BARRIEFIELD'S ATHLETES

TO COMPLETE IN MEET AT Toronto Exhibition.

Championship Test Meet to Be Held Next Week to Choose the Best Men.

The soldier athletes at Barriefield Camp have received an invitation to participate in a big athletic meet to be held in connection with the Toronto Exhibition next Saturday. The various infantry battalions as well as the artillery brigade possesses some crack runners and jumpers and in order to secure the cream of the camp it is the intention of Headquarters to stage a big championship meet there on Tuesday, Wednesday and Thursday afternoon's of next week. The competitors finishing first and second will be given the trip. All their expenses will be paid and the coming meet is arousing much interest.

Friday afternoon the Artillery Brigade held a qualifying meet, the results of which are as follows:

(See also Page 11.)

The troops will be parading back to the city shortly after one o'clock this afternoon if the present arrangements for the return to the Camp are adhered to.

Capt. G. Belfie and Capt. J. E. De Beaupre, A.M.C., have been detailed to Petawawa Camp.

Capt. the Rev. W. F. FitzGerald, camp chaplain, will celebrate holy communion in the Y. M. C. A. dining tent Sunday morning at 6 o'clock, and also after the camp service, which usually concludes at 9.30 a. m. All church members are invited to partake.

Before 4.30 p. m., Friday the soldiers in bivouac at Parrott's Bay had the Whig distributed through their lines and our hundreds of regular subscribers had their daily paper as soon as if at the camp rather than at the bivouac, fourteen miles away. Needless to say the Whig was congratulated on its enterprise in being the only local paper to appear at all. Another point which seemed to greatly please the soldiers was the fact that the price was as usual—two cents—while the Toronto papers which were delivered were sold at ten cents a copy.

The usual service given to Whig subscribers is maintained even when that subscriber is a soldier and liable to suddenly move on a bivouac anywhere.

Barriefield Camp has obtained two more prominent athletes of the Capital. Jackie Grimes and Eric Anderson have enlisted in the Ammunition Column at Barriefield Camp.

A GERMAN PRISONER DIES

IN FORT HENRY INTERNMENT CAMP FRIDAY NIGHT.

Emil Heise Had Been Subject to Heart Disease—Was Arrested at Niagara-on-the-Lake.

On Friday evening Emil Heise, one of the German prisoners in Fort Henry, passed away very suddenly. The man was in good health until a very short time before his death. About 8.30 o'clock on Friday evening he retired for the night apparently in his usual state of good health. About half an hour later he was found dead in his bed. On an examination it was found that he had died of heart failure, having been subject to heart disease for some time.

E. J. Reid, undertaker, was called and the remains of the deceased are now awaiting burial at his undertaking parlors. An inquest was not considered necessary.

The late Emil Heise was born in Germany forty-nine years ago, and lived in that country until about nine years ago, when he came to America. He travelled about the country, and on the outbreak of war was a resident in Canada.

Fifteen months ago he was taken in charge by the internment authorities at Niagara-on-the-Lake, and was sent to Fort Henry. He had been in this internment camp since that time, and was a general favorite among his fellows, and gave the authorities no trouble.

FOUR MORE FIREMEN TO LEAVE DEPARTMENT

If the City Council Does Not Come Up With Salaries.

Kingston is in danger of losing four more fire fighters as a result of the neglect of the City Council in not taking up the question of salaries. Four of the men waited on the chairman of the Fire and Light Committee, Ald. N. E. O'Connor, and after pointing out the great need of an increase, intimated that if the increase was not forthcoming within a reasonable time, they would quit the job. At the present time the department is running on eleven men. It is some weeks since the firemen petitioned the Council for an increase.
