## Its a Treat

To chew King George Navy Plug. Made from pure, rich tobacco, every ounce of which is carefully selected, then blended according to our process.

## King George's NAVY PLUG

Has a delicious, non-irritating sweet taste—and it is universally recognized that sweetened tobacco is much more healthful than the old fashion "strong", unsweetened plug.

It leaves a long, lingering flavor and guards the teeth from the ravages of "acid mouth", the cause of nearly all tooth decay.

# In the World of Sport

## BASEBALL BRIEFS.

If the Yankees do not finish on top they probably will receive credit in Boston for knocking out the White Sox.

Brooklyn can boast of a pitching staff that ranks with the best in the game from a pitching standpoint, but that is not all. The Brooklyn pitchers are more dangerous with the stick than are any other set of box-men in the major leagues.

The White Sox are on the run. They have lost their air of confidence and seem greatly worried.

One reason why the Yankees' pitchers are so effective is the knowledge imparted to them by Donovan once a star pitcher himself.

Since Mathewson took charge of the Cincinnati Reds the team has taken part in many close games, but has usually been on the losing end. The last day of the season should be very welcome to Matty.

Bill Carrigan's expert handling of the Boston Red Sox stands out. He says that he will not be satisfied with a lead of less than six games when the world's champions go west next month. He figures on beating the White Sox on their own grounds as easily as he did the last time the Beaneaters played in Chicago.

The Giants of 1916 will be remembered as the team that played in "streaks." They started off at the Polo Grounds by losing almost all their games and then went away from home and won 17 straight, the best record ever compiled by a team away from home. During their last home stay McGraw's men were very successful, and now on their last western trip they are being kicked all over the west.

## OPPOSED TO THIRD TRACK AT WINDSOR

Will Make Things Hot if License is Granted for New Course.

The people of Windsor are just as antagonistic as ever in regard to the third track which it is proposed to establish opposite Kenilworth Park, near here. There is a definite charter in the Devonshire Park Club, and they are relying on influence from Ottawa to induce the Ontario Government to issue a license to an association which is ostensibly a Windsor organization, but in reality a German-American proposition. Manager A. M. Orpen, of Kenilworth, who has been unwillingly drawn into the controversy, stated yesterday in reply to criticism by the Devonshire Park people that Kenilworth was a Toronto and not a Windsor track, and said: "Kenilworth Park track is at least built, owned, and conducted by Canadians only. It is not promoted by Germans, but by a Canadian born—in Toronto sixty-two years ago, and is being run in the best interests of Canadians."

One of the authorities from the Provincial House at Toronto has been hobnobbing around Windsor, and also Buffalo, N.Y., of late with the promoters of the third track. Work of a very temporary character is in progress at the new track, but the plant is of the flimsiest nature imaginable, practically of the fly-by-night variety. Windsor people are generally opposed to the new track, and will make things hot for Hon. T. W. McGarry if he grants a license to the outfit.

## WORK BEING HURRIED.

On Construction of Devonshire Park Race Track, Windsor.

At the request of Hon. T. W. McGarry, Provincial Treasurer, J. T. White, solicitor to the treasurer, inspected the work so far done at the Windsor track at New Devonshire Park. The track, Mr. White states, is practically complete, stabling for 500 horses has been provided. The grand stand and some of the buildings are yet only partially erected. Mr. White will return to Windsor in a few days as soon as the track is finished and present a final report to the minister; it is now expected that a license will be granted for the meeting.

## World Series Jack.

If Jack Barry is able to get back in the game by October and the Boston club wins the American League pennant, the Worcester citizen will enter his sixth world's series. Barry played in world series with the Athletics against the Cubs in 1913, against the Giants in 1911 and 1912 and against the Braves in 1914. Last season it was due largely to the splendid fielding of Barry that the Phillies only took one game from the Red Sox in the annual baseball classic.

Should Barry get into the world's series this year he will establish two records—that is, he will have played in four successive world's series, those of 1913, 1914, 1915 and 1916, and he will be the first player to share in six series.

Doesn't Want "Anything Much." Johnny Kilbane, world's featherweight champion, who Monday knocked out George Chaney, will meet Freddie Welsh in a ten-round bout in Brooklyn, providing he gets \$10,000 and a privilege of 32-1-3 per cent. Kilbane's manager received a wire from a New York promoter asking for terms. If the bout is staged it will probably take place at Ebbetts Field or Madison Square Garden, New York.

## Girl Sets New Record.

At San Diego, Cal., the American 50-yard back stroke swimming record was broken at a sanctioned meet by Miss Frances Cowells, of San Francisco, who covered the distance in 43 seconds.

## LACROSSE PLAYERS PLEAD NOT GUILTY

N. L. U. President Decides to Await Outcome of Charges in Pitre's Case.

Didier Pitre and Olivier Secours, the two National lacrosse players accused by John Denenny, of Cornwall, with assault while the latter was acting as judge of play in Saturday's match at the Maisonneuve grounds, both appeared before Judge Lanctot at Montreal and pleaded not guilty. They were remanded until September 13th for enquete and were released on personal parole. Both denied having wilfully assaulted the judge of play.

Pending the case against Pitre, President St. Perre, of the N. L. U., will take no action in his case, so that the player in question will be able to play against the Shamrocks in Saturday's match at the Mile End grounds, when the championship will be at stake. Secours, however, remains suspended for the season and the N. L. U. head will recommend that his suspension be extended through next season as well. Had Denenny left his championship to be at stake, Pitre would most likely have drawn a suspension, too, but when the Cornwall official took the matter to the courts, the N. L. U. president feels that the case has been taken over his head and will await the judge's verdict before taking action.

## MODERATE BETTING IS NOT GAMBLING

This is the Decision Handed Out by a Southern Judge.

Judge V. J. Stentz, of the New Orleans City Court, in a decision on file yesterday, held that moderate betting on baseball games does not constitute gambling. The defendant bet a \$50 cheque against the plaintiffs cash that the Green Turtles, a semi-professional team, would defeat the Greco-Sweets. The Turtles lost and the defendant stopped payment of the cheque, whereupon the plaintiffs sued. The court said: "Baseball is not in any sense a gambling game. It is primarily a game of science, physical skill and trained endurance. The court believes baseball a model form of physical development and exercise which tends to promote skill in the use of the arms and a brain thereon, if not excessive, is recoverable."

## AMONG THEMSELVES.

How the National League Pennant Will Be Decided. Boston, Brooklyn and Philadelphia will settle this pennant among themselves. Which is to say, the games they still have left with each other will be the conclusive test.

This has been the factor that ranked Brooklyn at such a disadvantage in the pinch the depressed Robins found themselves unable to stand up before Boston and Philadelphia, clubs with which they still have eight games. Which makes it seem that Boston and Philadelphia are to settle the ultimate crown in their remaining contests. For all three eastern clubs, Boston and Philadelphia especially, are likely to win about the same number of games from the four western teams.

Boston and Philadelphia are world's series twins. They have been represented in championship contests, one or the other, for six of the last seven years. They have had seven pennant winners between them since 1909.

And now for 1916 they have no pennant contenders left except the Phillies, the Braves and the Red Sox.

## MINORS FAST DISAPPEARING.

Only Six of Original Leagues Left in Association.

It has been less than seven years since the National Association of Professional Minor Leagues was launched in Chicago. At that meeting Michael H. Sexton, the present president, was elected to the executive job, and John H. Farrell was elected secretary, a position he still holds. In the fifteen years that the association has been in existence considerably more than a hundred leagues have been on the association's roll, but at present there are less than half that number. In 1907 there were left—The International, then the Eastern, the Western, the Southern, the North-western, then the Pacific North-west, the Three-I, and the New York State.

## EVERS OUT OF GAME.

The Boston Braves Lose Their Star Second Baseman.

Johnny Evers, captain and star second baseman of the Boston Braves, is out of baseball for the remainder of the season. Manager George T. Stallings announced a statement from St. Louis said: "Johnny Evers is through with baseball for this year. Neuritis in his left shoulder is bothering him as much as ever. To-day I had a long-distance telephone talk with Mrs. Evers at Troy, N. Y. She said Johnny is still in no condition to play, and that the family doctor says it is useless for Evers to think of getting back into the line-up."

## Jackson Betting Hard.

The genial Joseph Jackson, counted out the American League batting race two weeks ago, is going great and throwing a real scare in the direction of Speaker and Cobb. Jackson, with three clouts in four times at bat Thursday, jumped up three notches on the leaders. He is now at the heels of Ty Cobb, who, in turn, is barking right behind Texas Tris. With less than a month to go, interest in the bingling battle is growing acute—and all of the nerves that are being wrecked are not across the border.

## TURF GOSSIP.

John E. Madden has purchased another Rock Sand colt from August Belmont, which he will send to Kentucky for stud purposes. This is the black colt, Lord Rock Vale III, by Rock Stand, out of the great brood mare, Lady Violet.

Jockey Robinson is fourth in the list of leading American jockeys, J. McTaggart is the leader. Jockey J. Butwell has been released by his contract employer, Andrew Miller. This followed the defeat of Roamer by Strombol on Monday, in the Municipal Handicap, at Belmont Park, in which Butwell's handling of Roamer dissatisfied Mr. Miller.

There will be no steeplechase races at the Durval meeting. The course is not in fit condition for racing.

## KHAKI RUGBY LEAGUE APPEARS A CERTAINTY

207th Battalion Has Good Material and is Ready to Join.

It now appears a certainty that Ottawa lovers of Rugby football will see a couple of games of their favorite sport this fall and they will be of senior calibre, too, says the Ottawa Journal. Following Capt. Lou Marsh's offer to play his 180th Battalion team against any Ottawa soldier or city team, Lieut. Dornie Adams who played outside wing for the Ottawas last season has commenced to look up the possible football material in the 207th. He finds that there are a large number of good football players in the battalion who are anxious to get into the game.

These include Lieut. Gordon Johnstone, Wisler, Dornie Adams, Dug Stalker, McQuair, Fletcher, Capt. Gallagher, besides Jack McElligot, Eddie Roberts, Billy Smith, Pritchard, Cubertson, Joe Breen, Fisher, Dug Kirby and Capt. Jack Leads. The latter played with McGill, Wisler was a Yale half, Pritchard played with the Toronto Capitals, Capt. Gallagher with Queen's, Fletcher with the Vancouver English football team and Johnstone, McQuair, Adams, Stalker, Harvey and McElligot with the Ottawas. No doubt there will be others equally as good turn up. Lieut. Dornie Adams will get in touch with Capt. Marsh at once, and it is almost certain that home and home games will be played with the 180th Battalion, while there also may be games with the 180th Battalion, while there also may be games with the 180th Battalion, while there also may be games with the 180th Battalion, while there also may be games with the 180th Battalion.

## OSHAWA RINK WON

In the Big Bowling Tournament at Port Hope.

Sixteen rinks, representing Cobourg, Peterboro, Bowmanville, Millbrook, Oshawa and Port Hope took part in the grand tournament on the Port Hope bowling green, where play went on from ten o'clock in the morning until after midnight. A large crowd of spectators watched the different contests with great interest. The grounds were quite elaborately decorated, the Union Jack being everywhere in evidence, supplemented with bunting. A large booth was erected at one side of the green, where sandwiches and coffee were served.

The first prize in the primary, fine Jaeger blankets, went to Stevenson, of Oshawa, while Will O'Leary, of Cobourg carried off the second prize, four very fine club bags. In the consolation awards Hall, of Oshawa, won the first prize, four Jaeger sweater coats, Russell, of Millbrook, was second and received four handsome cases.

## Boy Golfer a Sensation.

R. T. Jones, jr., the fifteen-year-old boy of Atlanta, is the surprise and sensation of the national amateur golf championship, which is being played at Philadelphia. The southern youngster worked his way into the third round by defeating F. W. Dyer, the Pennsylvania state champion, four up and two to play.

## Also Football Coach.

Earle Neagde, former Canadian League player, and this season with the Cincinnati Nationals, has been secured to coach the football team at West Virginia Wesleyan College.

## WE BACK UP OUR CIGARS
