## BASEBALL ON SATURDAY

GAMES WILL BE PLAYED IN THE TWO LOCAL LEAGUES.

Queen's Will Play C.L.C. in the Kingston Amateur League and Victoria's Will Clash With the Ponies—Standing of the Two Leagues.

Queen's ball toasters are back in town after a two weeks' vacation, feeling fine and dandy, and will go up against the C.L.C. team in the Kingston Amateur League series on Saturday afternoon. The league is now in fine running shape, and the fans are more than delighted with the show-up made by the teams.

The senior game between Queen's and C.L.C. will start at 3.15 o'clock, and at 1.30 a junior game will be staged between St. Mary's and the Red Socks. The C.L.C. leads this league, with the Red Socks one game behind, and they will make a strong effort to land Saturday's game to bring about a tie.

Following is the standing in the senior series:

Team	Won.	Lost.
Wolfe Island	4	2
C.L.C.	4	3
Queen's	2	5

Five more games are scheduled for this league.

On Saturday the Victorias will clash once more with the Ponies in the City Amateur Baseball League

fixture. The last time these teams met the Victorias sprung the big surprise of the season, when they defeated the Ponies, who were regarded as the strongest team in the league. The manager is hopeful of accomplishing the same thing again tomorrow, and is gathering around a very good team.

The standing of the league at present is:

Team	Won.	Lost.
Ponies	6	2
Athletics	4	3
Victorias	1	6

Ponies have two games to play, Athletics have three, and Victorias have three.

## NATIONAL LEAGUE WILL PROTECT ITS UMPIRES

President Tener Warns the Players in an Interview at New York

The turning point in the conduct of baseball on the playing field has come. The game is to be played from now on for the benefit of the fans in the grandstand and bleachers, not to satisfy some player desiring to work off his temper on an umpire or an opposing player.

This was the statement of President Tener, of the National League, in an interview at New York with the United Press. His declaration follows the action of National League magnates, who, in their meeting last week in New York, agreed to prevent boisterous discussions on the playing field.

Umpires in the National League hereafter are to be treated with more respect, and their decisions are to be final. Also, there will be no more verbal attacks on visiting players by the white-clad players, nor will the home guard have to listen to sallies from the visitors' bench.

Nicaragua is the latest country to take up baseball, and from there the pastime is spreading to other Central American countries. It is predicted that within a few years the banana republic will be as enthusiastic about the pastime as the Cubans.

## THE BROOKLYN NATIONALS

REACH TOP BY CO-OPERATIVE SPIRIT AND TEAM PLAY.

Ebbetts Confident That His Team Will Return From Its Western Trip Still in First Place.

Again, team play in baseball stands forth as the most powerful force in the club's fight for the top. The Brooklyn National League Club started its last swing around the circle yesterday in the lead by a margin of three games, and it's all due to the co-operative spirit—the spirit that knows no defeat, with every man trying his best to do something that will help get just one more run across.

This is the secret of the Brooklyn club's success this year, during which time they have been at the top of the heap most of the time, President Ebbetts said. If a player becomes injured or is removed for some other reason, every man on the club is eager to take his place.

## Real Baseball Club.

Wilbert Robinson has made a real baseball club out of a collection of athletes who formerly just played for fun. Before his club left for Philadelphia he told the United Press he expects the Dodgers to return from the western trip still in first place. He pointed to the club's record against the Braves, admitted the hardest nut in the league to crack. While the Dodgers' recent showing against the Stallings crew has been nothing to brag about, the season's record shows that the Robins have done better against the Boston crowd than Philadelphia, champions last year.

"My men are confident and I am confident," Ebbetts said. "However, do not think we are over confident. Such a feeling might be disastrous. We believe we can win, and we're going to keep on hammering away until we do it. If we lose no one can say we didn't make a game fight."

## In Fine Condition.

"All the players are in fine condition, with the exception of Jake Daubert, and we expect him back in the game within a week or ten days," Daubert recently slipped a bone in his hip and its pressure on a nerve has been giving him considerable pain. He is under the care of a physician, who hopes to have him back in the game in a short time.

While Daubert is out, McCarty is playing first, and doing a good job of it. His hitting has been one of the bright spots in the Brooklyn offense. If the Dodgers can take a majority of games from Philadelphia, it is reasonable to assume they will be able to hold their lead.

Yesterday's loss to Boston was something of a blow, for it cut the Dodgers' lead down to three games, and put the Braves just that much nearer the top.

The Phillies, too, began to loom again when they downed the Giants in the final contest of the series with the McGraw clan. The Phillies are in third place and going strong.

## CAN CLEVELAND WIN

In the American League—What the Detroit News Says.

If Detroit can't win, Cleveland is now the proper selection. It has a ball club that is thoroughly game, while Chicago has not proved itself to be. It is a town that deserves a pennant winner, and it should beat out St. Louis, a club largely owned and managed by men who deserted organized ball and who, going into a world series, would be able to laugh at ball players who were faithful to their trust.

This finish threatens to be nearly as good as that of 1908, when Detroit, Chicago and Cleveland came to the wire neck and neck. Only five games separate the clubs that are in first and fifth places. In the year referred to, any one of three clubs had a chance three days before the season ended, and the final game decided things.

All of which is making for the good of baseball. In the American League, with the exception of two cities, the attendances are very large.

## TYSON FOR RED SOX.

Buffalo Pitcher and Outfielder Kopp Going Up.

The Red Sox management announced yesterday the purchase of Pitchers Tyson and Engel and Outfielder Kopp from Buffalo, of the International League. Options have been exercised on the following players, who were released by the Boston club, under optional agreements: Pitchers Gregg and Pennock and Catcher Wilder from Buffalo, and Outfielder Shorten from Newark, of the International League. Gregg and Shorten have already reported to the Red Sox, but the club does not expect any of the other players to report until spring.

## Better Wear a Bathing Suit.

Rope skipping aboard a canoe is the latest pastime. This sport will be introduced at the Cleveland Yacht Club next month when a dozen star rope-skipping canoists will compete for trophies. The skippers will score one for each time they jump the rope until they fall three times or until they spill into the water. The sport while new, possesses a great fascination for the canoeist, and is being taken up by the canoe clubs in the United States. Some of the experts have run up records as high as fifteen and twenty skips without a fall.

## Bowling Game.

Only one scheduled bowling game was played at Queen's green on Thursday night. W. H. Montgomery's rink won from J. W. Corbett's by 23 to 8. The rinks: J. Murray, W. Burns, L. A. Zufelt, W. H. Montgomery, skip. H. F. Price, Dr. A. E. Knapp, M. Manahan, J. W. Corbett, skip.
