TO A STATEMENT MADE IN THE QUAKER CALENDAR. And Writes His Views to the Philadelphia Times—Tells the Good Results of Various Wars. Abraham Shaw, of the Customs Department, has long enjoyed the Quaker Calendar, but this year he found the following on the front page: "War—What is it after all the people get? Why—Taxes, Widows, Wooden Legs and Debt!"

Had Awful Attacks of Heart Trouble FOR 3 OR 6 YEARS

Disease and disorders of the heart and nervous system have become frightfully prevalent of late years. One can scarcely pick up a paper but he will find recorded instances of sudden deaths through heart failure, or of prominent men and women unable to prosecute their ordinary business or profession on account of a breaking down of the nervous system.

Had Collar Bone Broken

IN DEPOT BATTERIES—FRONTENAC GAME MONDAY EVENING. Unfortunate Accident to Norman Millan—The Batteries Won the Game by 7 Goals to 4.

The Depot Batteries intermediate O.H.A. team won from the Frontenacs here on Monday evening at the covered rink by 7 goals to 4. The game was one of the most exciting contests ever staged here. The rink was filled to capacity with the followers of both teams, and at every opportunity the rink was filled with their noise.

RENEWED

Renewed, Jan. 16.—Recently Inspector Connolly, of Renfrew, learned from authorities of the Golden Lake Indians reservation that certain of the Indians were being supplied with "fire water" from some unknown source. The inspector did some detective work, and found that the liquor was going up from Renfrew, a man residing here and doing a little trading with the red men carrying along a supply of liquor in order to secure the best bargains in furs and other articles.

GET RID OF HUMORS AND AVOID DISEASE

Humors in the blood cause internal derangements that affect the whole system, as well as pimples, boils and other eruptions. They affect all the organs and functions, membranes and tissues, and are directly responsible for the readiness with which some people contract disease. For forty years Hood's Sarsaparilla has been more successful than any other medicine in expelling humors and removing their inward and outward effects. It is distinguished for its thoroughness in purifying the blood, which it enriches and invigorates. No other medicine acts like it, for no other medicine will do it. Get Hood's Sarsaparilla today. Insist on having Hood's.

HAD COLLAR BONE BROKEN

Many Canadians Have Entered This Branch of the Service, and Sixty Per Cent. of the British Flying Men Are Said to Come From the Overseas Dominions. CANADIANS have done a vast deal to give Britain her present supremacy in the air. It is said that sixty per cent. of the officers in the Royal Flying Corps and the Royal Naval Air Service are colonial, and a large percentage of these from Canada. Perhaps it is the glamor of the warships and the prospect of fighting Zeppas, and German destroyers and sneaking subs, that draws Canadians to the navy. Anyway one remarks on the number of young chaps in the smart navy blue and gold laces, whose accent proclaims them from the land of the maple leaf.

NORMAN MILLAN Whose collar bone was broken in the game.

There was nothing approaching combination ever tried. Flaville for the Frontenacs is coming along fast, and in the first two periods showed up well for a newcomer. The victors have a splendid team, and it would be unfair to mention any one man in particular. They work hard and promise team play after a little more practice.

The loss of Millan can be said to be the cause of the defeat for the Frontenacs. At the first game it looked like a close contest, but the Frontenacs were in condition and working together in such a way that even the soldiers felt their hopes flatten. When Millan went off the six-man hockey was more suited to the soldiers than the Frontenacs and the game went steadily against them in spite of their hard work. The summary:

- First Period: 1, Millan, Frontenacs 5; 2, Millan, Frontenacs 19; 3, Grimes, Batteries 13; 4, Grimes, Batteries 16; 5, Flaville, Frontenacs 18; 30.
- Second Period: 6, Brouse, Frontenacs 6; 7, Grimes, Batteries 7; 8, Burnett, Batteries 11; 9, Burke, Batteries 12; 10, Burke, Batteries 15; 11, Burke, Batteries 17; 30.
- Third Period, no score.
