WILL NOW WRITE TO TURK SULTAN.

President Wilson is to Call the Ottoman Government Sharply to Time.

Washington, July 31.—It was stated in official circles that President Wilson is going to call Turkey sharply to task for her mistreatment of the Christian population of Syria and for the cruelties practised upon the Armenians.

Turkey has not replied to the United States note of July 5th. Turkey was warned that continued failure to meet the request of this Government would put a severe strain on her friendly relations with the United States.

Some officials believe President Wilson in the next note to Turkey will insist that provision be made for the relief of the persecuted Christian population of the Turkish Empire or that the United States will sever diplomatic intercourse with that Government.

RUSSIANS DRIVE BACK THE TEUTONIC LINE.

Charge Through Marshy Lands, Sometimes Waist Deep In Water.

Petrograd, Aug. 1.—Charging through marshy lands, sometimes waist deep in water, Russian forces drove back the Teutonic line from the Dniester river to Koroletz, and elsewhere along the eastern front have pressed the Germans and Austrians hard, according to to-day's War Office statement.

Heavy counter attacks from Kovel and Luzk were repulsed after the Russians had attacked in the region of Koroletz was accomplished despite the destruction of bridges by the retreating Germans.

The German line was again bent backward in the bend of the Stokhid in the region of Velticki and Kuchary.

Great Britain in a note made public by the State Department Monday, reiterates her refusal to permit Red Cross supplies to enter territory controlled by the Teutonic allies unless assigned to Red Cross units.

British casualties reported in the month of July in all the war areas totaled 7,084 officers and 52,591 men.
