A WAR-TIME NOVELTY

"GREYNA" TAVERN A UNIQUE DEVICE IN BRITAIN.

Interesting Public House Which Has Been Fitted Up in Carlisle Was Formerly a Post-Office and is the Model Upon Which Other Super-vised Drinking Houses Will Be Started—Tried Out on Navvies.

Working its way through a maze of difficulty surrounding liquor evils in munition-manufacturing districts, the British Central Control Board has made many innovations.

Some years ago Mr. Joseph Chamberlain tried to bring State taverns into operation, and Earl Grey worked on the same scheme, but it was left to a war commission to undertake real State business in them.

Much interest is shown in Britain in the scheme, for if successful, it may pave the way for an extended Government system, thus controlling the liquor evil as it can be controlled in no other way.

The "Gretna" tavern is a converted post-office, and in both interior and exterior presents a new type of public-house. It is far removed from a Gothenburg Boiling tavern or a German Bier Halle as from a British public-house of the old sort.

It is a solid stone building of dignified aspect, occupying a commanding position in a dignified street. Inside the two principal rooms are a long open bar, formed out of the old selling counter, and a large hall behind which was the sorting room.

The latter serves the purpose admirably. There is a counter at which various things will be sold, tables for meals and minor refreshments, a stand for newspapers, a piano, a gramophone, and sundry conveniences.

Adjoining is a well-equipped kitchen where all kinds of meals can be cooked. There are rooms for attendants and a manager, but no sleeping accommodation. No one will sleep on the premises.

The only alcoholic liquor served will be beer. Customers must drink standing at the bar. In the hall, beer will be brought to them at the table. The idea is to encourage people to stop for rational recreation by making them comfortable, but not for mere drinking.

In the great majority of the 94,000 public-houses in England, Wales, and Scotland, every thing has been subordinate to doing "business," selling as much liquor of high alcoholic content as was possible.

The post office was converted to its new state in three weeks, and is a new station in liquor control in the district. The munitions factory being erected near Carlisle was begun last autumn. The preparation of the ground, the making of roads and railroads, and the erection of hundreds of buildings over an area nine miles in length brought many thousands of workmen to the spot.

They flowed over the neighboring villages and into Carlisle itself, where some five thousand are accommodated in lodgings about the town. It was foreseen that the influx of so large a body of workmen, most of whom have been gathered from Scotland, Ireland, and England, would cause difficulties. They have nothing to do in the evenings, and nowhere to go but to the public-house. The local public-houses are equipped for a quiet, rural trade, and quite unfit to cope with a flood of laborers.

So the board began to buy them all out, in number about 40. A few have been closed, the others are managed for the board. The "Gretna" experiment is therefore something new. It is a question yet untried as to how the conservative British workman will take the new style. British workmen are very slow to move from established tastes. The change from the navvies to factory workers has a distinct difference in the class of customer, and the new system has not yet been tried on the factory operative. A distinct increase in the court convictions for drunkenness in the Carlisle district is not due to any failure of the Government-operated tavern system, but to the influx of the construction navvies.

A Huge Auto. The world's largest automobile, having a carrying capacity of 25 tons, has been built for transporting wool across country in Australia.

Sir Robert Borden has definitely abandoned his trip to England this year. Sir George Foster has been able to take up with the British authorities all questions affecting Canadian interests.

UNCLAIMED BALANCES

GOVERNMENT REPORT MAKES INTERESTING READING.

Kingston and District Depositors Have Not Claimed All Monies Due Them—Amounts Generally Small With Notable Exception Here and There.

In the government report on unclaimed balances in the chartered banks of Canada for five years and upwards prior to December 31st, 1915, it is noticed that considerable amounts have never been claimed by Kingstonians and others resident in the district.

The unclaimed balances of local interest, with the last known address of the beneficiary (the address is Kingston unless otherwise stated), and the year of the transaction are as follows:

OBITUARY

Late Daniel McCarthy, Newboro.

Daniel McCarthy, Newboro, aged 68 years and 10 months, died Sunday midnight. Heart disease was the immediate cause of his death. He is survived by his wife, two daughters and seven sons. Interment will take place at the Bedford Cemetery.

Died at Desert Lake. The death occurred at Desert Lake on August 3rd of Ella Mary Deyo, aged sixteen, daughter of Sylvanus Deyo. Deceased was born at Desert Lake. She was of a retiring position, and was beloved by all classes. She was an adherent of the Free Methodist church. The funeral took place on August 6th from her late home to the Methodist church and thence to the cemetery at Desert Lake. Rev. A. F. Ball, of Verona, officiated at the service, assisted by Rev. C. V. Fairburn, of Verona. The pallbearers were Robert Adams, Bruce Storms, James Wilson, Robert Freeman, Burton Page and Renton Murphy.

STOLEN WHEEL WAS RECOVERED BY POLICE. Bicycle Thieves Are Very Busy in the City These Days.

Bicycle thieves are busy in the city at the present time. Several cases have been reported to the police.

R. Easton-Burns lost his bicycle, but he was lucky to have it located by the police, who got trace of it on Monday night and the owner secured it on Tuesday morning. This is the second time Mr. Burns has had his wheel stolen, and the police have advised him to lock it up. On the first occasion the bicycle was taken from in front of his house while Mr. Burns was taking a walk around the block. The thief went to Belleville with it and there sold it to a man for \$12. The Kingston police notified Belleville, with the result that the missing wheel was located, and the man who bought the wheel was out the \$12.

MISSING FROM HOME POLICE NOTIFIED. Newcomer Has Not Been at Boarding House Since Sunday Night.

A newcomer to the city, a man named Wally, who boarded on Mont-real street, has been missing since Sunday night. He was employed at the Dominion Textile Works, and the company feared that something might have happened to him, they notified the police.

Wally came here a short time ago from Three Rivers, Quebec. He is about thirty-four years of age, and is married. The information given to the police was that he was at his boarding house Sunday night and during the evening wrote a letter to his wife and then went out for a walk, and had not been seen since.

SOLDIER TAKES A BRIDE. Nuptials of Sergt. Stanley Blakey and Miss Ethel Beaupre.

Early on Tuesday morning, Rev. Father Michael McDonald of the Church of the Good Thief solemnized the marriage of Miss Ethel Beaupre to Sergt. Stanley Blakey of the 14th Battalion, Valcartier Camp. The happy ceremony took place at the home of the bride's brother-in-law, F. R. Burns, 71 Pembroke street.

The bride entered the room to the strains of the wedding march played by Mrs. F. Gravelle and was given away by her father, P. M. Beaupre. She was attended by Miss Violet Ashley and the groom by his brother, R. Blakey.

The bride was attired in a beautiful maize blouse of georgette crepe, and a mesaline blue silk travelling suit with hat to match, and carried a pretty bouquet of pink asters and roses.

The happy couple will take a short tour in the west before Sergt. Blakey returns to his battalion at Valcartier Camp. Among the visitors present for the ceremony were Mrs. A. V. Tisdale, St. Catharines, and Mrs. A. Goff, Niagara-on-the-lake.

Mrs. Blakey has the honor and distinction of being the first child christened in the Church of the Good Thief, Portsmouth.

A BOY'S NARROW ESCAPE. Ran in Front of Auto and Was Knocked Down.

A serious accident was narrowly averted on Monday afternoon shortly after four o'clock at the corner of Sydenham and Princess streets. A boy about twelve years of age ran in front of an automobile coming up the street, thinking he could pass safely. His foot was caught in the wheel, however, and he was knocked to the ground. The driver of the car showed great presence of mind, as he stopped it within three feet of the place of the accident. If the car had not been going at a slow rate there is no doubt but what a far more serious accident would have occurred. The lad was taken into Corbett's undertaking parlors, where the slight injuries to his feet were dressed by a medical student.

Caught a Large Salmon. Worth Wright, son of Mayor Wright, Brockville, while fishing at Buck lake on Friday, hooked a 17-pound salmon. The big fish snapped the steel rod like a pipe stem, but was successfully landed by the young angler after a 15-minute fight.

Charles F. Mott, Syracuse, N.Y., county official, arrested on graft charges after a long chase, has left Accusation, Paraguay, in charge of an Argentine detective and is bound for Buenos Ayres.
