High wind prevailing a few days ago caused the Box boathouse at Catbogue, to break away from its moorings and start down the lake toward the rapids. It was caught in time.

"Faulty Nutrition and Elimination"—these are the cause of the most of the ailments that afflict human beings. Too much indigestible food and lack of power to throw off the poisons that come from indigestion—these lead to a long line of distressing disorders. Avoid them by eating **Shredded Wheat Biscuit**—a simple, elemental food that contains all the body-building material in the whole wheat grain, including the bran coat which keeps the intestinal tract healthy and clean. Delicious for any meal in combination with sliced peaches or other fruits. Made in Canada.

Major R. D. Sutherland is endeavoring to organize one of the battalions in this Military District.

Major R. D. Sutherland, 253rd Queen's University Battalion, is very busy endeavoring to provide for the comfort and welfare of the men. One of his latest enterprises is his attempt to form a military hockey league for this district.

The team has already issued to have each battalion commander in the district organize a team from his unit. A schedule could then be drawn up with probably seven or eight fast teams. Renfrew could supply a team from the 249th Battalion, commanded by Lieut.-Col. E. J. Watt. The team has already issued challenges, and is composed of seven experienced men who could back up the reputation of the battalion. With the prospect of many Queen's players and local stick-handlers going in to represent Kingston's 253rd there is a great likelihood of some fast games being played.

The 207th and 230th Battalions were organized in Ottawa, the 235th in Durham and Northumberland, 249th in Lanark and Renfrew, 247th in Peterboro, and the 252nd in Lindsay, and in places where the battalion is subdivided even more than one team could come from each unit.

Enthusiasm has been taken up most enthusiastically so far, and Major Sutherland will get all the co-operation he needs to carry it to a successful conclusion.

In regard to practicing, the major has offered his lot at the corner of Queen and Bagot streets and a rink could be made here very easily.

Injured in Collision.
Brookville, Nov. 22.—On Friday, William McDonald, of Detroit, a former well known G.T.R. trainman of Brookville, met with a severe accident. He was employed with the G.T.R. at Detroit and on the day mentioned, was in a collision. The message received here stated that he was badly injured. (On receipt of it his two sisters, Mrs. Bigford, of Mallorytown, and Mrs. Booth, of Lynn, and two brothers, Daniel McDonald, of Brookville, and J. R. McDonald, Esq., left for Detroit.)

Letters to the Editor

It Pays to Advertise.
Kingston, Nov. 21.—(To the Editor.) Most people are willing to admit that advertising pays, but the writer recently had concrete evidence of its value. On Friday night of last week on his way home from business he made two or three purchases, but did not discover until early on Saturday morning that he had lost a ten dollar bill. Although not very hopeful of recovering the money, the loser called at the stores where the purchases were made the previous evening, without, however, recovering the lost treasure. Recourse was then had to the columns of the Whig, and in the issue of Monday a little "ad" was inserted. The feelings of the person who lost the money can be fairly imagined when informed by the Whig early on Tuesday that an honest young man had picked up the money in Davies' meat store on Friday evening and had returned it to the Whig office. In these days, when it is hard to find an honest man, the writer is glad to believe that the finder of this money values principle above ever such a tidy sum as \$10. So here's to the Whig and an honest man.—J. S. L.

RHEUMATISM CONQUERED

"I have been for the last two years a cripple. My muscles and joints were stiff and painful. I tried almost everything known to medical science to relieve me, but without success. I bought a box of Gin Pills and after taking eight boxes and an hour's rest, I consider myself cured. I consider Gin Pills the conqueror of Rheumatism and Kidney Diseases." G. D. Reid.

How To Make A Good Hair Tonic At Home

If you have been using hair tonics purchased ready made at the drug stores you can probably save some money and get a great deal better results by using the following recipe, which has been remarkably successful in stopping loss of hair and making new hair grow and said to be superior to any hair tonic. It is made by mixing with 5 oz. of Lavaca Compound crystals and will not make the hair greasy or sticky. Ladies should be careful not to apply to face or where hair is not desired. G. L. B. ACID STOMACHS ARE DANGEROUS

Nine-Tenths of All Stomach Troubles Said to be Due to Acidity.

A Physician's Advice on Cause and Cure.
A famous physician whose successful researches into the cause and cure of stomach and intestinal diseases have earned for him an international reputation, said in the course of a recent lecture that nearly all intestinal troubles, as well as many diseases of the vital organs, were directly traceable to a deranged condition of the stomach, which in turn was due nine times out of ten to excessive acidity, commonly termed sour stomach or heartburn, which not only irritated and inflamed the delicate lining of the stomach, but also set up gastritis and stomach ulcers. It is interesting to note that he condemns the use of patent medicines as well as of medical treatment for the stomach, stating that he and his colleagues have secured remarkable results by the use of ordinary bicarbonate of soda, which neutralizes the acidity of the food, removes the source of the trouble. He contends that it is as foolish as it is dangerous to attempt to cure the stomach itself as it would be for a man to attempt to cure a toothache by removing the tooth. Remove the cause and the pain will disappear. Irritating medicines and medical treatments are useless, so long as the contents of the stomach remain acid; remove the acidity, and there will be no need for medicine of the inflamed lining of the stomach will then heal itself. Sufferers from acidity, sour stomach or heartburn should get a small bottle of Bismarck's Magnesia from their druggist and take a teaspoonful in a quart of a glass of hot or cold water after meals, repeating in fifteen minutes if necessary, this being the dose which the doctor has found most efficacious in all cases.
