## HEALTH BOARD TO SUMMON

A NUMBER OF CITIZENS TO THE POLICE COURT

For Failing to Install Sanitary Improvements on Properties They Own—Report of the Inspector.

The Board of Health on Thursday afternoon received from Sanitary Inspector Timmerman the names of a number of owners of properties who have long failed to respond to its order to install sanitary improvements. The inspector was directed to summon them to the police court at once. One owner has been putting the inspector off for nearly seven years.

Inspector Timmerman also reported that he had examined a tenement house on Wellington street and found it very much lacking in sanitary improvements. In fact there were so many people living in it that it is dangerous to health. It was directed that the owner be notified as to what improvements should be installed.

The Medical Health Officer reported that at present there were about twelve patients ill of typhoid fever. There had been no new cases throughout the city very lately.

Inspector Timmerman reported that the assistant sanitary inspector, P. C. McCarey and P. C. Jenkins, after finishing the annual inspection of yards, cellars, etc., reported that there were in all 455 dirty yards and 73 dirty cellars, and 67 places where horses are kept without manure boxes. The owners were notified to put the manure in proper boxes according to the by-law. The yards and cellars were practically all cleaned before they finished their inspection and also the manure boxes were seen to that they were put up. The inspector reports that there was a great improvement in the yards in comparison to other years, owing to the garbage and rubbish being regularly collected.

There were in all 426 houses reported in the area where the sanitary improvements have to be put in the houses, and the inspector has given a proper notice to each owner or agent to comply with this notice. Since June last 150 have been put in, and some have given their order to the plumbers. Taking into consideration the scarcity of labor and the high prices of material and labor the people have done remarkably well in putting in the improvements.

On August 22nd and 23rd Inspector Timmerman took a dirt test of the milk of eight vendors and gave the samples to Dr. Williamson for inspection. He has received up to date 45 complaints of different people about yards, drains, closets, etc., which he immediately attended to.

## COTTON SEED OIL.

An Agency for This District to be Opened in Kingston.

It is understood that a local agency for the sale of cotton seed oil in this district is to be opened. Cotton seed oil is a by-product of the cotton industry, and for some time past the American Consulate has been advocating its use by Canadian farmers. It is claimed to be very beneficial for feeding stock, and the dairy farms of this part of the country are expected to become big consumers. So far no cotton seed oil has ever been brought except in experimental cases, but a big importation should result if it is taken up in a systematic way here.

## OFFICERS WERE ELECTED

At Annual Meeting of the Kingston Shipbuilding Company.

The annual meeting of the Kingston Shipbuilding Company was held in Kingston on Thursday morning, when the following officers were elected:

President, S. D. Dyment, Barrie; vice-president, J. P. Sowards, Kingston; and the following directors: Thomas Long, Toronto; Capt. Alexander McDougall, Duluth; H. B. Smith, Owen Sound; John McKelvey and Capt. Robert Crawford, of Kingston. Following the meeting, the directors dined together at the Frontenac Club.

## Change of Time.

On and after Sept. 11th, S. S. America will leave Kingston at 11:15 p. m. daily, except Sunday for Cape Vincent, connecting with N. Y. C.

## ATHLETICS AND PONIES

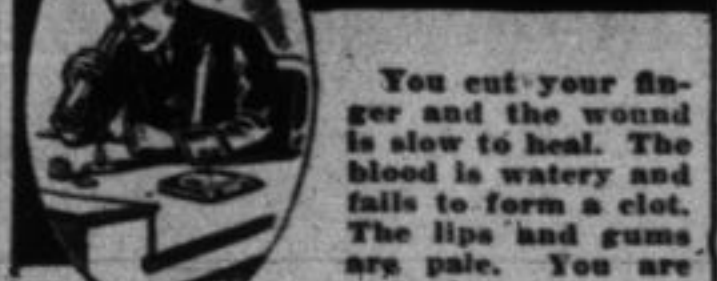

Will Clash For Honors in City League on Saturday.

Athletics and Ponies will clash for the honors in the City Baseball League on Saturday afternoon, and as both teams are going good, it should be one of the best games of the season. If the Ponies win this game, it will give them the championship but if the Athletics should win the teams will be tied, and they will have to play off.

In the junior series St. Mary's will play the Gananoque Juniors and this will also be an interesting match.

## Blood was like Water

Anaemia

You cut your finger and the wound is slow to heal. The blood is watery and fails to form a clot. The lips and gums are pale. You are anaemic.

This condition is best overcome by using Dr. Chase's Nerve Food. In this food cure there are combined in concentrated form the elements that go to form new, rich, red blood.

The appetite improves, digestion improves, color and strength return, and you rid yourself of weakness and many annoying developments.

50 cts. a box, 6 for \$2.50, all dealers, or Edman, Bates & Co., Ltd., Toronto.

Dr. Chase's Nerve Food
