Lowery's blacksmith shop at Acetylite was destroyed by fire on Sunday. The large frame storehouse adjoining was also consumed by the flames.

Messrs. James and Clarence King, Prescott, have purchased the well known butcher business for so many years carried on by their father, James W. King.

OPENING DAY WAS A SUCCESS

(Continued from page 1.) and provided plenty of enjoyment for three hours.

Military Exhibitions.
 The first number was a splendid exhibition of physical drill by a body of men from the physical training and bayonet fighting school at Barrieffield, who were under the command of Lieut. Bews, instructor. Later in the afternoon these same men did some realistic bayonet fighting, using the same yell that has struck terror into the heart of many a Hun on the battlefield. The soldiers were loudly applauded for their excellent performances.

Horse Races.
 The horse races proved to be most interesting, the contestants being pretty well bunched during the greater part of each heat. There were two events—a race for green horses that had never started for public money and the 2.25 class. The purse for the first event was \$75, and for the second \$120. The results were as follows:

| Green Race | | | |
|-----------------------------------|---|---|---|
| Bingare (Dr. Benson, Napanee.) | 1 | 1 | 1 |
| Londino (R. Polk, Kingston.) | 2 | 2 | 2 |
| Nellie B. (B. McKane, Kingston.) | 3 | 3 | 3 |
| Elsie M. (D. J. Mangar, Napanee.) | 4 | 4 | 4 |
| Best time, 2.59 1/2. | | | |

| 2.25 Race | | | |
|---|---|---|---|
| Steve Ayers (C. W. T. Muller, Collingwood.) | 1 | 1 | 1 |
| Forest Boy (W. J. Gibson, Gananoque.) | 2 | 2 | 2 |
| Frank R. (E. J. Metcalfe, Kingston.) | 3 | 3 | 3 |
| Gypsy Alcove (F. Steblin, Cape Vincent.) | 4 | 4 | 4 |
| Time, 2.24 1/2, 2.25 3/4, 2.23. | | | |

The officials of the races were: Starter, J. L. Boyce, Napanee; Judges, A. Rankin, M.P.P.; Dr. G. W. Bell and T. Nicholson; timekeepers, Dr. W. A. McCarthy and W. Murray.

Lengthy Ball Game.

A three-hour ball game was staged between St. Mary's and C.L.C. Juniors, the latter winning by the close score of 15 to 14. The visitors are playing the Wolfe Island Juniors Wednesday afternoon, and the winners of this game will meet the Red Sox Thursday afternoon. The teams participating in the protracted struggle of Tuesday were:

C.L.C.s.—McCarty, c.; Matthews, p.; W. Warner; c.f.; Linton, 1st b.; Reynolds, 3rd b.; T. Warner, 2nd b.; Turgeon, c.f.; Sherman, r.f.; Robinson, s.s.

St. Mary's.—Cummings, c.; Gordier, s.; Blair, 1st b.; Blanger, 1st b.; Rodden, 2nd b.; Flannigan, 3rd b.; Lawless, c.f.; Ledford, r.f.; Fowler, p.

The indicator was handled by H. Orser.

Thrilling Balloon Ascension.

The balloon ascension, with the double parachute drop, was the sensational feature of the day, and it provided plenty of thrills for the spectators. Charles Stewart and Mrs. C. A. Farley, both of Montreal, went up with the balloon. The great inflated bag soared like a bird to high altitude. At the crack of a pistol Mrs. Farley cut loose and shot downward through space. But her parachute soon spread out its wings and she gradually descended. In landing her parachute carried her against a tree, and the side of her arm was scraped.

Plucky woman that she is, she made light of the accident, saying that she had been in worse ones, as, indeed, she has, having once had her leg broken. Shortly after Mrs. Farley began her descent, Mr. Stewart, at a revolver signal, left the balloon. The opening of his parachute soon arrested his rapid journey earthward. In a few seconds, however, he parted company with his parachute, and many of the spectators became horrified, thinking the man was falling to his death. But to their amazement and relief, a second parachute opened up, and they knew that the daring aviator was safe.

Mr. Stewart always carries a reserve of aeroplanes, so that if one fails to work he has others to fall back on. He, too, has had some close calls, and once broke his leg while descending. The double parachute drop is certainly a thriller, and will be repeated Wednesday and Thursday. Mr. C. A. Farley, who is a noted aviator, was booked to make the ascent Wednesday afternoon with his wife.

For those who do not care for the attractions proper there are the exhibits, and hundreds find all the enjoyment they want in studying them. The crystal palace and the building in which the poultry, fruit and vegetables are displayed are continually filled with admiring people.

Khaki in Evidence.

The khaki has a conspicuous part in this fair. In addition to the military exhibitions and music by a military band, there are the military wireless stations, which are sending messages at ten cents per message, the proceeds going to the Red Cross, and a display, in the palace, by the Grenade School, under Lieut. Macnee. Included in the display are a gas helmet, various kinds of hand grenades used by the Allies, also a German grenade, drawings of the different grenades by Sgt. R. E. Hancock, a West spring gun, which was made at Barrieffield Camp, and which is used to hurl grenades, a French catapult for throwing grenades, a five-rifle battery for shooting rifle grenades, and a sample of a trench, made by Sgt. Hancock. It is, indeed, a most instructive display, and is attracting a great deal of attention.

Recruiting officers are busy about the grounds, and hope to pick up some men before the fair is over.

A Rich, Valuable Display.

The display of furs by George Mills & Co. attracts, as always, has much deserved attention at the fair. Their large grizzly bear and mechanical lion are surrounded by

Jewish New Year.

The year 5677 of the Jewish calendar will begin at sundown to-night. The celebration is followed by nine days of religious observances, which end on the day of the Atonement, October 7th.

Special services will be held in the Kingston Synagogue.

St. Mary's New Organist.

Lucien Nourry, Brockville, has been appointed organist of St. Mary's cathedral, succeeding Professor Paul Denys who is retiring owing to the condition of his health. Mr. Nourry is a native of France and for three years was with the Franciscan Fathers in London, England.

Bowling Results.

In the doubles competition in bowling, R. S. Graham and E. Green, on Monday night, defeated W. H. Montgomery and William King, Jr., and on Tuesday night they trimmed Prof. Matheson and J. Jamieson.

Are The Four Fruits Used In Making "Fruit-a-tives"

"FRUIT-A-TIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I won't take Fruit-a-tives because I have tried other remedies and they did me no good". On the other hand, the fact that "Fruit-a-tives" is entirely different from any other preparation in the world, is just why you should give it a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin. "Fruit-a-tives", is composed of the active principle of fruit and the greatest nerve tonic ever discovered. 50c. a box, 6 for \$2.50, trial size, 25c. At all dealers or sent postpaid by Fruit-a-tives Limited, Ottawa.

QUEEN'S UNIVERSITY OPENS

A LARGE ATTENDANCE OF STUDENTS IS EXPECTED

Medically Unit, Under Age and Lady Students Will Make Quite a Company On the Old Ontario Strand.

The seventy-sixth session of Queen's University opened on Wednesday morning with a good attendance of students in the various faculties, considering that so many Queen's men have gone to war and are preparing to go.

The call for medical practitioners to serve their country in this time of crisis and unexpected developments has gone throughout the country and the medical college is expecting a large number of freshmen.

The registration in the faculty of applied science is expected to be as large as last year, and there may possibly be a number more students.

Arts and Education will be well filled. Although several hundred students have gone to the front, many who are below the age limit, medically unfit, or for other reasons unable to go to the war, will be in attendance, and the ladies are expected in great numbers. The faculty of education is expecting a large number of lady students to qualify for teachers, and this is one of the most successful faculties in the University.

Altogether the outlook is most bright and everyone is determined to make this present session the brightest yet.

HAS PIECE OF A ZEPPELIN WHICH HE SAW BROUGHT DOWN AT SALONIKA.

Capt. W. A. Smith Home on Leave, Suffering From Rheumatism—Served in France and at Salonika With Royal Army Medical Corps.

William A. Smith, son of Mr. and Mrs. John Smith, University avenue, who has done medical service in France and at Salonika with the Royal Army Medical Corps, is home on three months' sick leave. He is suffering from rheumatism. Capt. Smith went to England early in July, 1915, and soon after joining the R. A. M. C. he was sent to France. Early in the fall he was transferred to Salonika where he remained until about the first of July when he went back to England. Here he transferred to the Canadian Army Medical Corps, but became incapacitated.

The opinion of officers of high rank was that this coming Christmas was the last that the soldiers would have to spend in the trenches, Capt. Smith said.

A souvenir that Capt. Smith brought home is a piece of tempered aluminum from the framework of the German Zeppelin which was brought down by the Allies at Salonika in May last, and which he saw fall.

At Salonika he met Mrs. H. Driver of Kingston, who is a nursing sister with the Toronto University Hospital Corps.

One of the hardest things to accomplish at Salonika during the winter was to keep warm. Charcoal cost \$3 a bag, which contained enough to last six days. To keep buying charcoal would "break" an officer.

Removed to His Home.

Edward Stanford, who suffered the fracture of a leg when he fell off a scaffolding in the Utilities storehouse several weeks ago, was removed to his home, 17 Patrick street, on Monday, in James Reid's motor ambulance from the Hotel Dieu. It was erroneously stated that Thomas Stanford had gone from the hospital.
