A Message To Thin Weak Scrawny Folks

An Easy Way to Gain 10 to 30 lbs. of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are heard to say, "I can't understand why I do not get fat. I eat plenty of good, nourishing food. The reason is just this: You cannot get fat, no matter how much you eat, unless your digestive organs assimilate the fat-making elements of your food instead of passing them out through the body as waste."

THOUSANDS OF SICK WOMEN

Helped Every Year by Common Sense Suggestions Given Free by The Lydia E. Pinkham Medicine Co.

For forty years women suffering from all kinds of female ills have been writing the Lydia E. Pinkham Medicine Co. of Lynn, Mass., for advice.

Thus they receive common sense suggestions drawn from a vast volume of experience, and thousands of sick women have been saved from untold suffering, as letters like the following clearly show:—

Newark, Ohio.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your Sanative Wash is just the thing to overcome female weakness. I have told young mothers as well as older ones about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time."

Some people are never satisfied unless they can butt into the game.
