An Unfailing Way To Banish Hairs

(Beauty Notes)

Ugly hairy growths can be removed in the privacy of your own home if you get a small original package of delatone and mix into a paste enough of the powder and water to cover the hairy surface. This should be left on the skin about 2 minutes, then remove and the skin washed and every trace of hair will have vanished. No harm or inconvenience can result from this treatment, but be sure you buy real delatone.

Present Theoretical Value Compares With 600 Before Dissolution.

Standard Oil of New Jersey sold Wednesday at \$50 a share, which represented a value without subsidiaries almost as high as was placed on it with ownership of all subsidiary companies, just before dissolution.
