It was very lucky for the child that she did not have her knee crushed.

## WILL BE MUCH MISSED

**A Venerable Resident of Ernestown Station Passed Away.**  
Ernestown Station, Jan. 27.—Jesse Amey passed peacefully away on Sunday at the age of ninety years. Until very recently he took a very active part in political and municipal affairs, always interested in everything pertaining to the welfare of the township, of which he was a life long resident, being born but a few rods from his late home. He was the fifth son of the late Peter Amey, of U. E. L. stock. Out of a family of ten children, seven sons and three daughters, but one survives, William Amey, on the old homestead.

The family did much in transforming the wilderness into one of the finest agricultural districts in Ontario. In religion, Mr. Amey was a Presbyterian, and did all in his power to promote the church's best interests. While health permitted he was always found in his pew on the Sabbath day. Much credit is due him for the rebuilding of the comfortable place of worship here, known as the Union Church. In the absence of his pastor, Rev. Mr. Barnes, (Methodist), Odessa, took charge of the funeral service on Tuesday, at the house, and the remains were placed in the vault at Millhaven. He is survived by his widow and one brother, William Amey.

Mrs. Amey's loss will be felt keenly, as their lot was a most exceptional one, for sixty-one years of married life they sustained each other through the strenuous journey of life, and the past year of confinement to his bed, she cared for him every want. None could do anything for him as well as she, who now feels the strain of her patient vigil.

In politics, Mr. Amey was a staunch Conservative and a hearty admirer of the late Sir John Macdonald. At different times he filled the office of reeve of the township to the satisfaction of all, owing to his keen business ability. Thus one by one the links are broken binding us to the past. "Uncle Jesse" as familiarly called, will be greatly missed by young and old.

**FOR BANTAM BATTALION**

Egan says the limitations are five feet two inches, and he is anxious to get as many as he can from this town, and surrounding country.

**The Late Mrs. J. H. Clapp.**  
Napanee, Jan. 27.—This week Napanee lost another of its old residents, Mrs. J. H. Clapp, West Street. Mrs. Clapp was born near Bath eighty years ago. Early she moved to Herkimer county, New York State. There she married J. A. Gould and they moved to Canada, taking residence in Shannonville in 1857. On February 3rd, 1863, Mr. Gould passed away. Eleven years later Mrs. Gould married J. H. Clapp, and together they moved to Napanee. There were in all four children, but only one, Madge, survives. Mrs. (Dr.) Porter and S. M. Clapp were here for the funeral. Another stepson, S. T. Clapp, is dangerously ill in Toronto and was unable to attend, while Mr. Clapp, who is eighty-four years of age, and lived with his daughter, Mrs. (Dr.) Porter, at Washburne, Shannonville, was too ill to make the long journey to Napanee.

An Arrivior resident sent a large parcel of "cats" to the American Consul to be sent to Germany. They were bought for a man who was killed in action.

## WAS RE-ELECTED CHAIRMAN

**B. BLACKHALL AGAIN HEAD OF BOARD OF HEALTH.**

Members Acted on Recommendation of Trades and Labor Council, and Will Ask for the Appointment of Plumbing Inspector.

B. Blackhall has been honored with a second term as chairman of the Board of Health. His re-election took place on Friday afternoon at the inaugural meeting of the board. Those present at the meeting were the chairman, Dr. Williamson, medical health officer; Dr. Crowley; E. Cain, the newly-elected member; Sanitary Inspectors W. S. Gordon and Nicholas Timmerman.

On motion of Dr. Williamson and Dr. Crowley, Mr. Blackhall was elected chairman.

The board will again ask the City Council to appoint a plumbing inspector. E. Cain, the new member of the board, moved that a competent plumbing inspector be appointed. His motion was seconded by Dr. Williamson, and was carried by a unanimous vote. The board made a similar recommendation to the council some years ago, but no action was taken.

A communication was received from the Trades and Labor Council asking for the appointment of a plumbing inspector, the council holding that such an appointment was of great importance in the interests of public health.

Mr. Cain introduced a deputation composed of Messrs. William Guild and W. H. Lane, who appeared as representatives of the plumbers' union in support of the appointment.

Mr. Guild addressed the board at some length, pointing out the need of an inspector. He said that the Board of Health was held responsible for the health of the city, and that in the interests of the health of the citizens an inspector should be appointed to see that the plumbing was carried out in accordance with the by-laws. At the present time the city engineer held the position of plumbing inspector, and the work was done by the engineer and his staff, but this department was too busy to give the matter the attention it should receive. The work of the inspector called for a practical plumber. By-laws regarding the class of work to be done were violated every day, and the plumbing trade was keen, and this was the cause of work being done improperly. There should be an inspector, who could inspect a job, from time to time, as the work was being carried on, to see that the work was properly done. Without an inspector there was every chance of "the" job being done. The speaker explained many cases in which improper work could be carried on.

Mr. Guild was thanked by the chairman for his explanation of matters, and asked him to present his case before the members of the Board of Works at their next meeting, which he promised to do.

Mr. Cain said he knew of nothing that was needed so badly in the interests of public health than that of a plumbing inspector.

The board agreed to allow Andrew McLean and the Baju's brewery to store ice for cooling purposes under the same conditions as last year. The conditions are that just as soon as the ice is harvested and stored that the refrigerators be locked by the sanitary officer and the key left with the Board of Health. This is to prevent ice being removed.

## HOW TO CURE STOMACH TROUBLE

**The Common Cause is Lack of Blood—Therefore You Must Build Up the Blood.**

There is the most intimate relation between the condition of the blood and the activity of the stomach. The blood depends upon the stomach for a large part of its nourishment; while every act of digestion, from the time the food enters the stomach and is assimilated by the blood, needs plenty of pure, well-oxygenated blood. The muscles, glands and nerves of the stomach work only according to the quality of the blood.

The most common cause of indigestion is lack of rich, red blood. Not only does impure blood weaken the muscles of the stomach, but it lessens the product of the glands of the intestines and stomach, which furnish the digestive fluids. Nothing will more promptly cure indigestion than plenty of pure blood. Dr. Williams' Pink Pills are the safest and most certain blood-builder. A thorough trial of these pills gives a hearty appetite, perfect digestion, strength and health. Here is proof of the value of these pills in cases of indigestion.

Mr. Daniel Dexter, Liverpool, N.S., says: "For several years I was a great sufferer from indigestion. I was greatly troubled with gas on the stomach which caused disagreeable sensations. I was also frequently troubled with nausea and vomiting, which were very distressing. As a result of my trouble my appetite almost completely failed and what I did eat caused me constant pain. I was continually doctoring but did not get any benefit, and had about made up my mind that I would suffer for life. One day a friend asked me why I did not try Dr. Williams' Pink Pills, and while I had not much hope of a cure I decided to do so. I had only taken a few boxes, however, when I found they were helping me. Very glad then I continued the use of the pills, and in less than three months I was as well as ever I had been, able to eat a hearty meal, and to feel that life was again worth living. I had also been troubled from time to time with attacks of rheumatism; and the use of the pills cured this as well as the indigestion. It is now over a year since I took the pills, and in that time I have had no return of the trouble."

Dr. Williams' Pink Pills are sold by all dealers in medicine or may be had by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams Medicine Co., Brockville, Ont.

# Without Father or Mother.

These thousands of innocent little folk probably would not be all today but for the care given them through the Belgian Relief Committee. Many of them are war orphans that in their fathers have been killed resisting the German invasion and their mothers have died of privation. Today as the picture which was sent to the local Belgian Relief Committee 59 St. Peter Street shows they are hungry and happy children. The youngsters seen here are being fed in a schoolroom that has escaped the shell of the "Jack Johnsons." Having finished one plate of soup they are looking expectant and it is evident from the encouraging look and attitude of the attendants that they are going to get more.

Isn't it worth while to keep the light and life and strength shining in these chubby faces? And yet it is certain that unless the contribu-

tions to the Relief Committee pour in steadily and ever increasingly some of these babies are going to pine away and die of sheer starvation.

Their needs are simple. They do not require goodies or gaudy presents for Christmas. But they must have the bare necessities of life, and these they absolutely cannot get except by the help of more fortunate citizens of other nations through the Relief Committee. Their relatives are all either dead or deprived of any means of livelihood.

So for their sakes and for the sake of their noble high-minded race goes forth the appeal to humanity for bread to keep alive a nation. Send your subscriptions through the Kingston Board of Trade or to the Central Belgian Relief Committee, 59 St. Peter Street Montreal P. Q.
