AN INSTRUCTIVE ADDRESS

Was Delivered on Wolfe Island by Rev. W. Henderson.

Wolfe Island, Sept. 12.—The pastor of the Methodist church, Rev. William Henderson, gave "An Evening of Travel in Bible Lands" to a large and delighted audience on the 11th inst. On tables were a marvellous variety of articles, just a part of Palestine and Egypt that he brought and explained in rapid luminous touches, and at the close three ladies and three gentlemen appeared in genuine Turkish and Jewish costumes that, as described, imparted also a fund of inspiring knowledge in a pleasant way. The pastor, Rev. Mr. Leach, moved thanks in the strongest terms of merited praise, and referred to the deepening interest in those lands as being also in the war. This was seconded by Mr. Workman, Queen's student, effectively supplying the Presbyterian church, and the names were included of Misses Woodman and Mayell, of Kingston, for their musical and educational selection that were much appreciated, and the vote carried with enthusiasm. E. P. Jenkins proved an excellent chairman.

WEDDED AT WESTPORT.

The Kelly-Scanlan Nuptials at St. Edward's Church.

Westport, Sept. 13.—St. Edward's Church, Westport, was the scene on Monday, Sept. 13, of one of the prettiest weddings, when Rev. Father O'Rourke united in marriage Ellen Scanlan, daughter of Mr. and Mrs. Terence Scanlan, to John A. Kelly, of Ralston. At 8.30 a. m. the bride entered the church on her father's arm while the Wedding March was rendered by Rev. Mother Superior of Notre Dame Convent.

The bride wore a handsome gown of white Georgette crepe over white satin de chene and a large satin hat of like color trimmed with ostrich bandeau and pearl foliage, and carried a white prayer book, the gift of Notre Dame Convent, of which she was a graduate. Her sister, Miss Katie, was bridesmaid, and wore a pretty dress of pale blue silk voile and a light pink flop hat. The groom was assisted by Peter McCormick, of Odessa.

Immediately after the ceremony the happy couple, with a large number of relatives, motored to the home of the bride, which was tastefully decorated by her girl friends with evergreen foliage and cut flowers, and where a buffet dinner was served. The groom presented the bride with bar pin set with emeralds and pearls, the bridesmaid with a signet ring, and the groomsmen with a diamond set tie pin.

With many well wishes Mr. and Mrs. Kelly left at one o'clock for Toronto and Niagara Falls, the bride travelling in a navy suit of serge with dainty white silk blouse and hat of old rose. Both bride and groom are exceedingly popular, of which fact the numerous and expensive gifts besides cheques and money gave testimony. On their return they will reside in Ralston.

CORP. BURGESS WINS HONORS AT THE FRONT

Gets Promotion and D. C. M. For Gallant Defence of Wounded.

Cobourg, Sept. 15.—Mrs. Reuben Jackson has received word that her brother, Corp. Charles Burgess, who was with the 35th Battalion, has been awarded the Distinguished Conduct Medal. On June 12th, Corp. Burgess was left to watch several Canadians who had been wounded, and while doing so eight Germans got into the trench where they were, preferring Burgess fought with his rifle until unable to use it because of a severe wound in the high, and then taking out his revolver succeeded in killing five of the eight Hunns, it is stated, while the remaining three made off. He was made a corporal on the spot, and later awarded the medal. He is now back with his battalion.

HUN PRESS SCORES U. S. AMBASSADOR

Calls Him Pro-British—Gerard Repudiates Utterances Attributed to Him.

Berlin, Sept. 15.—The American ambassador, James W. Gerard, is again under fire in a section of the German press, this time for a remark attributed to him regarding a speech made recently by Dr. Gustav Stresemann, National Liberal leader of the Reichstag, advocating, among other things, a resumption of the submarine warfare.

Ambassador Gerard is quoted as saying that he did not understand how the representatives of districts from which export to America was a vital question could advocate submarine warfare.

The National Liberal Press Agency, in a communication to the newspapers, takes the ambassador to task for what is termed "unwarranted intervention in a purely German question," and says that the ambassador's remark is characterized by that "naive presumptuousness which believes that the decision affecting Germany's political future will be dictated by Germany's American export interests."

The paper declares that Ambassador Gerard would do better to leave to the responsible German authorities the decision on what use is to be made of the means at their command against England, and adds:

"The art and manner in which Ambassador Gerard—and not for the first time—looks after British interests is extremely characteristic of his general attitude."

The American ambassador in reply states that he never heard of Dr. Stresemann's speech, and certainly never made any public utterance of the nature attributed to him. But so far as his attitude on the submarine issue is concerned, he declares, it is based on pro-American, not pro-British, motives.

DOCTOR TO FACE COURT.

He is Alleged to Have Prescribed Liquor Freely.

Winnipeg, Sept. 15.—The wisdom of inserting in the Manitoba Temperance Act clauses demanding that on September 1 and March 1 of each year druggists in the province must present to the Attorney-General's Department a record of their sales of liquor is emphasized by Chief Justice MacLean, for it has provided him with material for two prosecutions of alleged offenders.

On looking over the records, Mr. MacLean noticed that a doctor had indiscriminately prescribed liquor for applicants permitting them to obtain a quantity of whiskey at the druggist's for \$1.50. Detectives were sent out, saw the doctor, complained of ennuui, asked for a pick-me-up, dropped a hint, and the doctor, it is said, in three cases gave out a prescription calling for a quart of whiskey. The sequel will be seen in the police court in the course of a day or two, when the doctor will appear on three counts of helping to circumvent the Temperance Act. He has already been served with his summons.

HOW THIN PEOPLE CAN PUT ON FLESH

Thin men and women—that big, hearty, billowing dinner you ate last night. What became of all the producing nourishment it contained? You haven't gained in weight one ounce. That food passed from your body like unburned coal through an open grate. The material was there, but your food didn't work and stick, and the plain truth is you hardly get enough nourishment from your meals to pay for the cost of cooking. This is true of thin folks the world over. Your nutritive organs, your functions of assimilation, are probably sadly out of gear and need reconstruction. Cut out the foolish foods and funny sawdust diets. Cut out everything but the meals you are eating and eat with every one of those single Sargol tablets. In two weeks note the difference. Let the scales be the judge. Five to eight good solid pounds of healthy, stay-where fat may be the net result. Sargol aims to charge weak, stagnant blood with millions of fresh new red blood corpuscles—to give the blood the carrying power to deliver every ounce of fat-making material in your food to every part of your body. Sargol, too, mixes with your food, to assimilate it. This people tell how they have gained all the way from 10 to 25 pounds a month while taking Sargol and say that the new flesh stays put. Sargol tablets are a careful combination of six of the best assimilative elements known to chemistry. They come 40 tablets to a package, are pleasant, harmless and inexpensive, and all good druggists in this vicinity sell them subject to an absolute guarantee of weight increase or money-back.

Find a druggist who is unable to supply you, send \$1.00 money order or registered letter, to the National Laboratories, 74 St. Antoine St., Montreal, and a complete ten days' treatment will be sent you postpaid in plain wrapper.
