MADE DIFFICULT FOR POLICE WHEN CHANGES ARE MADE

Recognize the Wheels in the Condition They are Found-Missing train and killed!" "Bike" Found Friday.

One of the hardest jobs that fall to the lot of the police is that of tracing stolen bicycles, but in spite By Robson Black at Queen's on Monof that fact the constables succeeded in locating scores of wheels during the season.

Constable Samuel Arniel succeeded in focating a stolen bicycle on two of the points covered in the il-Friday afternoon, and the case is lustrated lecture on "The Forests of one which points out what the pol- Canada" by Robson Black, Ottawa, ice are up against, when they start which will be given at Queen's Uniout to land a stolen "bike."

The wheel in question is owned o'clock: by a man named, Fallon, and it was Kingstonians, living as they do far stolen two weeks ago. The police from the commercial timberlands of were asked to locate it, but it was Canada, do not realize how many innot until Friday that Constable Ar- teresting features a visit to a rea niel got the tip as to where he could forest discloses. Mr. Black's object get it. The wheel had undergone so is not to discuss any technical feamany changes, that the owner him- tures of forest management, but to self could not have indentified it un- bring the audience into closer ac less he made a very careful inspect- quaintance with the greatest asset

carrier, a new saddle, as well as a all photographic, many of them in lamp and a bell, and as the wheel colors, and all have "human interest" had none of these things when taken of one kind or another. The lecture from the owner, it was a great draw- is free to the general public. back in the search made for it. The owner kept his eyes open, while on the street looking for his wheel, but every wheel he noticed with a carrier Prof. Laird Going South in Search of and a lamp he allowed to pass with just a glance.

The police believed that the wheel did not belong to the party who was using it, and gave it a closer inspection, with the result that it was found to be the wheel that had been reported lost,

CORNERED BY DEATH

All Avenues of Escape Cut Off on New York Corner.

A former resident of Kingston. now of New York in writing to a Kingston friend, stated that he had a very narrow escape in that city recently. "The autos around here just fly, he writes, "and it is now extra hazardous to move. No matter which way you are going they seem to be right on you." After all, little old New York doesn't seem to have much on little old Kingston in this respect. To show how risky certain street corners are in Gotham, the writer draws the following thrilling half imagining, half truthful pic-

"A man hesitated at the intersection of two busy streets. A motor car was rushing upon him from one direction, from another point a motor eycle was approaching rapidly, an
