

Paint that House this Fall

Protect it from the destructive effect of a winter's snow and ice—save valuable time next spring for other work. Fall painting pays. But be sure you choose the right paint—one that will give your buildings the years of protection that you've paid for.

"ENGLISH" B-H PAINT

is made according to the formula which scientific tests and many years of experience by practical painters prove to be best to meet Canadian weather conditions.

Formula: 70% Pure White Lead 30% White Zinc 100% Pure Paint

It contains 70% of Brandram's B.B. Genuine White Lead—of standard purity for over 100 years—and 30% of pure white zinc—thus combining, in the proper proportions, pure lead and pure zinc, and making a perfect paint. You take no chances with B-H "English" Paint. Be sure you get it! There are cheaper paints, but none more economical when covering capacity and length of wear are considered.

Isn't he a Fine Child?

What every Mother should know

Every mother should know that Dr. Cassell's Tablets are just as suitable for children as they are for grown-up people. Their splendid nutritive and vitalising properties soon overcome any tendency to nervousness or weakness in the little ones, and lay the foundation of a strong constitution for after years. They make weakly children thrive.

Dr. Cassell's Tablets should be given to all children who are in any way delicate, fretful, or of weakly build. The results will be improved assimilation, a well-nourished frame, and bright, happy child health. There is no difficulty in getting children to take Dr. Cassell's Tablets. Full directions and dosage are given with each packet.

Dr. Chas. Motwood, D.Sc., Ph.D., &c., an English Scientist, says:—"As a safe and reliable remedy for loss of flesh and vigour, nerve affections, and bodily weakness, Dr. Cassell's Tablets appear to be unique. I have no hesitation in recommending them for young or old."

Dr. Cassell's Tablets

Dr. Cassell's Tablets are Nutritive, Restorative, Alterative, and Anti-spa-modic, and the recognised remedy for Nervousness, Sleeplessness, Headaches, Stomach Disorders, Nervous Breakdown, Anemia, Dizziness, Neurasthenia, Malnutrition, Painful Urination, and Kidney Trouble. Specially valuable to nursing mothers and women of middle life. Sold by Druggists and Storekeepers throughout Canada. Price: One tube 50 cents, six tubes for the price of five. Wux tax 2 cents per tube extra.

The Man on Watch

There is no use of preaching the doctrine of hell-fire to the man who has been in the trenches during the big battles and comes forth alive.

Kingston may appear a bit dead spiritually at present, but it only needs a shaking up. At heart the people generally are not so bad as the religious critics may imagine.

The Lampman notices that two retired Kingston steamboats have been taken to Belleville. Is that an intimation that Belleville is a marine graveyard?

And on top of that along comes a Kingston lady evangelist who asserts that this town spiritually is as dead as a cemetery. But there's hope for it, so long as it is not wholly dead like Belleville.

The Kingston cad got even with Toronto last week. Two persons regarded as undesirables were given until-noon to start on their way to Toronto.

The idea of putting Germans in Fort Henry on their "honor." There may be honor among thieves, but not among Germans. It is also said that a prophet has no honor in his own country. The Huns have none in any country, including their own. However, if Fort Henry is to be run as a sanitarium there will be more escapes.

The Kingston Street Railway Company throughout the summer has a one-cent day every week for children. It likes the kids. But the Canada Steamship Lines, Limited, apparently is not a lover of children. It likes dollars better, according to current opinion.

Some one asks the Lampman if the old folks at the Home for the Aged are getting as much chewing and smoking since they are governed by a commission.

The Kingston photographer who makes an old maid look like a June bride is not taking true likeness, the Lampman submits. But it is a fact that people do not want to be photographed as they really are. They want to look like something which they are not.

Kingston's canine population has been increased by the addition of one of the Czar's best Russian wolf hounds. Better attach him to the Fort Henry internment camp to chase Huns, who try to escape. There should be some bloodhounds at that camp, though any kind of a dog could scent a Hun.

The Lampman supposes that the reason why the Clayton immigration officer allowed two fugitive and dead-broke Germans to enter at that port was because he was afraid of his job, for the hyphens seem to run the great country to the south of us.

If the 146th Battalion is not yet ready to go overseas, its baseball team is, and the Militia Department should see that "Bike" Young and his diamond artists are allowed to proceed to England to wallop the baseball organizations in the various big camps there.

While other ministers of the Gospel have added automobiles to their stables, a preacher near Kingston has bought a road horse. The Lampman thinks a preacher looks better driving a horse than an automobile, as it makes the man of the cloth appear lowly, particularly if the horse and buggy are old.

THE FRUIT OUTLOOK FOR THE DOMINION

There Will be a Medium Crop of Apples, Plums and Grapes.

Ottawa, Sept. 1.—According to a telegraphic report issued by the Department of Agriculture covering fruit conditions in Canada, there will be a medium crop of apples, plums, grapes and other fruit in the Dominion.

In British Columbia indications are that the apple crop will be slightly less than in 1915. In the Annapolis Valley, N.S., the apple conditions are unchanged. Georgian Bay reports that the weather is more favorable, while from Burlington comes word that the apples are poor. In the Niagara Peninsula the grape situation will be relieved by rain, while apples are showing scab.

Speaking of Eastern Ontario, the report says: Along the north shore of Lake Ontario and in Prince Edward County there are some fair orchards, particularly in Bowmanville and Newcastle districts and near Trenton. Crops generally can be called light with the exception of a few well cared for orchards. Fruit generally affected by scab. Buyers are looking over the ground, but careful growers are holding out for high prices for any good fruit they have.

IRISH LABOR BARRED FROM HARVEST FIELD

British Farmers Refuse Employment to Irishmen Who Won't Fight.

London, Sept. 1.—Hundreds of Irishmen, young and old, are walking the streets of many English towns because they have been refused employment on harvest work, in quest of which they crossed the Irish Sea. The English laborers have barred the Irish, and the English farmers refuse places to them for fear of getting into difficulties with the native labor.

The whole trouble is said to be due to the fact that while English labor in the army is in Ireland receiving one shilling a day as Government pay, Irish laborers, excluded from provisions of the military service act, take their places in England at six and seven shillings a day.

In Lincolnshire and other important farming counties on the east coast, the situation is said to have become serious. There is no denying that labor is needed to harvest the crops, but the farmers are unable to employ the Irish. They have been told a rupture will result which will leave them without any labor at all. The difficulty is said to be increased by the shopkeepers in the villages who decline to sell them food.

MAY BE SERIOUS.

Rise in Price of Cotton Hits Egyptians Hard.

London, Sept. 1.—"The rise in the price of cotton," says Reuters' Alexandria, Egypt, correspondent, "threatens a serious disturbance here. The bourse has decided not to allow dealings in cotton at any price higher than \$23 until September 20, thus constituting a special moratorium. It is understood that this decision is due to the uncomfortable position of jobs who have been selling short in anticipation of a fall in the price of the staple, and are now unable to meet their big losses, especially as prices are still rising.

"The decision of the bourse has caused such widespread indignation that the government has instituted an inquiry, owing to the fact that the so-called moratorium is likely to halt the Fallbees sales and result in serious losses, if a fall in price comes."

DID WHITE SLAVERS

Kill Montreal Italian For Giving Out Information?

Montreal, Sept. 1.—It is rumored that Giuseppe d'Amore, the Italian who was murdered in a St. Lawrence saloon on Monday night, was killed because he had given information about a white slave league at Aldershot, who has been conducting a campaign against alleged traffickers in the white slave business, says d'Amore had furnished him with information about white slave traffic among Italians in Montreal.

Notorious White Slaver Caught.

New York, Sept. 1.—Thomas Large, one of the most notorious habitués of New York's underworld, today faces indictment on a charge of white slavery following his arrest as he was about to sail for Texas with twenty-five women, alleged white slaves, with whom he intended to reap a rich harvest in the vicinity of military camps.

HEAD OF PENSIONS BOARD.

J. K. L. Ross, of Montreal, Has Accepted Chairmanship.

Ottawa, Sept. 1.—It can be definitely stated that J. K. L. Ross, of Montreal, will be the chairman of the Permanent Pensions Board. No official announcement has been made, but it is known that Mr. Ross has been offered and has accepted the position. There will be two other members of the board, but who they are is not known.

Banana Crop Ruined.

Kingston, Jamaica, Sept. 1.—Information collected from all parts of the island respecting the damage done by the hurricane of August 18th indicates that for all practical purposes this year's banana crop has been completely destroyed, the crop for 1917 reduced by 50 per cent., and, barring further blows, the full output from all plantations will not be in effect before 1918. The serious nature of the situation which has been brought about will be recognized when it is stated that bananas represent fully 60 per cent. of the island's exports.

TOBACCO SHARES STRONG

British-American May Pay Thirty-five Per Cent. in Dividends.

London, Sept. 1.—British-American Tobacco shares are strong on the declaration of an interim dividend of ten per cent. The market authorities anticipate a final distribution, making 35 per cent. for the year. This would be the highest total since 37 1/2 per cent. was declared in 1910. The company is doing extremely well, supplying the Allied troops, but it is understood that a large percentage of the profits are derived from the new cigarette trade in China, which is being energetically pushed.

Record Dividend Payments.

New York, Sept. 1.—Dividends and interest disbursements in the United States this month will reach the sum of \$142,539,689. This is a new high record for the period and compares with \$115,154,100 in September a year ago, or an increase of \$27,385,589.

One hundred and thirty-five corporations will distribute in the aggregate \$79,039,689 to stockholders, an increase of \$22,785,589. This showing is due in large part to the fact that the United States Steel Corporation will disburse \$11,438,806 on the common stock, whereas in the same month a year ago no payment was made on this issue. But the returns also include a number of other initial dividends, as well as increases and extras.

Twin City Earnings.

St. Paul, Sept. 1.—Net earnings of the Twin City Rapid Transit for July amounted to \$360,702, as compared with \$296,376 a year ago, an increase of \$64,326. For the seven months to date, the net amounts to \$2,227,494, as compared with \$1,665,897, the same period a year ago, an increase of \$561,597. In July, gross amounted to \$880,059, against \$793,496, and for seven months \$5,890,274, against \$5,398,033.

New York Central's Record.

New York, Sept. 1.—It is understood that earnings of New York Central in July established a new high record. Gross was in the vicinity of \$17,000,000, an increase of about 26 per cent. over 1915. New York Central proper is now earning at the rate of between 16 per cent. and 17 per cent. on its \$249,590,000 stock. It would, therefore, seem conservative to predict earnings in the vicinity of 14 per cent. for its stock for the full year.

Calumet and Hecla Melon.

Boston, Sept. 1.—Calumet and Hecla will distribute to its own stockholders its holdings of 20,000 shares of Tamarack. As Calumet and Hecla has 100,000 shares outstanding, the holder of 5 shares of the parent company will get one share of Tamarack. The distribution will be made to Calumet and Hecla shareholders of record August 31.

Chicago Board Seats Advance.

Chicago, Sept. 1.—The highest price ever paid for a membership on the Chicago Board of Trade, \$5,500 was closed this week. This is an advance of \$700 within the last week.

SLOWLY OSSIFYING.

Body of St. Thomas Man is a Puzzle to Physicians.

St. Thomas, Sept. 1.—Bitten by a mad dog some weeks ago, George Dynes, blacksmith, of Southwell Station, was sent to the Pasteur Insti-

Can YOU Get Insurance?

Jim: "Hello Bob! How are you? By George, you're looking good."

Bob: "I'm feeling fine. How are you Jim?"

Jim: "I got the shock of my life last night."

Bob: "How's that, anything serious happened?"

Jim: "You know Bob, I've been considering insurance for some time. Promised Jones a policy over two years ago. I finally consented to be examined yesterday. Doctor refused to pass me, said I had paid too much attention to business and was on the verge of a breakdown. It has somewhat broken me up as my business affairs are rather complicated and I don't know how the wife and family could manage in the event of anything happening to me."

Bob: "Guess I better let Jones write my application for \$5000 to-day Jim."

The SMILE of SATISFACTION

A good chew is a comfort -- make it a greater comfort still by chewing King George's Navy Plug.

Made from pure, rich tobacco, every ounce of which is carefully selected, then blended according to our process, giving it enough elasticity to keep it together instead of granulating in the mouth as most plug tobaccos do.

King George's NAVY PLUG

Has a delicious, non-irritating sweet taste -- and it is universally recognized that sweetened tobacco is much more healthful than the old fashion "strong", unsweetened plug. It leaves a long, lingering flavor and guards the teeth from the ravages of "acid mouth", the cause of nearly all tooth decay.
