INFANTILE PARALYSIS NEAR
CASES REPORTED AT OSWEGO AND THERESA, N. Y.

Dr. Williamson, Medical Health Officer, Has Requested Dominion Government to Require Health Certificates of Children from All Parts of New York State.
Infantile paralysis is drawing nearer to Kingston. Four cases at Oswego and one at Theresa, near Clayton, N. Y., are reported. In consequence of this, Dr. A. R. B. Williamson, Medical Health Officer, has requested the Dominion Government, through the local Inspector of Immigration, to increase its precautions. For the past ten days all children from New York and within a radius of forty miles of that city, have been required to produce a health certificate on entering Canada at this port. Failure to produce such a certificate would result in their detention in quarantine for two weeks. As yet no children have been detained, all being able to present a health certificate. All children under sixteen are required to produce a certificate. Now, infantile paralysis having broken out in different parts of New York State, Dr. Williamson has requested the Dominion Government to place all the state under the ban, requiring health certificates from all children under sixteen years of age no matter what part of the State they come from. The immigration officials, to whom the request was made, promised to write his Government at once.

Stewart, Battersea, who has been exchanging pastorates with the Rev. H. E. Curry for the last six weeks, preached his farewell sermon to a large congregation. The speaker chose as his text "The grace of our Lord and Saviour Jesus Christ be with you all." Before the close of the sermon,
