

Hair with Life and Lustre

Nothing responds so readily to a little care as the hair. We all—men and women—are irritated when our hair becomes brittle, dry and colorless.

ADONIS HED-RUB

is an invigorating hair tonic which keeps the hair in excellent condition and is cooling and refreshing to the scalp. Barbers have been using it for years. They find it makes the hair thicker, softer and brighter in color. Adonis Hed-Rub contains no sediment or grease.

Dust? NO!

—not from the heating system we put in your home. No gas either. We guarantee it, and Clare Bros. makers of the Hecla Furnace back our guarantee with theirs.

This is the only warm air furnace with gas-and-dust-proof fused joints. Old or new, these joints can never open. Dust and gas must always go out the chimney. And this "clean" heating comes from the furnace that saves one ton in seven. Ask for booklet and plans.

How difficult it is for a man to get down to hard labor again after nursing a political job for a few years! Many a man would rather lie when asked for information than say: "I don't know." Too much sympathy is wasted on old bachelors and spinsters.

Is it Fair? BELGIUM entered this war because she would not sell her honor to an overwhelmingly powerful neighbor. Britain and Canada took up arms in defense of treaty obligations and simple justice. The Belgian motive is as noble and unselfish as our own. Belgian troops are holding the line side by side with our own gallant lads, braving equal dangers—bearing equal hardships—straining the common enemy. But there the equality ends! We non-combatant Canadians are living in a land of plenty—well-fed, lacking no necessities, and indulging in many luxuries. The Belgian mothers and children in millions are eking out a pitiable existence on the daily ration of three slices of bread and a pint of soup supplied by the Belgian Relief Commission. Is it fair?
