KINDERGARTEN TEACHERS

ASKED TO BE PLACED UNDER SALARY SCHEDULE.

Board of Education Places on Record Its Appreciation of Patriotic Work of Pupils—Better Sanitary Conditions Urged for Victoria and Central Schools.

At the meeting of the Board of Education on Thursday night the kindergarten teachers asked that they be placed under the same salary schedule as the other teachers of the staff, the change to come into effect in January, 1917. The teachers claimed this consideration as a matter of justice. They pointed out that they had to attend the summer school and qualify for teaching in primary classes. The communication of the teachers was referred to the Management Committee.

The report of Management Committee was presented by the chairman, Trustee Farrell, and that of the Finance Committee by Trustee Craig in the absence of the chairman, Trustee Anglin, and both were adopted. The Management Committee recommended the following:

"That the tender of Thomas McAuley for pupils' supplies for the year 1917, being the lowest, be accepted. The figures are \$1,695.90. "That a supply of alphabetical cards for use in the primary classes be procured, as recommended by the Inspector. "Your committee desire to place on record its appreciation of what has been done in a patriotic way by the pupils of the Collegiate Institute and the Public Schools. The former organized an Edith Cavell Club, the object of which was to raise funds for hospital work. No less than eight beds have been supplied, and generous grants made to other departments of the work. The pupils of the Public Schools contributed \$1,085 in eight months for Red Cross and Trafalgar Day purposes, \$914 for the former and \$171 for the latter. The good works still going on under the superintendency of the teachers, all of whom have manifested active interest in the matter since its inception. "The Finance Committee recommended the payment of a large batch of accounts.

To Help Prisoners.

Robert Meek wrote, stating that United States Consul Johnson had informed him that citizens were sending a money remittance of \$500 to Germany for the benefit of Canadian prisoners of war in internment camps.

Mr. Meek said that the suggestion had been made to him that the school pupils be asked to contribute, and that a day be set aside for the collection. The suggestion appealed to the writer and he presented it to the Board for consideration. The matter was, on motion of Trustees Renton and Henderson, referred to the Management Committee, with power to act. The pupils are at the present time contributing to the funds of

the Red Cross Society.

A most satisfactory report was presented to the Board on the different cadet corps in the schools by the Department. A warm tribute was paid to each corps, comment being made on the efficiency. Particular mention was made of the shooting of the Collegiate Institute Corps, and the statement was made that it was one of the best corps in the division.

Better Conditions Urged.

A report of Inspector J. Russell Stuart for the month of September contained the following:

"The total enrollment at the end of the month was 2,666. This is 87 more than last year, and gives an increase of 231 in the last two years. The total average daily attendance was 2,365, an increase of 278.

"A statement showing the organization of the school and the enrollment and average attendance for each class room is submitted, and your attention is directed to the evidence of overcrowding which this statement reveals.

"The Public School regulations prescribe that the average daily attendance in no public school class should exceed 40, and school boards are required, on the representation of the inspector, that when the average daily attendance exceeds 45 to provide one or more additional teachers. Though an effort has been made to prevent any one class having a greater enrollment than others, it will be observed that three classes had an average exceeding 45, and that thirty teachers had an average attendance of over 40, an excess which is regarded as detrimental to satisfactory progress and proper discipline. Excluding the attendance of the Orphans' Home and the Kin-

FRAIL, SICKLY CHILD

St. Thomas, Ont., Father Tells How Child Was Restored To Health.

We have always told the people of Kingston that Vinol is a wonderful body builder for ailing children. Here is more proof of the fact:

Robert J. Miller, of St. Thomas, Ontario, says: "The measles left my little daughter in a very weakened, run-down condition. She had a very poor appetite and was much below normal weight. On the advice of a friend I gave her Vinol and she has gained rapidly in weight and strength. I consider Vinol a valuable medicine for such conditions. Vinol is especially efficient in building up puny, weak, ailing children, because of the beef and cod liver peptones, iron and manganese peptones and glycerophosphates which it contains, and as it is without oil or grease, children love to take it. Mahood Drug Co., Limited, Kingston. Also at the best druggist in all Ontario towns.

dorgartens, which have a separate organization, the enrollment in the grade classes has increased during the past year by 116.

"The closest accommodation in Victoria and Central schools urgently calls for the consideration of the Board. The best lavatory at Victoria school is usually foul smelling, and the bad odor poisons the atmosphere of the class rooms immediately above. The new urinal installed last winter seems to contribute most to this condition, and it seems impossible to keep it in a sanitary condition.

"In view of the effect on the physical health and morals of the pupils, and the disturbance occasioned to good order in the school, the inadequacy of the sanitary equipment in Victoria and Central schools can hardly be too strongly condemned. Foul odors from the lavatories in Central school are observable not only in the corridors, but in the class rooms also.

The water supply for drinking purposes in Central school is very inadequate, and the only bubbler on the boys' side of the basement is out of order.

On motion of Trustees Macnee and Lemmon the matter of sanitary improvements to Victoria and Central school was referred to the City Council. The mover and seconder that the resolution expressed regret that the conditions were not as they should be, and Trustee Lemmon, who is chairman of the Property Committee, said that the matter could not be too strongly urged on the civic authorities. The required work could have been done had sufficient funds been available.

Principal E. O. Sliiter presented an interesting report for September. The aggregate attendance was given as 441; average, 896. This was a decrease from last year of 18 in the enrollment and 28 in the average. The low average was due to the fact that an unusually large number entered late.

The enrollment for the past six years was given as follows: 1910, 398; 1911, 368; 1912, 403; 1913, 420; 1914, 469; 1915, 459. There are 39 more girls than boys, the figures being 201 and 240 respectively. The number of non-residents enrolled was 14, 68 being from Frontenac county. From the latter the Board might be deriving \$700 or more, in addition to what is already received, if the Board would take advantage of the provision of the law dealing with the admission of colored pupils to the schools.

Principal Sliiter drew the attention of the board to the fact that the new regulation would next year call for the appointment of a lady qualified to give physical instruction to the girls in the Collegiate Institute. This matter will be taken up by the management committee.

Trustee Elliott referred to the marked increase in the cost of paper, and suggested that the management committee get in touch with the situation, so as to look after the supplies of the board. The committee will deal with this question.

Miss Jean McCallum, the school nurse, submitted a report for the month of September, which showed the following: Pupils inspected, 730; number of instructions given, 35; consultations with parents, 27; home visits made, 30; defective vision, 8; defective hearing, 2; defective nasal breathing, 65; hypertrophical tonsils, 36; enlarged glands, 16; orthopedic defect, 4; defective teeth, 254; skin diseases, 15.

Permission was asked to have Mr. Ettinger of Victoria School solicit pupils to take up French conversation and also commercial French, under the instruction of (Nelida Vesot, a final year student at Queen's University.

Miss Harriet Wallace, of Iroquois, asked for a place on the public school teaching staff. The secretary acknowledged the receipt of a cheque from the Ontario Treasury Department for \$120 as a kindergarten grant for 1916. The chairman, H. P. McCallum, presided at the meeting, and the other members present were: Trustees Bell, Craig, Elliott, Farrell, Henderson, Laird, Lemmon, Macdonald, Macnee, Monk, McKay, McLean, Renton and Sawyer.

MARRIED AT ST. LOUIS.

The Daughter of Former Kingstonian Was the Bride.

The Episcopal Church of the Ascension, St. Louis, Mo., was the scene of a pretty wedding on Monday evening, when Miss Marguerite Ellis Sutherland became the bride of Earl Courtwright Sherry, the ceremony being performed by Rev. John S. Bunting, pastor of the church.

The bride was attended by her sister, Mrs. Arthur B. Kissack, Kansas City, as matron of honor, and the bridesmaids were Misses Louise Walker and Lyde Christie. Little Alfred Kissack, Jr., nephew of the bride, and little Jane Kissack, a niece, carried the white satin ribbons.

Gordon Sutherland, Cleveland, Ohio, attended the bridegroom as best man, and the groomsmen and ushers were Norman Sutherland, Charles Depew, Stuart Sutherland and Edward Klein.

The bride was daintily gowned in white satin with over-drapes of white tulle, weighted with a stiffer of seed pearls. The bridal veil was worn with lilacs of the valley, and the court train of satin was held at the shoulders with pearls. Her bouquet was of lilacs of the valley and bride roses.

The matron of honor was gowned in cloth of silver and orchid-toned messaline, with over-drapes of Georgia crepe. The full skirt had entire tulle of silver lace.

Miss Walker wore delicate green Georgia crepe over cloth of silver, trimmed with silver lace, and Miss Christie was in pale yellow Georgia crepe over cloth of silver. Both gowns

"SHORTY" GRANT RECOVERED

Popular Mascot Was on Sick Leave For a Month.

Sgt. "Shorty" Grant, Special Service Company, has returned to duty after being on sick leave for a month. He was confined to the Otago Hospital for three weeks, being treated for a severe cold, but

has now completely recovered. The popular mascot of the S.B.C. is welcomed back to duty.

An interesting event took place in the Presbyterian Manse, Perth, on Sept. 27th, when Annie I. daughter of Mr. and Mrs. Robert Barr, Heron's Mills, was united to Alexander B., eldest son of Mr. and Mrs. William McIntyre, Middleville.
