some interesting cases resulting. It is a surprising fact that hundreds of people leave their money in the bank and collect cheques rather than both er with changing them into currency or depositing them. Whether this is the result of an effort to be patriotic or just carelessness with money matters, the result is that the banks have hundreds of cheques outstanding, some of which may never come in. When the 77th Battalion left there were some \$50,000 worth of uncashed cheques outstanding, and while some of these have since come back, all will not be received. The 109th evidently comes of a country where the people are not strong for actual cash. Thousands of dollars' worth of cheques on this battalion have not been presented for payment In spite of the enormous number of cheques in circulation it is surprisattempts at raising or forging. There have been some isolated cases shown up in the courts, but on the whole few if any cases are tried by the men

7 p.m. The 155th Battalion, commanded by Lieut.-Col. M. K. Adams, will be

at Belleville on Saturday and Sunday to visit with their friends and receive the regimental colors to be presented to the unit by the Argyll Chapter of the Daughters of the Empire. Col. Adams has decided that the battalion will leave at 7 a.m. Saturday over the Canadian Northern Rail-

way, and will be in Belleville a couple of hours later. The morning will be a holiday for the men, and they will be allowed to visit with their friends and relatives, who are expected to flock to the city from all of the outlying points by excursions over the C. N. R. from the districts in which the men were recruited.

The programme for the afternoon is being arranged by Major Allen and others who are now in Belleville for the purpose. It is expected that the ceremony will start at 2.30 p.m., and it will be held on the lawn of the Belleville Armouries on Bridge

The return train will be leaving Belleville on Sunday afternoon, so that all may be in camp by 7 p.m.

Better Cake and Biscuits

In all recipes calling for Baking Powder use Royal Baking Powder. You will get better and finer food and insure its healthfulness

Housewives are sometimes led to use inferior baking powders because of apparent lower cost, but there is very little difference in practical use-about one cent for a whole cake or pan of biscuits a mere trifle when you consider the vast difference in healthfulness in favor of food made with Royal Baking Powder.

Royal Baking Powder is made from cream of tartar. derived from grapes-a natural food product, as contrasted with alum, derived from mineral sources, and used in the manufacture of some baking powders because it is cheaper.
