### CASES IN POLICE COURT

#### JAMES EVES FINED FOR GIVING LIQUOR TO MAN ON LIST.

John Gunn Denied Having Secured Liquor for Daniel Byron and Was Remanded—Young Woman Gages to Mercer Reformatory.

Although Daniel Byron swore positively that he had been supplied with his liquor by one John Gunn, the latter stoutly denied the charge when he was arraigned in the Police Court on Thursday morning. Byron said he met Gunn at the corner of Beazot and Princess streets, where other morning, about eight o'clock, just before the hotels were about to open up. Gunn remarked that he was very sick, and wanted something to drink. Byron thereupon produced 25 cents and gave it to Gunn to buy whiskey. Gunn was remanded till Monday.

James Eves was charged with buying liquor for Byron. He admitted giving Byron liquor, and a fine of \$25 and costs was imposed, with the option of one month in jail.

Byron, for being drunk while on the "prohibited list," was fined \$10 and costs or fifteen days. He asked for time to cover his fine, and the magistrate stated that he would think about it.

Maud Hillier, on remand a week, on a charge of vagrancy, was sent to the Mercer Reformatory.

Julia Taylor, arrested for drunkenness on Wednesday afternoon, and who gave Constable Edward Graham quite a tussle, was given a chance.

#### TWO DESERTERS ARE GIVEN THREE MONTHS.

Had Been Committed for Trial by Magistrate Hunter—Theft Charge Dropped.

Andrew Bishop and John A. Courtney, members of the 130th Battalion, who were committed some time ago by County Magistrate Hunter on the charges of desertion and of theft from the golf club house at Perth, appeared before Judge Lavell, Thursday morning, charged with being absent without leave from their battalion, the theft charge not being pressed. Both pleaded guilty to the charge as read in court. They both stated that they had given themselves up at Arrnprior to an officer of their battalion, although they were brought to Barrielfield camp under an armed escort. They stoutly denied that they were guilty of theft.

Their past records, however, told against them and they were given three months from now in jail with hard labor. They have already been almost six weeks in jail on remand.

J. L. Whiting, K.C., appeared for the Crown and D. A. Givens for the defence.

#### RECRUITING OFFICERS SHOULD ROUND THEM UP

Big Crowd Loaf in the Police Court to Listen to the Cases Heard.

Perhaps it would be well for some of the recruiting officers to pay a visit to the sessions of the Kingston Police Court these days. The court room is always well filled with an interested crowd of spectators, and a large number of them would look far better in khaki than in the evening dress of the court room listening to the evidence given in the cases before the Magistrate.

Two days last week, when the dope cases were being heard, the court room was filled to overflowing with a crowd of men half of whom would be eligible to go to the front. They stayed there for hours in order to hear the evidence, apparently having nothing else to do.

#### APPEAL DISMISSED

It Was Taken From Decision of Referee Regarding Costs

Judge Lavell Thursday morning heard an appeal from the report of T. Milne Asseltine, referee, in the case of Martin E. James vs. John A. LeHemp. The two have a contract for the erection of a verandah, and a disagreement arose over a division of the profits. The matter was referred to Mr. Asseltine, who ordered LeHemp to pay James \$87.57, which included \$51 in costs.

LeHemp appealed against this decision, on two grounds; first, that the referee should have allowed the plaintiff costs on the Division Court scale rather than on the County Court scale, as the action was of the proper competence of the Division Court. Second, that the referee should have made the costs of both parties payable out of the partnership assets.

The appeal was dismissed with costs. T. J. Rigney appeared for James, and A. E. Day, of Nickle, Farrell and Day, looked after the interests of LeHemp.

The body of Melzar Stinson, who with his brother, James, was drowned in Crow Lake several days ago, has not yet been recovered. Grapplers once had the body near the surface, but they lost their hold on it. Dynamite has been used, but without success. The burial of James, whose body was recovered Sunday evening, was held on Tuesday afternoon, Rev. Mr. Black, of Parham, conducting the service. The parents kept the body a couple of days in the hope that the remains of their other son would be recovered.

#### Queens' Rush To-morrow.

Some of the medical students stated to-day that the rush is planned to take place on Friday morning. The summer school students have been challenged and have accepted. The numbers are not equal, however, and several of the "meds." have signified their intention of taking no part in the ceremony, as they think their services will not be required. There are about sixty summer school students and over one hundred "meds."

### THEATRICAL NEWS

#### Charlie Chaplin at Grand.

A worthy combination, Charlie Chaplin and the Grand's cooling system. While a visit to the Grand will keep you cool, Charlie will keep you laughing. In "The Vagabond" the inimitable Mr. Chaplin undoubtedly appears at his best. While still retaining the indispensable cigarette and the eternal cane, Charlie this time is seen in the role of an itinerant musician, in which he brings forth his famous violin, of which so much has been written. Together with Charlie Chaplin will be seen a two-reel Universal drama, a comedy, the Paramount Travel Series, and Pauline Frederick in the "Moment Before." Polite vaudeville will also be featured on the programme, which will complete a most interesting and amusing bill for the last three days of this week.

#### At the Strand.

The bill to be shown at this popular theatre to-night, Friday and Saturday is a particularly strong one. The master picture is a 5-act Triangle play featuring William Collier, entitled, "The No Good Guy," a 2-act Keystone, "A Dash of Courage," starring that big laugh producer, "Harry Gribbon," is also on the bill. Then comes Mr. and Mrs. Sidney Drew in a one-act playlet, "Romantic Reggie," while other good reels complete a high-class bill. Our theatre is good and cool. Come along and judge for yourself.

#### Lake Ontario Park.

Last evening the attendance at Lake Ontario Park was a record-breaker. The programme was greatly enjoyed. The singing of Miss Ruth Sinclair and the playing of E. Ball were appreciated.

This evening there will be an entire change of programme, both vaudeville and pictures.

#### EARLY MORNING BLAZE DAMAGES TWO HOUSES.

Firemen Called to Ordnance Street At 12.30 O'Clock Thursday Morning.

Fire, which broke out at 12.30 o'clock on Thursday morning from some unknown cause, did damage estimated at about \$500 to the homes of James Aikens, 146 Ordnance street, and Mrs. O'Reilly, 148 Ordnance street.

The fire started in Mrs. O'Reilly's summer kitchen and got between the walls and then over the roof into the house next door. The people in both houses were about to retire, and there was a lively scamper in night clothes. Both places are insured. The houses are owned by Michael Tetro.

#### PORK PIES STOLEN, MERCHANTS COMPLAIN.

Goods Are Purloined on Their Way from Toronto to This City.

Evidently some people have a great taste for pork pies. There are some merchants in Kingston who have reason to believe this.

It has been the custom for several of the local merchants to get their stock of "porkers" sent to them from a firm in Toronto. They are sent down at night via one of the express companies, but for some time now merchants have noticed that when each consignment reaches Kingston they are three or four pies short of the amount called for. Some person or persons have been opening the packages and helping themselves to a little lunch. The loss is on the express companies, as they have to make good to the merchants.

#### MADE MANY PRISONERS.

(Special to the Whig.) Petrograd, July 27.—In the battle on Tuesday on the Russian western front on the Galician border, 6,250 Teutons were made prisoners, says an official statement issued to-day by the Russian War Office. The Russians also captured five guns and twenty-two machine guns.

The wind to-day made the dust whirl, and at times it was very disagreeable for pedestrians.

Large numbers are taking advantage of the river trips these days to get away from the heat of the city.
