GEN. T. D. R. HEMMING  
OFFICER COMMANDING

Russ H. Batley

### THE FINAL EXAMINATION HAVE SOME GOOD MEN

MAKES IT EMBARRASSING FOR THOSE WHO ARE DISCHARGED

It Causes Loss Of Good Positions, and Leaves Band Of "Unfit" On Good Citizens—Large Batch Of Disappointed Men.

The Whig has been asked on several occasions what circumstances can justify men being trained as soldiers for months and then discharged. The answer given officially is that they are medically unfit, but no answer is made to the suggestion that the unpleasant action should have been taken at the time of enlistment.

There are to-day, at Barriefield Camp, and on leave in the city, probably 200 men who for over three months were under the impression that they could go overseas. After three (in many cases more) months, a medical board decided that they were not fit. During the time that the men were allowed to drill as a member of an overseas unit, many closed their places of business, resigned their positions, and successors were appointed. The final medical board puts them into a most unpleasant position. Their friends, who for months, saw them as soldiers, find that they have been branded as medically unfit. After many inquiries, on the part of the men themselves, the whole question comes to the case of whether or not sufficient primary precautions are taken. Every recruit should be made to pass his final medical examination, before putting on the uniform. This would end what has so far proved to result in very embarrassing positions for some of our best citizens.

F. Mains, Y.M.C.A. staff, sang very acceptably at Princess street church on Sunday morning.

### IN "C" BATTERY, R.C.H.A. AT TETE DE PONT BARRACKS

Kitchener Resident is a Thorough Britisher and Threw up the Chance Of A Commission.

The officers in command of "C" Battery, Royal Canadian Horse Artillery, had one man last week who was a resident of the city, and one who realized the wonderful opportunities that this battery offered to would-be recruits. The man unfortunately was not able to pass the severe medical examination, and had to be rejected. Among the men who recently joined was J. J. McRobie, a veteran of the West Mounted Rifles, of Montreal. T. W. Linforth was for nine months in the South African Constabulary, but before enlisting at Toronto, was working on munitions. Though having a German sounding name, and a former resident of Kitchener, there is no truer Britisher than G. V. Kuehner, who enlisted a few days ago. He refused a commission, for which he was qualified, in the infantry, to enlist as a gunner in "C" Battery, R.C.H.A. J. A. LeClair is a French-Canadian, one of very few who have enlisted in this branch of the service and is therefore, given a more than usual welcome at Tete de Pont Barracks.

Among the other men who have donned the khaki of Kingston's famous old permanent force are D. E. Catto, P. J. Healy, J. H. Tucker, A. J. Grant, A. Jenner, H. K. Daney, G. R. Naylor, A. F. Huckle, D. A. Hall, G. T. Muir and D. G. Smith. Lieut. Scott, 5 F.C.C.E. had a science class of Queen's students at the camp on Saturday for practical instruction in road building.

NOW IT'S A FOUR LEGGED RACE.

A gymkhana was held at Eastbourne, England, in aid of the recreation funds of the Summerdown Convalescent Military Hospital. There were various sports, including a four legged race, which was one leg more than usual to most of the Canadians present.

### To Report For Duty.

Lieut. G. A. Flavelle, Lindsay, son of J. D. Flavelle, chairman of the Ontario License Board and Lieut. R. W. Smith, Ottawa, who have been qualifying for mechanical transport at Ottawa, have been ordered to report for duty at Barriefield camp with the Army Service Corps under Major J. Hamilton.

### Ex-Mayor To Recruit.

The Ottawa Citizen Says: It is understood that ex-Mayor Charles Hopewell is to be appointed a recruiting officer in the Kingston-Ottawa military district. Toronto as a recruiting centre for "C" Battery, R.C.H.A., is picking up.

### COURSE IN EQUITATION THE SCHOOL OF COOKERY TO CLOSE BLIND PIGS

OFFICERS ARE HIGHLY QUALIFIED BY EFFICIENT INSTRUCTOR

Examinations Showed Sergt-Major Bramah's Ability as Instructor In Horse Management.

The result of the course in equitation, recently conducted for some of the officers of the units at Barriefield, reflect the greatest credit on Sergt-Major Inst. Bramah, of the R.C.H.A. who was instructor in the work. The course was held at the Riding School, on Bagot street, and the results showed that in spite of the fact that green horses were in use, the officers did splendidly.

On Friday morning, Lieut.-Col. W. J. Brown, G.S.O., and Major J. Hamilton, A.D. of S. and T., and Lieut. Grange, A.S.C., conducted the examinations, and were more than pleased with the well-known instructors' work. Although horse-riding is not essential for the present kind of warfare, there is a great amount of it to be done by the senior officers, while discharging their duties and for this reason a course in equitation is very necessary.

### Big Week At Y.M.C.A.

This is the big week at the Military Y.M.C.A., with a splendid concert and entertainment every evening. On Monday evening, a special programme was carried out, on Tuesday, Bishop Hildwell is expected on Wednesday, Miss Nesbitt, of Brock street, is arranging a programme, on Thursday, Bishop Farthing may be present, and on Friday there will be an innovation, in the shape of an "At Home" for the soldiers.

W. H. Widger, Sherbrooke, for two years in the 53rd Regiment, has enlisted in "C" Battery, R.C.H.A.

### A NEW COURSE WAS STARTED AT THE CAMP ON MONDAY

Major J. Hamilton Is the Commandant—Will Carry Out Practical Field Work.

On Monday, a School of Cookery was started at the camp, with Major J. Hamilton, A.D. of S. and T. as commandant, as the work is under the direction of the Army Service Corps. The adjutant is Lieut. Keith Lennox, and the instructors are Sergt-Major Inst. Rolfe and Sergt-Major Inst. Brown.

It has been decided that for this course there will be no ranges or stoves of any kind used. The school work will be carried out according to the methods that have proven their worth in the field. In such work, when carried out according to the instructions given at the school, it is possible for 120 men to have sufficient to eat from 100 rations. There is no waste and no "left-overs."

As far as possible the school will be conducted in such a way that the men will be able to return to their units thoroughly qualified in all branches of the culinary art for soldiers on active service.

### MILITARY AUTHORITIES ARE WATCHING SUSPECTED CASES

There Is Practically No Drunkenness At the Camp—Officers Will Be Heavily Fined.

It is understood that the military authorities have more "blind-pigs" in the city under observation, and as soon as conclusive evidence is secured, there will be some more 4200 fines handed out by the magistrates.

The letter from headquarters, which appeared in orders a few days ago, should be of great assistance in this matter. The letter shows that the Civil courts have power to detain a person found under the influence of liquor until he declares where he obtained it. All cases therefore, which now come before the commanding officers are turned over to the civil powers for investigation.

Fortunately, there is little drunkenness among the soldiers here and the same has been true all summer, but there are always a few who indulge, and in such cases those who are responsible are to be made pay the costs for their fun.

### SIR WILFRID LAURIER AT HIS HIGHEST

From his speech in Montreal.

"If there are people who say we should not fight for England, I say that we live under British institutions. We are a free country, and we must always fight for our country. I go further; there are people who say we will not fight for England; will you then fight for France? Ah, gentlemen remember that it is not on England that Germany throws her forces, it is on France and Belgium. If England had refused to give her aid, those who say we should not fight for England would be the first to accuse England.

"Gentlemen, for my part, I want to fight for England, and also France. To those who do not want to fight for England or for France, I say: Will you fight for yourselves? (Applause.)

plause.) This was that has been going on for the past two years in the war of barbarity against civilization. This war interests all nations, even the neutrals; of Germany were to succeed, sooner or later those neutral nations would have to defend themselves against German aggression. Germany wanted to crush France, to annex Belgium and take dominion from the North Sea to the Balkans as far as Arabia, and then she would dictate to the world.

"Now, I speak to you, of French origin; if I were young like you, and had the same health in my youth that I enjoy to-day, I would join these brave Canadians fighting to-day for the liberation of French territory. (Applause.) I would not have it said that the French-Canadian do less for the liberation of France than the citizens of British origin. I ask this, that for the honor of the French name, it may not be said that the Canadians of French origin have less courage than those of British origin."

entation to create a party unit. A Parliament of factions is not ideal, but it may be necessary to surmount the present inefficiency of party government.

### EARLY ELECTION NOW EXPECTED

Toronto Globe. It is alleged that the present intention of the Prime Minister is to suggest another year's extension on

### Adds to the Joy of Living

It isn't alone the deliciously sweet nut-like taste of GRAPE-NUTS that has made the food famous, though taste makes first appeal, and goes a long way.

But with the restful flavor there is in GRAPE-NUTS the entire nutriment of finest wheat and barley. And this includes the rich, mineral elements of the grain, necessary for vigorous health — the greatest joy of life.

Every table should have its daily ration of

### Grape-Nuts

"There's a Reason" Canadian Postum Cereal Co., Ltd. Windsor, Ont.

the plea that the exigencies of the war still demand it. Opinion in the country generally and opinion among the Liberal leaders seems to be against another reprieve. But since the action of the Government last session in asking for the extension was tantamount to giving a pledge that another session would be held, and since it is thought that it would now be better to place the onus for an election on the Liberals, it is the present intention of the Government to meet Parliament again and ask for an extension. If it is not granted, as seems likely, estimates will be brought down interim, supply passed, and a legislative programme will be introduced. Then before the Public Accounts Committee meets or the Opposition has had much opportunity for criticism an excuse for dissolution will be found and the long-deferred plunge will be taken. Dissolution in March and an election in April or May is the political forecast in circles here supposedly best acquainted with the Government's habits of thought.

### SCHOOL WORTH \$9 A DAY.

That is the Estimate Made by a Widely-Known Educator.

"Every day spent in school the children earn \$9."

This statement was made by the Wisconsin State Superintendent, C. P. Cary, who bases his estimate on the official records of the Bureau of Education at Washington. Here is what he offers as proof of the statement:

"Uneducated laborers earn on the average of \$500 a year for 40 years, a total of \$20,000.

"High school graduates earn on an average \$1,000 a year for 40 years, a total of \$40,000.

"This education requires twelve years of school of 180 days each, a total of 2,160 days. If 2,160 days at school add \$20,000 to the income for life, then each day at school adds \$9.02."

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. A copy will be sent to anyone sending fifty cents in stamps, to pay the cost of wrapping and mailing only, to Dr. Pierce, Buffalo, N. Y., and get confidential medical advice entirely free.

Yes and no are two words that at times, ought not to be spoken without earnest deliberation.

The "don't quote me" man might inherit a lot of trouble if all of his remarks were quoted.

### "Infamous Work."

La Patrie. During the month of September the English lost on different battle-fronts 119,549 men; they lost 127,945 during the month of August and 95,675 during the month of July.

### "HAD ALMOST GIVEN UP."

Sarnia, Ont.—"About 27 years ago I was taken very bad, my blood, too, was in bad shape. I got so I had to go to bed and I was there for over three months. I could not eat and suffered untold agony. I had three of the best doctors I could get but it just seemed nothing was going to help me. I had almost given up. I thought I would never be any better and was willing to give up and die rather than suffer as I was. A neighbor of mine told me of Dr. Pierce's wonderful remedies and I decided to use them. My husband bought me six bottles of 'Favorite Prescription.' I had not taken it long until I felt better. In less than six weeks I was out of bed, and in less than six months I was cured and have been well ever since. Do all my own work. I have raised three beautiful, two are married and have children. They have used it and they are healthy, so are their children. I am sure it was all on account of my having them use the medicine.

"I keep all of Dr. Pierce's medicines in the house. Have 'Favorite Prescription,' 'Golden Medical Discovery' and 'Santol-Wed'—anything prepared by Dr. Pierce is good. I also have a copy of the People's Common Sense Medical Adviser, which I have had 20 years; it has been very valuable to me."—Mrs. J. Wax, 222 Ontario St., Sarnia, Ont.

If you are a sufferer, if your daughter, mother, sister need help, get Dr. Pierce's Favorite Prescription in liquid or tablet form from any medicine dealer to-day. Then address Dr. Pierce, Invaids' Hotel, Buffalo, N. Y., and get confidential medical advice entirely free.

A most valuable book in any home is Dr. Pierce's Common Sense Medical Adviser. A splendid 1008-page volume, with engravings and colored plates. Dr. Pierce's Pleasant Pellets are the original little liver-pills, first put up nearly 50 years ago.

the first month of the Somme offensive. In three months the losses of the British army amounted, therefore, to 307,169, or almost the total number of the Canadian military forces.

During the same period the Canadian troops were also in the thickest of the battle, and hundreds of our fellow-citizens have fallen each day upon the field of honor.

We have no information on the losses undergone by the French army, but they have certainly been very heavy. Communiqués from Berlin, which are not criteria of truth, have informed us that the losses of the Allies in the Somme offensive are heavier than those of the Austro-Germans.

And it is this moment when the heroic miles of England, France and Canada are intrepidly shedding their blood for the common cause that certain demagogues have chosen for resuming an anti-patriotic agitation and seek with more insistence than ever to point out to the population of our province that we are not concerned in this war, that we owe nothing to England, that all we have to do is to remain peacefully at home and wait for the price of victory, which the Allies are buying at the price of such terrible and painful sacrifices.

"All the monstrous theories cynically enunciated during the early phases of the war by these agitators, conscious or unconscious tools of Germany are once again displayed before our worthy rural population and the inevitable consequence is that a crowd of our fellow-citizens are the dupes of a clever collection of sophistries.

"Will this infamous work be allowed to go on with impunity, while our brave boys in the firing line vainly wait for the reinforcements which would strengthen their spirit and hasten them on to victory?"

The man with only one idea is much more dangerous than the man without any ideas at all.

My friend, better put off the mean miserable act until to-morrow. Do the good one to-day.

The only bar you will run up against on "the other side" will be the bar of judgment.

When you have thoroughly learned to dance to the devil's music you may find yourself a tripple.

Don't take a chance. Order SEAL BRAND COFFEE

In 1/2, 1 and 2 pound cans. Whole—ground—pulverized—also Fine Ground for Percolators. 167

### Washing Won't Rid Head of Dandruff

The only sure way to get rid of dandruff is to dissolve it, then you destroy it entirely. To do this, get about four ounces of ordinary liquid arvon. Apply it at night when retiring, use enough to moisten the scalp and rub it in gently with the finger tips.

Do this to-night, and by morning, most if not all of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop at once, and your hair will be fluffy, lustrous, glossy, silky and soft, and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive and never fails to do the work.

MADE IN CANADA GILLETTS LYE

Use for making hard and soft soap, for softening water, for cleaning, disinfecting and for over 500 other purposes.
