IN THE HALLS OF QUEEN'S

THE FRESHETTES TO BE INITIATED SATURDAY NIGHT.

Prof. McNeill and Falls Assisting Dramatic Club—The Tennis Tournament to Start Shortly.

The science first year students are not the only ones who are forced to make themselves distinguishable as freshmen. They are wearing hats that were out of date a century ago, while the freshettes are wearing little green ribbons on their left arms to demonstrate the fact that they are newcomers to the university halls. The green is significant also.

The initiation of the freshettes is to be held on Saturday night, it is understood. The freshettes have been instructed to come "prepared."

The first meeting of the Dramatic Club was held on Thursday afternoon. The club has a bright outlook, and a number of new members were received. It was decided that a production would be staged this season. The dramatic committee, with Prof. W. E. McNeill and Prof. Falls appointed to report on plays for presentation. It is likely that a modern drama will be chosen.

The final year in medicine is holding a meeting on Friday evening in the new Arts building. A special programme is being arranged. The draw for the tennis tournament was made on Thursday night, and it is expected that the preliminary will be played off very shortly. There are a large number of entries.

Dyspeptics Should Avoid Drugs and Medicines

Try a Little Magnesia Instead
Some people instinctively shut their eyes to danger, and it may be that instinct, or custom or habit causes dyspeptics to take drugs, patent foods and medicines, artificial digestants, etc. But closing the eyes does not banish the danger, and it is certain that neither drugs nor medicines possess the power to destroy the harmful excessive acid in the stomach, which is the underlying cause of most forms of indigestion, dyspepsia. They may give temporary relief, but ever increasing quantities must be taken, and all the time the acid remains in the stomach as dangerous as ever.
Physicians know this and that is why their advice so often to sufferers from digestive and stomach trouble is "just get about an ounce of pure bleached magnesia from your druggist and take a teaspoonful in a little water immediately after every meal. This will instantly neutralize all the harmful acid in the stomach and stop all food fermentation, thus enabling you to enjoy hearty meals without experiencing the least pain or unpleasantness after ward."

Individual Eye Care

No two persons' eyes are exactly alike. Glasses that correct one person's vision will probably injure another's.
Each eye must be examined separately. We prescribe glasses only after the most careful examination with scientific instruments.
Every lens we supply is ground especially for each case in our own factory.
You are assured accuracy and greatest service in refitting your eyes with us. Appointments made for any evening.

TWO HORSES WERE RESCUED

WHEN FIRE BURNED TWO BARNS AT PORTSMOUTH.

A Lively Blaze on Thursday Night, Which Started From Some Unknown Cause—Fire, Chief Armstrong and His Men on the Job.

A fire which broke out from some unknown cause a few minutes after six o'clock on Thursday evening, totally destroyed a barn owned by Frank Burke, butcher, living in Portsmouth. The total loss will amount to about \$1,500, with insurance of \$500.

A barn owned by Warren Sears caught fire, and was partially destroyed. It was partly covered by insurance.
Mr. Burke was home at the time, but he did not know that his barn was on fire until Mrs. Marks, who lives next door, gave the alarm. The villagers turned out and rendered able service, and Chief Armstrong and some of his men were called to the scene, and the combined effort of the firemen and villagers saved what might have been a far more serious blaze.

Mr. Burke managed to get into the barn and save his two horses, but he lost some harness, several storm doors and other things of value stored in the barn. He just had a load of hay put in the barn a few days ago, and this, of course, went up in smoke too.

Between midnight and one o'clock Friday morning fire broke out a second time in the barn of Warren Sears, but it was extinguished in quick order.

Chief Armstrong took out the steamer when he received the call, and the department was able to render good service.

Mr. Burke, in speaking to the Whig, said that he wished to thank the villagers and the firemen for their able assistance, stating that they did very good work in view of the circumstances.
EXPORT OF FELDSPAR.
It Will be Twice What It Was Last Year.
The feldspar industry is booming in Frontenac. Four companies are now exporting the mineral, and a fifth company will shortly be at work. The total value of the feldspar exported from Frontenac will be over \$100,000, or twice as much as last year.

Lieut. Stalker Chosen Captain.
Lieut. Dug Stalker, a former Queen's man and last year middle wing player with the Ottawas in the Interprovincial Union, will lead the 297th team into action against Queen's at Ottawa on Saturday in the first game of the Overseas League, he having been chosen captain. Dug is a good football player and should be an excellent leader.

Gananoque Report Wrong.
The Gananoque Journal in its issue of Thursday states that Major Stewart of the Gananoque battery lost his life in action. Its reference is to Major J. C. Stewart, son of the Kingston postmaster, who was kept busy Friday answering queries and informing people that the Gananoque paper had made a mistake. The Stewart mentioned in the casualty list is not Postmaster Stewart's son.

ST. ANDREW'S CONGREGATION PASSES RESOLUTION

Is Opposed to Attempt "To Disrupt the Present Presbyterian Church in Canada." Appoints Delegates to Attend Anti-Union Convention in Toronto.

This meeting unanimously wishes to express itself most decidedly and distinctly as being opposed to the proposed union and the attempt to disrupt the present Presbyterian church in Canada.
"There is a strong and every widening desire of the members and adherents of the Presbyterian church to maintain the continuity and the identity of the church of our fathers and that this resolution be presented at the proposed convention of the Presbyterian church in Canada to be held in Toronto on 17th, 18th, and 19th October."

The foregoing resolution was passed at a meeting of the congregation of St. Andrew's church, Kingston.
The following delegates were appointed to represent St. Andrew's at the anti-union convention to be held in Toronto:
Miss T. Mowat, Mrs. J. M. Strange, Rev. Mr. Fairlie, Mr. J. B. Halkett, James A. Minnes, Hugh Nickle, A. W. McLean, and W. Gill.

The other Presbyterian churches in the city will not be sending delegates to the Toronto convention, as they have declared themselves in favor of union. Owing, however, to the big adverse vote of St. Andrew's, the Presbyterians of the city are pretty well divided on the question of uniting the Presbyterian, Methodist and Congregational churches of Canada. The total vote of the Presbyterians of the city, as taken some time ago, was: for union, 471; against union, 450. The vote, however, was not a conclusive one, as only about fifty per cent of the available Presbyterian vote was recorded.

In Kingston presbytery the vote was: For union, 1,800; against, 1,400. In the synod of Toronto and Kingston the vote was: for 25,000; against, 21,000. From Lake Superior to Newfoundland, the district covered by the old church the vote was: for 80,000; against, 65,000. From Manitoba west 27,000 voted for union and 8,000 against.

Standard Instrumental Music.
