

ARE BATHS NECESSARY?

This looks like a foolish question in this enlightened age, but there are nearly a million Americans who know nothing of internal bathing a few years ago and are now eager to testify that they are fully as essential to health as external baths.

By a purely natural process of property using warm water, the "J.R.L. Cascade" removes all the poisonous waste from the Lower Intestine, which physicians agree is the cause of 95 per cent of all human ailments.

It instantly relieves constipation, properly regulates the bowels and prevents all the dragging-down which Biliousness and Liver Troubles always create.

E. W. Southall, M.D., of Genesee, N. Y., writes:

"I challenged the doctor in this town last week in regard to what I can do with your 'Cascade.' I can say for a truth that I know the reason for my success with many serious illnesses was due to having the bowels washed out once and sometimes twice a day. I only wish I could make the people in general believe in the efficiency of a good bowel washing. Sincerely yours,

F. J. Hoag, Kingston, will show and explain it to you on request. A free and interesting book on Internal Bathing, 'Why Man of Today is Only 50 Per Cent Efficient,' can also be obtained for the asking. If you prefer, write to Dr. Chas. A. Tyrrell, 163 College Street, Toronto, for same.

MARRIED IN ENGLAND

Capt. J. A. Stewart, 59th, Margies a Brockville Nurse.

Brockville, Oct. 28.—A marriage of interest to many in Brockville was quietly solemnized in the parish church at Folkestone, England, on June 10th last, of two former well-known young residents who are on active service in defence of the Empire. The groom was Capt. (Dr.) John A. Stewart, youngest son of Mr. and Mrs. James H. Stewart, Perth street, and the bride Miss Irene M. Douglas, graduate nurse of the Brockville General Hospital. The ceremony was performed by Rev. Canon Lindall.

Capt. Stewart was medical officer of the 59th Battalion, and spent last winter with that unit in Brockville, leaving here March 30th last. Miss Douglas, whose home is in Peterborough, left Canada with a detachment of nurses earlier in that month, and has already seen four months active service in the field hospitals in France.

G. E. Joyner, of Kingston, is spending a few days in Reafrew with relatives and friends.

CITY AND PATRIOTIC FUND

GRANT OF \$60,000 IS REQUIRED FOR 1917.

County Expected to Increase Its Yearly Contribution to \$30,000—Since War Began \$116,104 Has Been Disbursed in City.

The finance committee of the Patriotic Fund for Kingston had a meeting in the Board of Trade rooms on Friday afternoon. There was a full attendance of members. The mayor presided.

A letter was read from Sir Herbert Ames, the secretary of the Patriotic Fund in Ottawa, setting forth the financial outlook for Canada. He said that in 1914 \$511,000 was spent in the interests of the soldier dependents; in 1915 the amount was \$4,200,000; in 1916 it had risen to \$9,500,000 to date; and by the end of the year this sum will have increased to over \$14,000,000.

It was pointed out that Kingston had been drawing at the rate of \$7,000 a month, during the year, for relief purposes, and that it and the county were expected to give during 1917 at least \$90,000 or \$60,000 for the city and \$30,000 for the county. Kingston's contribution during 1916 had been \$5,000 per month. The county's contribution had been \$2,000 a month. The total requirements of 1917 for county and city, in order to cover the expenditure would probably be \$125,000, but in view of all the demands upon the municipalities the funds would be very well satisfied to receive, as already intimated, \$90,000. The estimated expenditure for Canada in 1917 would be about \$15,000,000, exclusive of Manitoba, or \$1,000,000 a month. It was, therefore, necessary to look for some new sources of revenue, and it is expected that the province will contribute \$3,000,000 more. Ontario had contributed forty-two per cent of the amount expended in 1916, and in 1917 the amount will probably be \$500,000 a month.

Local Receipts and Expenses.

The city treasurer presented his statement of local receipts and expenses. He showed that the disbursements from the beginning of the war up to the 15th of October had been \$116,104.16. There had been remitted to Ottawa, of the original fund, raised by voluntary contributions, \$50,000, and of the city grant of 1916, \$45,000, or a total of \$95,000.

Of the amount subscribed by the citizens during the great canvass it was estimated that there would be about \$1,000 more collectable so that the total contribution from that source would be \$51,000. The administration of the fund had been very economical, thanks to the large amount of work which the treasurer of the city had been able to do gratuitously.

The chairman of the relief committee, Alderman Nickle, presented his statement, showing that during September there had been thirty-three wives and dependents and forty-four children added to the fund, at a monthly outlay of \$425.50. There had been taken off the fund through removals twenty-six wives and de-

pendents and thirty-nine children,

representing a monthly allowance of \$347. The amount requisitioned for October was \$7,229.60. Ald. Nickle expressed his desire to be relieved of office at the end of the second year and on the ground that the duties required more of him than he could continue to give, and the strain of service was very much greater than anyone could realize. There was a constant supervision required of the work, and this was readily conceded in view of the fact that there are now on the list 450 women and about 1,000 children. The list is constantly being changed, some going and some coming, with all the inquiry and investigation which these changes necessitate. In all probability the committee will have to provide Mr. Nickle with efficient help and relieve him of all the work excepting that which is of a supervisory nature.

\$5,000 Month in 1917.

The resolution was passed suggesting to the City Council that it provide for a continuance of the \$5,000 per month to the Patriotic Fund during 1917, the general taxation being the fairer method of providing the money.

The mayor brought up the question of soldiers' aid apart from the Patriotic Fund, and in the interest of those who return to Canada, disabled for war, and without occupations. The Central Committee in Toronto had opened offices and undertaken to meet the requirements of these men as far as possible by providing them with suitable places and remuneration. The task was a large one and involved such local assistance as it is possible to afford. A sub-committee was appointed to cooperate with the mayor in this matter.

Y.M.C.A. MEMBERSHIP CAMPAIGN

To be Started Nov. 7th Plans Discussed Friday Evening.

There was a good attendance at the monthly meeting of the Y.M.C.A. Cabinet Friday night, the members talking tea with the High School Club.

The big membership campaign to be started on November 7th, with twelve teams from the boys' and senior departments. The boys' teams are as follows: The Beavers, the Red Argonauts, Argonauts, Ready, Four Square, Dreadnaughts, and Dry Bones. The senior teams will be captained by the following: Douglas Chown, William Grant, Alfred Kinch, Charles Smart, and F. L. Newman.

R. H. Ward, who is chairman of the membership committee, will have charge of the campaign, while a publicity committee composed of F. L. Newman, F. B. Pense, A. Kinch and General Secretary Wilson, will look after the advertising.

Owing to extensive repairs made on the building this year, involving nearly \$1,000 expenditure, and the fact of so many senior members enlisting, the association expects to put forth a special effort in securing a large boys' membership, and incidentally an increased revenue to meet the extra heavy budget.
