Leghorns, S. C., white, Cock, R.

Good Old Home-Made Family Cough Remedy

Much Better than the Ready-Made Kind—Easily and Cheaply Prepared.

If you combined the curative properties of every known "ready-made" cough remedy, you would hardly have in them all the curative power that lies in this simple "home-made" cough syrup which takes only a few minutes to prepare.

Get from any druggist 2 1/2 ounces of Pinex (50 cents worth), pour it into a 16-oz. bottle and fill the bottle with plain granulated sugar syrup. The total cost is about 25 cents and gives you 16 ounces of really better cough syrup than you could buy ready-made for \$2.50. Taste pleasant and never spoils.

This Pinex and sugar syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes that line the throat, chest and bronchial tubes, so gently and easily that it is really astonishing. A day's use will usually overcome the ordinary cough and for bronchitis, croup, whooping cough and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, combined with guaiacal and has been used for generations to break up severe coughs.

To avoid disappointment, be sure to ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. A guarantee of absolute satisfaction or money promptly refunded, goes with this preparation. The Pinex Co., Toronto, Ont.

James Henderson, G. H. Wilmot, W. J. Smythe.
Horses.
Heavy draft stallion, pure bred, John Allaire, mare 3 years or over, James Henderson, James Henderson, G. H. Wilmot. Mare foaled in 1914, Colin Rogers. Mare foaled in 1915, James Henderson, Colin Rogers.

(To be continued).

LEAGUES HELD FINE RALLY
METHODIST SOCIETIES GATHERED IN QUEEN STREET S.S. HALL.
Attendance Was Large and Programme Very Interesting—Rev. Dr. White, of British Columbia, Gave Entertaining Illustrated Lecture.

The Epworth Leagues of the four Methodist churches of the city held a successful rally in Queen Street Sunday school hall Monday night. The attendance was large and enthusiastic, and the programme was an excellent one. The chair was occupied most capably by Rev. G. S. Clendinning. The meeting opened with the singing of a hymn, after which Rev. Alfred Brown led in prayer. Miss Goldie Bartells, one of Kingston's brilliant young musicians, gave an exquisite violin solo. A quartette composed of Messrs. Joe Hodge, Marshall, A. Pettigrew and E. Pagan, rendered, by request, "I Found a Friend," their voices blending beautifully. Three selections from the "Messiah," as sung by leading artists, was reproduced on a splendid New Edison phonograph kindly provided by C. E. Taylor, of T. F. Harrison Co.

Dr. White's Lecture.
Rev. Dr. White, superintendent of Methodist missions in British Columbia, gave an instructive and entertaining lecture, and by means of many superior slides took his audience from Vancouver to Dawson, in the Yukon, stopping at many interesting towns on the way. The scenery disclosed was magnificent, and it was not surprising to learn that the tourist trade along the Alaska coast this past summer was the heaviest in history. In the forenoon two steamers were sufficient, but this summer five were required, and all were loaded all the time. The increase in traffic was partly due to the fact that many Americans who usually went to Europe took a trip to the far north instead.

The pictures showed the different methods of gathering in the harvest of gold, from an aged man with a tin pan to a monster dredge capable of removing 14,000 yards of gold-field gravel every twenty-four hours, and which can be operated by only four men.

Some of the slides revealed the agricultural possibilities of the Yukon. Collections of well-developed vegetable and of luscious grains were put on the screen, and the lecturer declared there was no reason why farming could not be made a profitable industry, provided the farmer made his methods conform to the soil and the climate.

Missionary Givings Increase.
Dr. White, in opening his lecture, pointed out with pride that despite the great sacrifices which the war had entailed, the people of the Me-

STEAACY'S

SAVE YOUR HAIR AND BEAUTIFY IT WITH "DANDERINE"

Spend 25 Cents! Dandruff Disappears and Hair Stops Coming Out.

Try This! Hair Gets Beautiful, Wavy and Thick in Few Moments.

If you care for heavy hair, that glistens, with beauty and is radiant with life; has an incomparable softness and is fluffy and lustrous, try Danderine.

Just one application doubles the beauty of your hair, besides it immediately dissolves every particle of dandruff; you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its very life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots fall out, loosen and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy, or too oily, get a 25-cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised, that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no falling hair—you must use Knowlton's Danderine. If eventually—why not now?

thodist church in Canada had contributed more for missions than ever before, the givings this year being \$30,000 in excess of what they were last year. The increase in revenue was opportune, for there had never been a time when the world needed the Gospel as much as it did now. There was hardly a home in Canada where a prayer for the boys at the front did not bring forth tears from some eye. The world stood in great need of spiritual consolation.

On the motion of Rev. H. E. Curry and C. A. Reynolds, a hearty vote of thanks was extended to the lecturer, who, in replying, mentioned that he was using the lantern which T. F. Harrison presented him with some years ago. The lantern had been in constant use in different parts of Canada, and had accomplished much good.
