

# SAXON "SIX"

A BIG TOURING CAR FOR FIVE PEOPLE

No other car in its price class can give  
Saxon "Six" service

So if you choose another in the price class of Saxon "Six" you must make up your mind to do without the advantages of Saxon "Six."

You'll have to content yourself with less smoothness, less quietness, less flexibility, less acceleration, and pay more in higher upkeep cost.

But will you be content? We think not.

If for practically the same price you can have all that your neighbor enjoys who owns a Saxon "Six," why should you put up with the shortcomings of some other car? Why take

"second best" when you can just as easily have the best.

And it is clearly evident by now that Saxon "Six" is the best car in its price class.

No fine phrases can dispute the cold facts of Saxon "Sixes" abler performance.

A scrutiny of the records shows that Saxon "Six" has both publicly in open tests and privately in owners' hands surpassed the best efforts of other "Sixes" and "Fours" in its price class.

It will win you in a single road trial.

**SAXON SIX PRICE, \$1175.00**

# SAXON ROADSTER

No costly car is more completely equipped  
than Saxon Roadster

That line is worthy of repetition. Read it again—"no costly car is more completely equipped than Saxon Roadster."

In point of conveniences and equipment Saxon Roadster is surpassed by no other car at any price.

First and foremost you find a two-unit starting and lighting system.

Today an automobile without a starting and lighting system is in no sense of the word a modern car.

The fact that it causes so much trouble and lost time marks it at once as really unworthy of consideration with Saxon Roadster priced at less than

Just think of a car at this price in which you simply press a button and your motor is running.

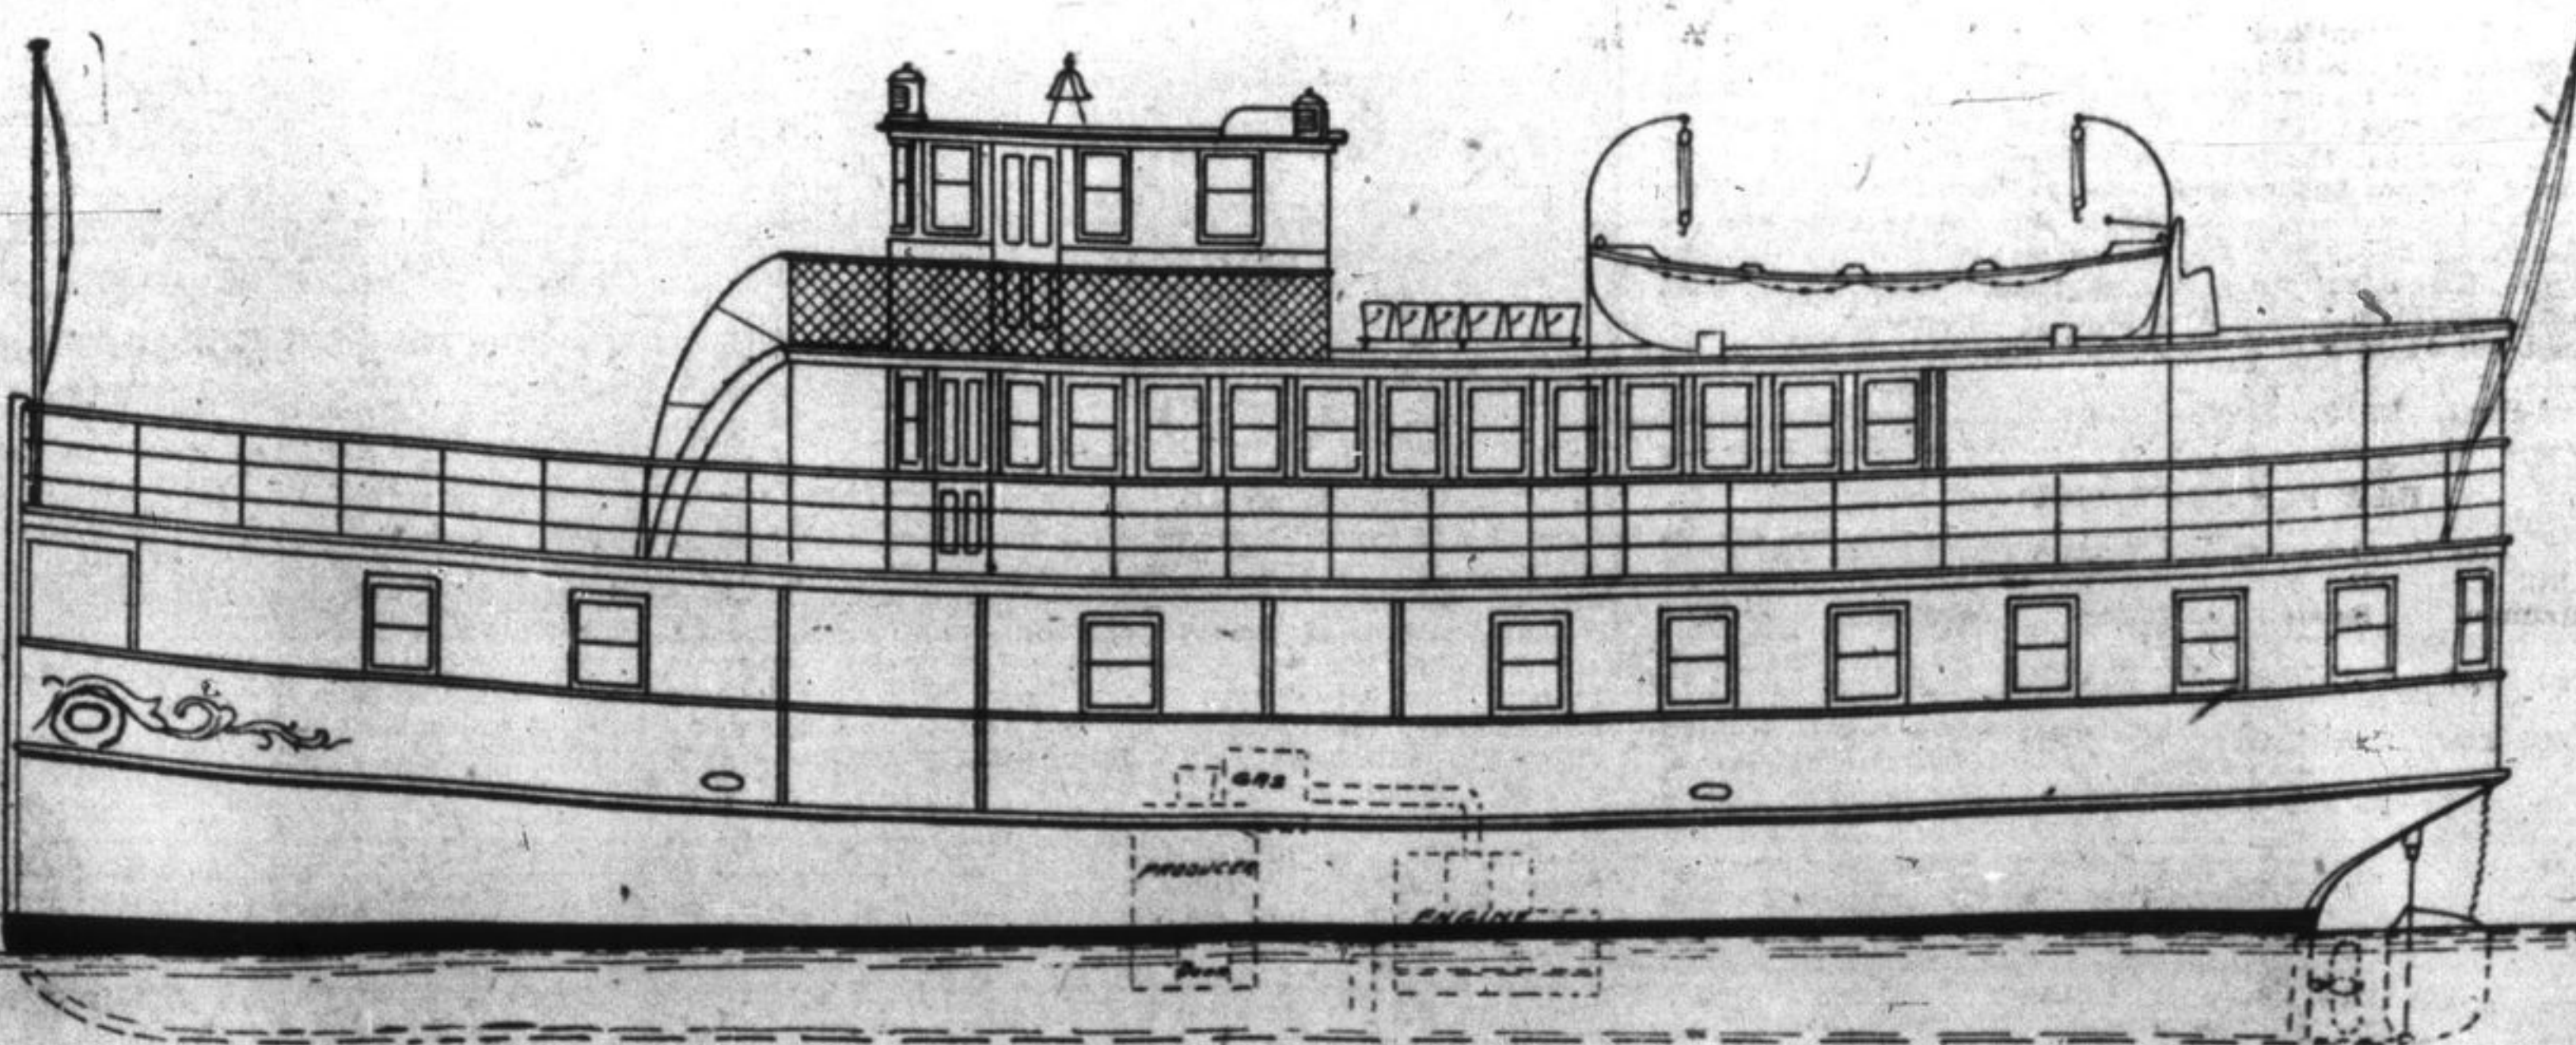

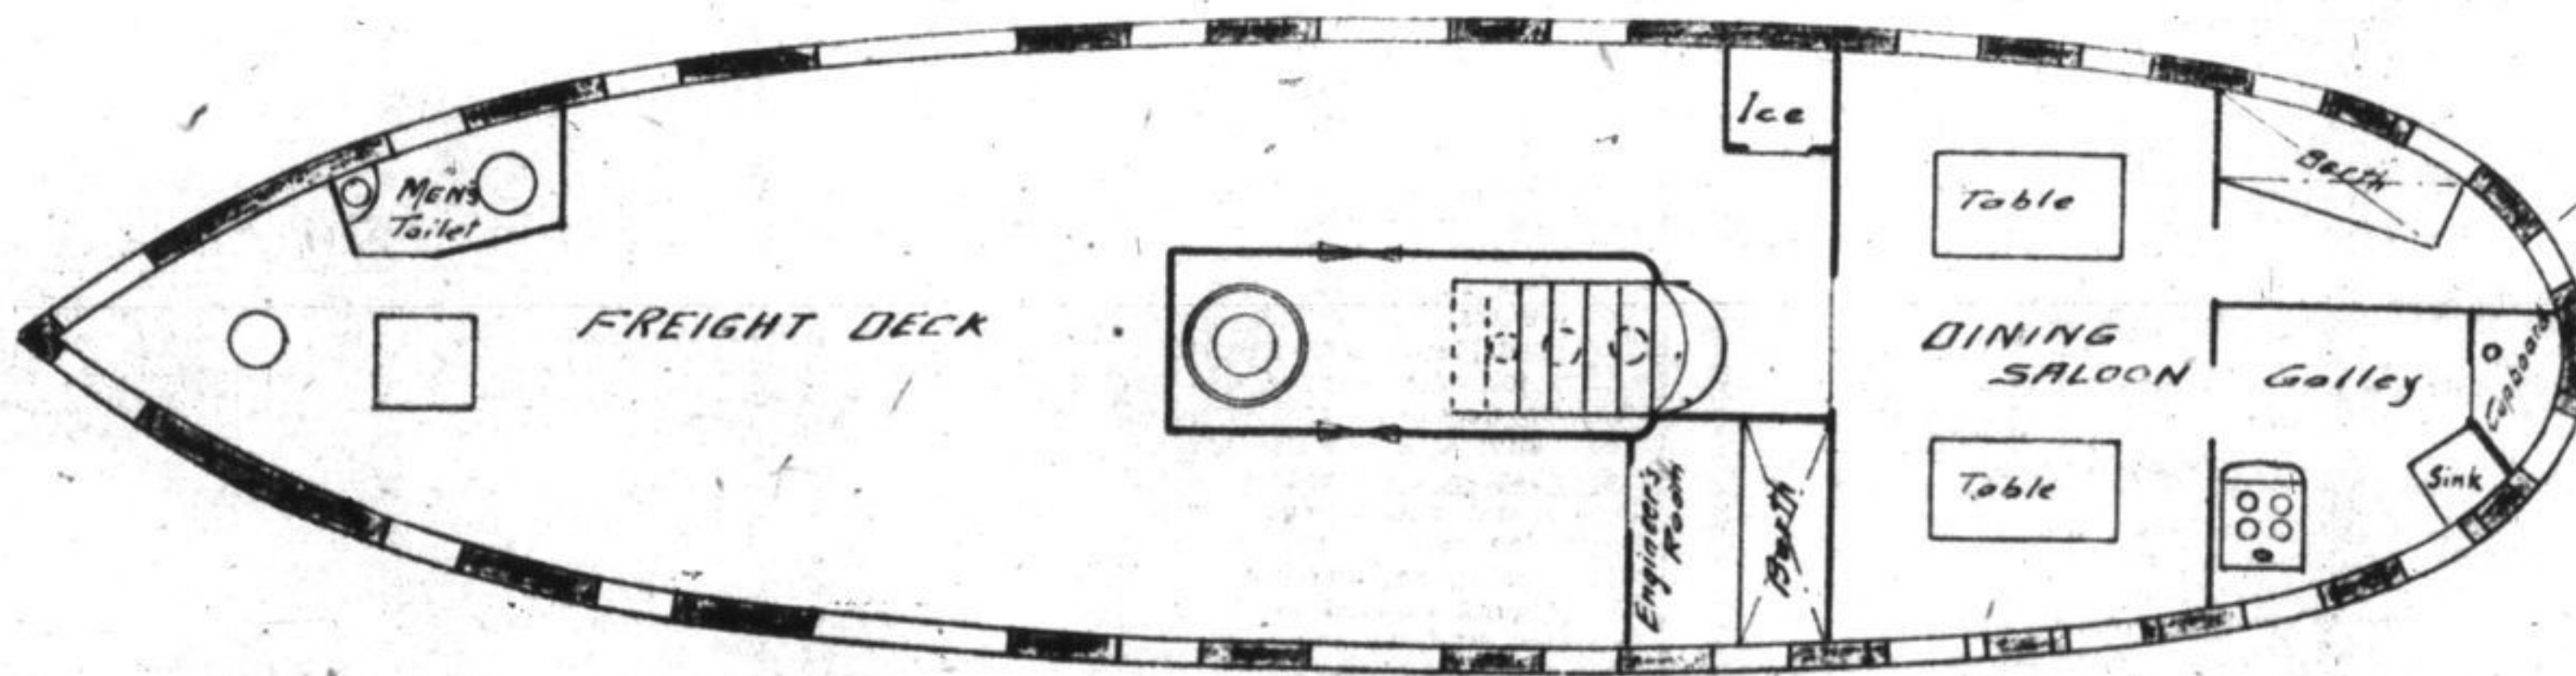

This new series Saxon Roadster also has larger tires—30-inch by 3-inch tires.

The advantage of these bigger tires is four-fold. They make for a higher-standing car, give more road clearance, greater riding comfort, and longer tire life for there's more tire surface in proportion to car weight.

In addition there are twenty further features of real appeal. See this new series Saxon Roadster at once.

**SAXON ROADSTER PRICE, \$665.00**  
f.o.b. Windsor.
