Ottawa, Nov. 13 .- Arrangements had been made that the Prime Minister and several of his colleagues should go to Halifax for the purpose of meeting and welcoming the Duke of Devonshire as Governor-General upon his arrival in Canada. The British Government were informed that for this purpose a few days' notice of the date of the arrival of the steamer would be necessary, and it was anticipated that such notice would be given. Subsequently, however, the Admiralty decided that under present conditions, the date of the arrival of the steamer should be kept absolutely secret.
