## Save Your Wife's Wages

If you can't save your own wages, why not save your wife's?

The London Life Insurance Company Handeth One To the Thoughtless Man.

But perhaps you don't pay her wages. You simply give her a home and the right of working for you and the children. Do you think that is right?

If she is satisfied with a home, as her share in your marriage partnership, the least you can do is to see that her wages shall be paid even if you should die. She surely has a right to enough to keep a roof over her head.

By putting on a Life Insurance Policy, payable to her, you are doing the very best you should do towards paying your wife's wages. Send us your name and address and we will tell you how to pay her wages with a policy "Good as Gold."

A sad accident occurred at Inker-man on Monday, resulting in the death of one of the good citizens of the place. John Hutt was engaged in drawing gravel from the gravel pit near Knight's burying ground.

"Give us the man who sings at his work," says Carlyle. Yes, verily! deliver him into our hands and we'll do the rest. When a woman hasn't any more to say she is willing to let a man talk.
