

Belgians are Starving While Canadians Have Plenty

Our Heroic Allies Deserve More Help than We are Giving

An accident of geography, and the fortunes of war, have subjected Belgium to the cold-blooded, calculated cruelty and attempted starvation of the German conquerors—while we in Canada, secure from danger, are making money out of the War.

Legitimate though our profits are, we surely owe a substantial share of them to our Allies, who are destitute because they dared stand up for their rights and defy the enemy.

We have given much—but barely enough to help keep the Belgians alive. More of them every week are calling for help, as their own resources are exhausted, and every one of the millions should have something more than the three slices of bread and the pint of soup which is all the Relief Commission can supply out of present contributions.

If you have been helping, do more if you can till the war is over and Belgium is free. If you have not given yet, will you make up for lost time with a substantial contribution? Better still, will you give, every month, enough to feed one or more Belgian families, at the rate of \$2.50 each per month?

Whatever you can afford to give, send your subscription weekly, monthly, or in one lump sum to Local or Provincial Committees, or

\$2.50 Feeds a Belgian Family One Month.

STRAND HAS VAUDEVILLE MAJOR WILGAR ASKS SOCKS

THIS POPULAR THEATRE EXTENDS ITS PRESENTATIONS

It Not Only Gives the Best of Photo-plays, But Has Now Reached Out Into Footlight Specialties.

The Strand, one of Kingston's most popular playhouses is presenting high-class vaudeville, in addition to superior photo-plays, and got off to a splendid start on Monday when its many patrons were delighted with the superb singing of the Manetta Duo.

The Manetta Duo are a head-line attraction in the vaudeville world. Their opening number was a Neapolitan folk song, which, appropriately garbed, they rendered with sprightly grace, the Signor playing on a guitar and Senorita chiming in effectively with a tambourine. The Senorita then sang "I Hear You Calling Me," with much sweetness and expression, and the Signor followed, his rich powerful tenor being heard to telling advantage in "Good-bye, Good Luck, God Bless You." Their performance concluded with "Misereere" from "Il Trovatore," which was admirably rendered. The Duo are appearing on Tuesday and Wednesday.

Two excellent pictures are being shown. One is a five-part Triangle play, "Not My Sister," featuring Bessie Barriscale, and the other a two-part Keystone comedy, "The Village Vampire," in which the leading role is taken by Fred MacMurray. The Hope Jones Unit Orchestra is now in full working order, and is rendering most acceptable music. The bill which delighted so many on Monday is being repeated Tuesday and Wednesday in its entirety.

T. J. Nugent, the energetic and enterprising manager of the Strand, always strives to meet the wishes of his patrons. He has booked some superior attractions for the coming season. Mr. Nugent is having some improvements made to the stage in the way of lights and scenery. Four shows are now being given daily, at 2, 3.45, 7 and 9 p.m.

DIED IN BELLEVILLE.

The Late Mrs. Bogert Was Over Eighty Years Old.

Mrs. (Canon) Bogert passed away Sunday morning at Belleville after a lingering illness. She was upwards of eighty years of age, and since the decease of her husband, about three years ago, she has been in declining health.

Mrs. Bogert was a daughter of the late James Jessup, Brockville, and was of U. E. Loyalist descent. She is the last surviving member of her family in Canada. Her husband, Mr. Rosebuck, resides in Brooklyn, N.Y. With her husband, the late Canon David Ford Bogert, she came to reside in Belleville many years ago. Her husband was for a long period the rector of St. John's church. After his decease the church was closed and later sold.

"IT PAYS TO ADVERTISE"

A Splendid Farce At the Grand on Monday Evening.

The large audience which was at the Grand last evening witnessed a splendid farce entitled "It Pays to Advertise" and went away convinced of the tremendous value of advertising. The production is funny from beginning to end and one of the best of its kind ever seen here. The company is composed of clever people, including Allen Durno, M. J. Sullivan, Desive Stemple, James J. Mulry, Earl Craddock, George Sweet and Page Spencer.

TWO SONS AS CASUALTIES.

Mrs. Dunn, Division Street, Has Two Sons in Hospital.

Mrs. A. Dunn, 230 Division street, has received word of both her sons being in the hospital during the last week. Dr. J. L. Dunn is an "N.Y.D." case in No. 10 Stationary Hospital in France, according to an official communication. Dr. Eric Dunn is in a Shorncliffe hospital with rheumatism. Both went overseas with No. 6 Field Company, Canadian Engineers.

Miss Mae Mills, nurse-in-training, Kingston General Hospital, spent the week-end the guest of her parents in Brockville.

THE NEWEST REMEDY FOR

Backache, Rheumatism and Dropsy.

Kidney, Bladder and Uric Acid troubles bring misery to many. When the kidneys are weak or diseased, the natural filters do not cleanse the blood sufficiently, and the poisons are carried to all parts of the body. There follow depression, aches and pains, heaviness, weakness, irritability, headache, chilliness and rheumatism. In some people there are sharp pains in the back and limbs, distressing bladder disorders and sometimes chronic dropsy. The uric acid sometimes forms into gravel or kidney stones. When the uric acid affects the muscles of the joints, it causes lumbago, rheumatism, gout or sciatica. This is the time to try "Anuric." Send 10c for trial package.

During digestion uric acid is absorbed into the system from meat eaten, and even from some vegetables. The poor kidneys get tired and backache begins. This is a good time to take "Anuric," the new discovery of Dr. Pierce for Kidney trouble and Backache. Neglected kidney trouble is responsible for many deaths, and Insurance Company examining doctors always test the water of an applicant before a policy will be issued. Have you ever set aside a bottle of water for twenty-four hours? A heavy sediment or settling sometimes indicates kidney trouble. The true nature and character of diseases, especially those of the kidneys and urinary organs, can often be determined by a careful chemical analysis and microscopic examination. This is done by expert chemists of the Medical Staff of the Invalide Hotel. If you wish to know your condition send a sample of your water to Doctor Pierce's Invalide Hotel, Buffalo, N. Y., and describe your symptoms. It will be examined without any expense to you, and Doctor Pierce or his Staff of Analyzing Physicians will inform you truthfully.

KNOW YOURSELF!

Read all about yourself, your system, physiology, anatomy, hygiene, simple home cures, etc., in the "Common Sense Medical Adviser," a book of 1000 pages. Send to Dr. J. M. Pierce, Buffalo, N. Y., 10 cents in out-coin stamps for a cloth-bound copy. Postage prepaid.

FOR HIS MEN OF NO. 10 COMPANY (QUEEN'S) ENGINEERS

Contributions May Be Sent To Mrs. W. E. Goodwin, 1 Alice Street—There Are 208 Men In the Company.

The following letter has been received from Major W. P. Wilgar, Canadian Engineer:

Belgium, Sept. 3rd, 1916. "The wet weather is due in a few weeks, and all my men are rather badly off for socks. I am sure that Kingston is doing quite all, and perhaps a little more than her share of the work in the providing of comforts and necessities, but perhaps you could add to your gifts a moderate supply of these very great necessities for my N.C.O.'s and men of whom there are 208. So far I have received nothing of any kind from any source to help out in the supply of socks.

"As you will notice we are in the little mix up in Belgium. I have seen Major Malcolm, Capt. Ellis, and practically all of their company. Colonel Macphail had moved before we arrived. The place is overrun with Queen's men, some in a state of adolescence, like myself and others hardened veterans who are respected by everyone. My own boys are not in the least behind. I haven't as many students and graduates as Major Gill and Major Malcolm, but those that I have are certainly splendid. In fact I am very proud to be in command of such a fine lot of chaps as they all have proved. It is positively amazing to find these boys, some of them have never heard a bullet except on a rifle range, and have never heard or seen a shell, treat the whole show with absolute unconcern and indifference. The whole thing is pride.

Any who wish to contribute socks for the 10th Company of Canadian Engineers (Queen's) will please send them to Mrs. Goodwin, 1 Alice street. It is hoped that the first box will be ready to send about Oct. 1st. It is advisable to wash the socks before sending them in.

POINTED REMARKS ON CLOSING OF BARS

By the Portsmouth Philosopher Who Has a Good Deal To Say.

That it certainly was a blue Monday morning for the men who could not get their usual "eye opener."

That Kingston and Hatter's Bay are now on the same footing as regards the sale of intoxicants.

That the sanitary officer will now have to report many damp cellars in his next report to the Board of Health.

That to use a war term, the cellars in this district have been "bottled up."

That some people will have to put extra locks and bolts on their cellar doors, bars on their windows, and install burglar alarms.

That the place occupied by the liquor now in Kingston is not the cellar position spoken of by baseball writers.

That many men whom he never knew to take a drink in their life and then him to indulge on Monday morning.

That if there is difficulty in finding room for coal in the cellar, how will the lady of the house manage to get space for her preserved fruit.

That in future there will be no trouble in getting the man of the house down in the cellar to shake up the furnace.

That it will be quite in order now to state that "Mr. and Mrs. So-and-so entertained in their cellar yesterday afternoon."

That convicts at the "pen" which have announced that the bars there are closed, too.

That although the bars have been closed, it does not mean that there will be a reduction in the police force, as a "new man" went on the Kingston beat Monday night.

That business was so brisk with the liquor shops on Saturday that every kind of a wagon, even to a "water-wagon," was used to get the orders out.

That the closing of the bars must have been a very time affair, so far as the police were concerned, as they only run in four trippers.

That it was a shame to take the soldiers out of town on the very day of the closing of the bars, and that evidently it was a scheme of civilians to have all the fun themselves.

That the "prohibited list" has now the largest membership it has ever had in its history.

That the license inspector will have to look elsewhere besides the market for "blind pigs."

Lost Nearly Everything. George Sudds, who managed the Channel Grove Hotel, which was burned on Saturday night, lost all his furniture, excepting a few articles of small value. He had little insurance. Mr. and Mrs. Sudds and family were asleep when the fire broke out, and were awakened by persons on the yacht of J. Fisher, who first saw the fire while passing close to the shore.

Kingston Girl Engaged.

Mr. and Mrs. Samuel McCullagh, of the Armouries, announce the engagement of their daughter, Alma J. McCullagh, to Clifford Charles Nichols, Hartford, Conn. The marriage to take place in Kingston in December. Miss McCullagh is a graduate of the Hartford Hospital training class of 1912, and has been practicing in Hartford since that time.

UNHITCHED HORSE ON ROAD.

Farmer Who Had Been Tipping Thought He Was at His Home.

Evidently there was one man at least who drank something stronger than red lemonade while attending the fair at Napanee. This farmer unhitched his horse late that night while on his way home, believing that he had reached home. He allowed the horses to scamper off, thinking they were in pasture. When daylight arrived the farmer was found sitting in his rig, sound asleep, and his horses far, far away.
