THE CANADIAN LOSSES 2,000

In the Fighting Around Courcellette And Martiniupich Monday And Tuesday.

THIS FIGURE MUCH LOWER THAN THE LOSS AT ST. JULIEN OR ZILLEBEKE.

The total Canadian Casualties Since Outbreak of War is 37,861—Of This Number 9,367 Canadian Soldiers Are Dead.

(Special To The Whig) Ottawa, Sept. 21.—Information received at militia headquarters indicates that the casualties sustained by the Canadians in the fighting of Monday and Tuesday round Courcellette and Martiniupich were fairly heavy. According to present information the total casualties suffered by the Dominion's troops were in the neighborhood of 2,000. This included 400 killed in action, about 1,200 wounded and over 300 missing.

While the price paid for the gains made may be considered a heavy one, the casualties suffered are not nearly so great proportionately to those suffered by the Canadians in former defensive actions. The casualties at St. Julien totalled over 70,000, and at Zillebeke they numbered over 13,000. It would thus appear that holding the trenches against a storm of high explosive shells is more costly than work over ground cleared beforehand by similar shells from one's own guns.

No details are yet available here as to what regiments suffered particularly. That the Canadians have done well is indicated by the brief cable received from Gen. Byng by Premier Borden, but the details of their noble deeds are sadly lacking.

Total Casualties 37,861.

(Special To The Whig) Ottawa, Sept. 21.—Canadian casualties from the beginning of the war until August 31st total 37,861. Of this number 9,367 were killed in action, 2,248 succumbed to wounds and 398 died of sickness. In addition to the above 2,361 missing for six months, are presumed dead. The wounded totalled 27,212, and the missing, included known prisoners of war, 1,232. Of the wounded a third at least would return to service.

ARE NOW ATTACKING ALONG WHOLE FRONT

The Russo-Rumanians Active—Mackensen Tries Stroke From Northwest.

(Special to the Whig) London, Sept. 21.—Halted in his invasion of Eastern Rumania, Field Marshal Mackensen has shifted his attack, and is attempting to carry the war into King Ferdinand's country by a stroke from the northwest. The German War Office this afternoon announced that the Austro-Germans have won victories on both sides of Vulcan mountain pass, driving the Rumanians back ten miles. The Rumanians have halted and are defending themselves behind a new fortified line.

The Bulgarian War Office today admitted the defeat of German and Bulgarian attempts to penetrate the new Russo-Rumanian front in Dubrendja. The Russian War Office declared that the Russians and Rumanians are now attacking on the whole front.

AMERICAN CARGO TAKEN OFF BOAT

Irritation Over British Restrictions of Trade Increased By Seizure.

Washington, Sept. 21.—Irritation in official circles over British restrictions on American trade was increased today by a report from Manila that the British steamer Amyerick arrived there today minus 1,200 packages of its cargo. The vessel sailed from New York to Manila, via Hong Kong. On its arrival at Hong Kong a portion of its cargo was removed by the British authorities presumably on the ground that it was consigned to enemy refuges at Manila.

NEW ACT TO REDUCE HORSE RACE TRACKS

The Minister of Justice Is Reported to Be Preparing Legislation.

Ottawa, Sept. 21.—Adoption by the Dominion Commons of an act reducing the number of horse racing tracks in Canada, particularly near the United States frontier, is a probability of the near future. The Miller bill, passed some years ago, sought to do this, as well as do away with book making. The racing men, however, found a loophole in the act and revived a number of charters secured by letters patent some years ago. Consequently horse racing increased despite the supposedly restrictive legislation. The Minister of Justice is reported to be preparing a new act.

BRITISH TROOPS MAKE AN ADVANCE

The Germans Attacked New Zealanders, But Lost in the Conflict.

(Special to the Whig) London, Sept. 21.—British troops advanced south of Amiens last night, despite the heavy enemy resistance, Gen Haig reported this afternoon. The Germans made strong counter-attacks against the New Zealanders but were beaten off with heavy losses.

THE STOCK MARKET

Gains Were General For All Kinds of Stocks.

(Special to the Whig) New York, Sept. 21.—The stock market opened strong and active today, Anacondi continuing to advance with a gain of one point at 95. Gains ranging from a fraction to a full point were general. U. S. Steel opened up a 1/4 at 108 3/4, Utica Copper was up one at 88. General Motors, which recently outdid Bethlehem Steel as a war bride performer, making a high record of \$750 a share, sold off \$45, at \$700 a share, in the early trading today.

EARL OF FEVERSHAM KILLED

While Leading the 21st Battalion, King's Royal Rifle Corps.

(Special to the Whig) London, Sept. 21.—Lieut.-Col. the Earl of Feversham was killed in action on September 15th while leading his battalion. Earl Feversham was aged thirty-seven, an Oxford graduate, and a large landowner. He commanded the 21st Battalion King's Royal Rifle Corps, which he raised. He was a member of Parliament from 1906 to 1915. The earl married Lady Marjorie Greville, eldest daughter of Earl Warwick, and leaves two sons and a daughter.

DUKE'S VISIT TO BARRIEFIELD

H.R.H. Was Greatly Pleas'd With the Condition of the Troops.

IMPRESSED ON OFFICERS

THE GREAT IMPORTANCE OF DISCIPLINE IN THE RANKS. The Duke Was Particularly Struck With the Splendid Physique of the Army Service and Queen's Field Ambulance Men.

His Royal Highness the Duke of Gonnought and Strathern, Governor-General of Canada, made an inspection of the troops at Barriefield Camp, and in an address to the officers expressed the extreme pleasure it gave him to review such a fine body of men. The review and inspection was a most thorough one, but everything went off splendidly, surpassing even the best hopes of the camp staff. The soldiers never looked or worked better, and the weather was ideal.

The inspecting party, consisting of the Duke, Lieut.-Col. Stanton and Capt. McIntosh, arrived in the city at 8 a.m. Thursday over the C. P. R. from Ottawa. The party was met by Brig.-Gen. T. D. F. Hemming and Capt. T. A. Kidd, A.D.C., at the station shortly after 9 o'clock and driven by motor to the camp. The saluting base was on the west side of the first parade grounds and at the entrance to the grounds the Duke and Gen. Hemming with their party changed from motor cars to horses. The officers of the overseas draft and the headquarters staff were standing at the rear of the saluting base, and the party rode past them and made a most thorough inspection of each battalion. The Duke, as usual, paid particular attention to men wearing medals, though he expressed his appreciation of the whole brigade.

After the inspection of the overseas units, H. R. H. rode to a place behind the saluting base, where a small body of St. George's Boy Scouts were drawn up. The Duke asked many questions, and was pleased with this mark of patriotism by these boys.

At the conclusion of the inspection the Duke took a stand by the saluting base and reviewed the battalions as they marched past in column of companies. The music was by the 155th Battalion band. Col. G. Hunter Ogilvie was in command of the troops.

Address of H. R. H.

His Royal Highness addressed the officers of the battalions and camp staff as follows: "Gentlemen, I am more than pleased that I came here to make my last inspection before leaving Canada. I am pleased with the opportunity of seeing the regiments on the parade ground, and while my inspection, of course, has been only while you were on parade, I feel sure that you have profited by the several months spent at Barriefield and by the instruction given.

"I was particularly struck with the splendid physique of the Army Service Corps and Queen's Field Ambulance men. I understand that these units are shortly to proceed overseas. I hope that you have learned as much as possible in the time you have been here and have paid particular attention to that all-important matter of discipline. One must recognize discipline as vitally important and essential. Those very successful advances that we have been making on the western front have been due to discipline. No greater cause of failure is there than a lack of discipline in troops. In referring to our Canadian troops they say over there to please send troops who have been thoroughly disciplined.

"Personally I believe it is very much, and know the advantages. In a pinch the men who follow officers anywhere and implicitly obey every command without question, are those who have been properly disciplined. "On my last inspection before leaving Canada I must say that I am particularly grateful for the splendid visit I have had here. I speak not only regarding my official position but personally.

"I know that you, all of you, have sacrificed good positions and professional prospects to serve your country. Canada and the whole Empire appreciate your sacrifice. "I sincerely hope that I will have the pleasure of meeting you in England and France, and that you will be here only a short time before having the opportunity of going across the sea. If the wind was not quite so strong I would particularly like to have the men join in cheers for the King, but I will call for three cheers for the King."

After the cheers for the King, Brig.-Gen. T. D. F. Hemming, G. O.C., then called for three cheers for His Royal Highness, and these were also given lustily.

The Duke was then introduced to the mounted officers and to those commanding units.

After the review the inspecting party rode through the camp lines, and at noon took lunch at the camp headquarters mess.

Visited Convalescent Homes.

Before going to the Royal Military College on Thursday afternoon the Duke of Gonnought was driven

around the city in Brig.-Gen. Hemming's car and was shown the points of interest. H.R.H. visited the comfortable homes and was pleased with them. He chatted with a number of the returned soldiers.

THE DUKE OF CONNAUGHT Who inspected the troops at Barriefield Camp Thursday morning.

CANADIANS ESCAPED.

(Special to the Whig.) London, Sept. 21.—Three Western Canadian soldiers, given up as dead, have made their escape from prison in Germany and have arrived here.

COMB OUT THE ELIGIBLE

FROM EXEMPTED OCCUPATIONS IN GREAT BRITAIN

The British Army Must Be Increased By Every Available Man—Compulsion for Ireland Suggested.

London, Sept. 21.—The application of conscription to Ireland is suggested by the Daily Mail in an article calling attention to the urgent necessity for obtaining more men for the army—a problem which, it says, has engaged the full-attention of the government. The newspaper suggests two other methods for ridding to the army, namely, the raising of the age limit from 41 to 45 years and the coming out of the young men from exempted occupations, of whom it estimates there are 1,250,000 physically fit who have not yet been drafted into the army.

Little Nickel is Going to Britain

Great Bulk Absorbed by United States, Ottawa Figures Show.

Ottawa, Sept. 21.—Somewhat startling are the figures showing Canada's exports of nickel for the fiscal year ended in June last, as shown in a government report made public today. In the twelve months Canada exported \$6,180,928 worth of nickel to the United States, while only \$1,659,012 worth went to Great Britain. There is an increase in nickel exports of nearly \$2,500,000 over the previous fiscal year.

Man Power Distributing Board Appointed For That Purpose.

London, Sept. 21.—Announcement was made today of the appointment of a committee for obtaining more men for the army by the coming out of young men from exempted occupations. This committee, which has been named the Man Power Distribution Board, has as its chairman J. Austen Chamberlain, Secretary for India, and some labor members of the House of Commons.

Rebuild Noronic.

St. Ignace, Mich., Sept. 21.—The burned and stranded bulk of the Northern Navigation Company's steamer Noronic, now lying in Georgian Bay, has been purchased by William Schlosser of Milwaukee. She will be towed to Milwaukee and given a rebuilding.

Capt. Henderson Killed.

(Special to the Whig) London, Sept. 21.—Capt. Henderson, son of Arthur Henderson, labor leader in the House of Commons, has been killed in action.

ARE IN DEMAND.

Ottawa, Sept. 21.—The aviation wing of the Royal Naval Service wants more Canadian aviators. They would be enlisted through the department at Ottawa. So far 285 Canadians have gone over to be flyers, but 250 is the number desired.

There were more street car strike riots in New York Wednesday night.

A dramatic plot was nipped. The moratorium in France is extended for three months.

ADVANCE MADE OF THREE MILES

On the Allied Left Wing in the Balkans Towards Hill 1550.

FRENCH ARE SUCCESSFUL

IN TWO ATTACKS ON GERMANS NORTHEAST OF VERDUN. Take Two Trenches and Also Advance in Vaux Chapitre Wood—No New German Counter-Attacks on Somme Front.

(Special to the Whig) Paris, Sept. 21.—French troops made two successful attacks on the German lines northeast of Verdun last night, capturing two trenches and 100 prisoners south of Thiaumont and advancing 100 yards in Vaux Chapitre Wood. The Germans made no new counter-attacks on the Somme front, bad weather hindering operations. In the Argonne a German attack near Four de Paris failed.

French forces operating on the Allied left wing in the Balkans have advanced nearly three miles toward Hill 1550, taking fifty prisoners. The French gain was made northwest of Monastir near the frontier. The Bulgarians are delivering the most vicious counter-attacks against the advancing Serbs. At one stage of the battle the Bulgarian troops entered the village of Boreanska, but were finally driven out by the Serbs in violent fighting.

East of the Crna River the Bulgarians made a strong counter-attack against Kamakchian Mountain, captured by the Serbs early this week, but were driven off.

War Tidings.

The British Government has formally expressed regret for stopping, within the three mile limit, of the liner Cebu by a British destroyer. Germany will pay indemnity for all the American lives lost on the Lusitania.

British munition ministry announced seven killed and seventy two injured in the recent munition plant explosion.

The Greek Premier's ultimatum, expiring September 22nd, to Bulgaria, demands the return of ammunition and troops captured at Kavala.

DRIVE THE BULGARIANS.

Greece Awaits the Reply of Germany to Ultimatum.

(Special to the Whig) Athens, Sept. 21.—The Serbians continue to drive the Bulgarians into the interior. The Bulgar-Germans appear to be firmly held in the Dobrudja. Greece awaits Germany's reply to its ultimatum, which expires tonight.

Germany Will Expel Italian.

Berne, Sept. 21.—It is reported from the German frontier that the German Government intends to expel 10,000 Italians in reprisal for the treatment of Germans in Italy. The Italians will be sent out of Germany on special trains by way of Switzerland. They include many women, children and old men of the poorer classes.

Adopt Conscription Referendum.

(Special to the Whig) Melbourne, Sept. 21.—The Australian House of Representatives today adopted a referendum on conscription by a vote of 47 to 12.

WON OR LOST IN EAST.

London, Sept. 21.—Military experts generally look for a concentration of the Teyton efforts in the east, even at the cost of being forced into a withdrawal on the western front. Hindenburg has repeatedly asserted with emphasis that "the war will be won or lost in the east." The removal of the general headquarters as reported by the Sueddeutsche Zeitung, comes upon the heels of Hindenburg's return from a personal inspection of the western front.

Last week despatches from Holland reported important German troop movements from the western to the eastern front.

Recent Chief of the German Staff who in a letter to his officers declared "A dramatic plot was nipped. The moratorium in France is extended for three months."

PANIC AMONG THE AUSTRIANS

Preparations Made to Evacuate Trieste and Province of Trentino.

Milan, Sept. 21.—London Daily Telegraph despatch.—Something like a panic has been caused among the Austrian functionaries at Trent by the steady Italian advance in the Plummee Valley. On the day that Monte Cauroli was captured the Italian residents remaining in Trent were ordered to leave. A certain number of them were interned. Churches and public buildings were despoiled of all works of art. The Austrians seemed prepared to evacuate Trentino altogether. The residents are now sending all private property that can be moved to the north and the military authorities encourage the civilians to depart. The Italian inhabitants of Botzen were also ordered to leave or were sent to concentration camps. Religious pictures, statues and other works of art in Botzen, Riva, Rovereto and Trent were sent to Vienna or Innsbruck.

SIR THOMAS HAPPY.

Ottawa, September 21.—Sir Thomas White is wearing a broad smile now since the new war loan is an assured success. With the contribution of fifty million dollars from the banks, and the hundred million is certain to run anywhere from one hundred and fifty to two hundred million. It is very doubtful whether the banks will get a slice of the loan, as their subscriptions will only be used if the general public have not taken on the one hundred million dollars.

LIEUT. H. C. STUART KILLED IN ACTION

Eldest Son of the Late Rev. H. C. Stuart, Rector of Three Rivers, Que.

Three Rivers, Que., Sept. 21.—Lieut. Harry Cuthbert Stuart, eldest son of the late Rev. H. Coleridge Stuart, former rector of the Anglican church here, was killed at the front on the 9th September.

He enlisted in the first days of the war, crossing over with the first division, 2nd Battalion under Brigadier-General Watson. He won the Distinguished Conduct Medal on the 12th of June was given a commission for bravery in action. Lieut. Stuart was twenty-eight years of age. He was an old Bishop's College school boy. His only brother, Captain Kenneth Stuart, is also at the front.

GERMAN AMMUNITION SUPPLY DWINDLING.

London, Sept. 21.—General Von Falkenhayn, until recently chief of the German general staff, directed a letter to his officers declaring that the war-ages of guns during the recent months had exceeded their production, and also that ammunition supplies were dwindling rapidly. General Haig reported to the War Office yesterday afternoon.

SERVING THEIR COUNTRY

FATHER, HUSBAND, SIX BROTHERS AND OTHERS Are in the Service of the King—Two of the Brothers Have Made the Supreme Sacrifice—Were Slain at the Somme After Fifteen Months in Action.

To have her father, her husband, six brothers and three brothers-in-law, besides many more distant relatives serving their country in this crucial time is a record of which Mrs. A. E. Pipe, 33 Pine street, may be justly proud.

Mrs. Pipe's father, William Churchill, has seen many years' service in the King's army, and his service in India. At the present time he is in the Army Service Corps in England. Her husband, Pte. Albert Edward Pipe, is in the Army Service Corps in this city. Previous to this he enlisted in the 21st Battalion, but while in uniform in the 21st Battalion he had the misfortune to break his leg, and was laid-up for several months.

Of Mrs. Pipe's six brothers in the service, two have been killed. Word reached her on Saturday that they had died together on the Somme battlefield. The two lads, for they were only nineteen and seventeen years respectively, were Ptes. Albert Edward Churchill and Ernest Arthur Churchill. They enlisted in the Rifle Brigade in England together, and after seeing fifteen months' service they died together in the recent offensive at the Somme.

There is also Pte. Thomas Churchill, who has a wonderful record. For fifteen years he was in the service, and enlisted for the front at the beginning of the war. He was at the front doing his duty with the Royal Fusiliers for eighteen months, during which time he was wounded six times. He is now in India in charge of a station hospital.

Sergeant-Major George Churchill, of the 4th Middlesex Regiment, was in the terrific battle of Mons and was wounded twice. He is now engaged in recruiting work in London.

Seaman William Churchill, another brother, is a first-class gunner on H. M. S. Monarch, 2nd Battle Squadron, and besides being in the recent Jutland sea battle, he was wounded while doing service in the Dardanelles.

Driver Sydney Harold Churchill, who is only sixteen years of age, is in the Army Service Corps, and is undergoing training in England in preparation for service at the front. The three brothers-in-law of Mrs. Pipe who are in uniform are Ptes. John Day, Royal Highlanders, wounded once; Royal Frank Green, in the Army Service Corps, since the war started, and Sub-Lieut. Harry Harvey, of the Royal Flying Corps.

Ten Nephews Fighting.

Cornwall, Sept. 21.—Dr. C. J. Hamilton has received word that his nephew, Pte. Morgan Horace Cayley Hamilton, son of the late W. Cayley Hamilton, K.C., Regina, Sask., died on Sept. 7th as a result of wounds received in action at the front in France. The young man, who was nineteen years of age, went with his brother, Reggie Hamilton, in May, 1916, with the 1st Battalion to reinforce the Princess Patricia's. He was wounded twice in France, and returned to England with his brother, who was also wounded, and both returned to the trenches about six weeks ago. Cayley Hamilton was a Corporal, and, this time mortally, and died in the field ambulance. Dr. Hamilton has no less than ten nephews at the front, as well as his son, Lieut. C. D. Hamilton, who left Cornwall to join the Royal Army Medical Corps. Not many families can claim a larger representation in the trenches.
