SHOULD COMPLETE WORK

GOVERNMENT WILL BE ASKED TO FINISH WELAND CANAL.

Kingston Board of Trade to Bring Matters Before Ontario Associated Boards of Trade—Will Also Support Provincial Highway From Windsor to Quebec Border.

When the Ontario Associated Boards of Trade meet in Hamilton next month, at their annual convention, that body will be petitioned to bring before the government the importance of carrying on the work on the Welland ship canal.

The matter was brought before the Board of Trade at its meeting on Tuesday night by the president, Francis King, and he will draft a resolution, which will be presented to the meeting in Hamilton by J. M. C. Campbell and Robert Meek, who will represent the local board at this gathering.

On motion of Ald. Polson, it was also decided to have the delegates bring before the convention in Hamilton of the need of a government-owned highway between Windsor and the Quebec border.

It will be remembered that the question of a highway from Belleville to Prescott, was under discussion at a recent meeting held in Gananoque, and which was attended by representatives from all the municipalities between Belleville and Prescott. The president, who was one of the Kingston delegates at this meeting, gave a report of the proceedings. The matter was first taken up by the Gananoque Board, and the meeting held in Gananoque was arranged by the board of that town. While the question of having the different municipalities share in the cost of the proposed highway was discounted, it is the intention to put up a strong plea to have a provincial highway, owned and kept up by the Government.

Ald. Polson, in speaking on the question, stated that while there was not much chance of the government expending money on such a highway during the time the war was on, now was the time to get in line, make the necessary plans, and get the machinery at work.

Ald. Polson said that a highway from Windsor to Quebec would be a great benefit to Kingston. Tourists would then enter Canada at Windsor and Niagara Falls, and it would be the means of bringing millions of dollars into Canada. It would mean a great asset to Kingston, and it was not only in the interests of the local board to take the matter up, but also in the interests of all the Boards of Trade in Canada.

F. G. Lockett, who seconded Ald. Polson's resolution to bring the matter before the Associated Boards of Trade, said it was a move in the right direction. He stated that today the automobiles must be looked upon as an important factor in the building up of the country, even more so than the steamboats.

Daylight Saving Scheme.

Ald. Newman put up another strong plea on behalf of the daylight saving scheme. He understood that the matter would come up at the conference in Hamilton, and he asked that the local board support a resolution in favor of it. It would be a great success he said, if it were made a Dominion-wide scheme. It had worked out well in England, but not in Canada, owing to the fact that it conflicted with railway timetables, etc.

Ald. Polson seconded Ald. Newman's resolution to have the board's delegates support the scheme if it was brought before the Hamilton meeting, and the members agreed. Kingston City Council adopted the daylight saving scheme, and afterwards rescinded its action, and in view of this Mr. Meek wanted to know just where the city stood in regard to the matter.

"The Council rescinded their action," said Mr. Meek, "and after they did so, I did not hear of any protest from the citizens, showing that they wanted it put into force, therefore, I would like to know where the citizens stand in the matter. Do they really want such a scheme?"

Docking Facilities.

Ald. Polson brought up an important matter, that of docking facilities for the city, and this also brought up the old question of the agreement between the city and the

BREAK A CHILD'S COLD BY GIVING SYRUP OF FIGS

Cleanses the Little Liver and Bowels and They Get Well Quick.

When your child suffers from a cold don't wait; give the little stomach, liver and bowels a gentle, thorough cleansing at once. When cross, peevish, listless, pale, doesn't sleep, eat, or act naturally, if breath is bad, stomach sour, give a teaspoonful of "California Syrup of Figs," and in a few hours all the clogged-up, constipated waste, sour bile and undigested food will gently move out of the bowels, and you have a well, playful child again.

If your child coughs, snuffles, and has caught cold or is feverish or has a sore throat give a good dose of "California Syrup of Figs" to evacuate the bowels no difference what other treatment is given.

Sick children need to be coaxed to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. They also know a little given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups plainly on the bottle. Beware of counterfeits sold here. Get the genuine, made by "California Fig Syrup Company."

C. P. R. regarding property on the waterfront.

Mr. Meek suggested that the matter be brought before the City Council by Ald. Polson, and that the Council be asked to revive the old question and get all the information regarding the agreement.

In view of the need for docking facilities and the urgent need of improvements to the harbor, to meet the Welland ship canal, the Board will ask the Council, through Ald. Polson, to take the matter up.

During the discussion Ald. Polson said that the recent trouble in getting civic coal unloaded in Kingston might have been averted had the city a wharf where the coal could have been unloaded.

Other Business.

Ald. Polson, chairman of the Power Committee of the Board, stated that his committee would meet on Friday afternoon to take up the complaint of Rev. J. D. Boyd, made at the last meeting regarding extra expenditure incurred in lighting his house. Mr. Boyd was out of the city all summer. His meter was taken out in his absence, and in order to comply with the rules of the Hydro-Electric Commission he had to put in new wiring, while the old wiring would have filled the bill so far as he was concerned.

While the matter was under discussion, J. S. R. Macdonald, stated that he had a complaint. It was in regard to meters being taken out of a house and being kept out until the new wiring was installed, thus putting citizens moving into new houses under great inconvenience. He thought it was drawing the line too close, and he suggested that the power committee take the matter up. Ald. Polson promised that his committee would deal with the matter and that he would invite the local inspector of wiring to be present at the conference.

The Board decided to seek information from the central committee in Montreal regarding the proposed campaign for additional funds to help the Belgians.

While the question of local freight conditions was under discussion the Board was informed by one of the members that the C. P. R. had put on a daily service now as a result of a recent conference between the merchants and a representative of the company, and the information was most pleasing news to the members. As a result of the Board taking the matter up, arrangements were also made for the company to take freight up till 6 p.m. for delivery.

The president, Francis King, presided at the meeting, and the members present were F. G. Lockett, J. M. Campbell, Ald. H. Newman, E. A. Rees, W. T. Minnes, Ald. N. C. Polson, H. Davis, James Minnes, George Hague, H. C. Welch, J. S. R. McCann, Robert Meek, Dr. J. F. Sparks, Joseph Power, J. F. McMillan and Peter McCoy.

MARRIED IN TORONTO.

Nuptials of Capt. H. A. Stewart and Miss Hazel V. Greenwood.

A quiet and informal wedding took place on Monday evening, Oct. 16th, at the residence of the bride's parents, 433 Broad street, Toronto, when Hazel Victoria, second daughter of Mr. and Mrs. J. T. Greenwood, was united in matrimony to Capt. Harry Allan Stewart, L.D.S., D.D.S., eldest son of Mr. and Mrs. T. H. Stewart, 189 Alfred street, Kingston. The ceremony was performed by Rev. T. G. Wallace, of St. Stephen's, chaplain of the C. E. Q. G. Company, in the presence of a few friends and relatives. After a buffet supper the happy couple left for a short holiday prior to Capt. Stewart going overseas.

PTE. ARTHUR S. HAMILTON.

Formerly of Kingston, Wounded in the Right Leg.

Mrs. F. G. Graves, Princess street, has received word of the wounding of her brother, Pte. Arthur S. Hamilton, of Toronto, who enlisted in July, 1915. He was wounded in the right leg and admitted to a hospital at Chichester, Eng. His father, who was at one time caretaker of the Kingston Y. M. C. A. building, was a veteran of the Northwest Rebellion, while his grandfather took part in the Fenian Raid. A little girl, aged about fourteen months, died on the day that he reached England.

St. George's A.Y.P.A.

The annual meeting of St. George's A.Y.P.A. was held Tuesday evening, following officers shrdlu in mbmb Rev. Cecil Whalley presided. A very interesting letter from Alfred Harvey was read. The following officers were elected: Honorary president, Dean Starr; president, William Johnson; vice-presidents, Messrs. Vera Frizell and Martha Evans; secretary-treasurer, Mr. Pitchford; editorial secretary, Miss Edith Evans.

Interesting Meeting.

The Baptist Young People's Union of the Union street Baptist church held its weekly meeting Tuesday evening. There was a good attendance of members and friends. A most interesting and instructive paper, entitled, "The Greatest Battle-field in the World," was read by Stanley Mayer. A discussion followed in which several members participated.

Appeal of Lieut. Baker.

Lieut. Edwin Baker, Collins Bay, who lost both eyes in the front, was greeted with a tremendous ovation at the Toronto Red Cross meetings. He told how the Red Cross had helped and comforted him in his affliction, and pleaded for a continuance of that support which made possible similar mercies to others.

"Courty" Strange "Watched."

As a mark of their appreciation for the great interest that he has always taken in the success of every department of his regiment, Lieut.-Col. C. M. Strange, officer commanding the 38th Strathmore Rifles, was presented with a handsome silver wrist watch by the members of the brass band of the unit.

A girl's features may be stamped on a young man's heart, but it is always her complexion that shows on his coat collar.
