Are The Four Fruits Used in Making "Fruit-a-lives"

"FRUIT-A-LIVES" is the only medicine in the world that is made from the juices of fresh ripe fruits. Thus, it is manifestly unfair to say, "I wouldn't take Fruit-a-lives because I have tried other remedies and they did me no good!"

"Fruit-a-lives" is entirely different from any other preparation in the world, it is just what you should give a fair trial, in any trouble of the Stomach, Liver, Bowels, Kidneys or Skin.

Motoring Minus Fatigue

HERE IS A CAR you can drive for hours without effort or fatigue. The control is as simple as that of an electric, responding like a flash to the merest touch. You can shift the gears with your finger tips. The slightest pressure operates the clutch and brake pedals. In congested traffic, where frequent stops are necessary, you can hold out the clutch with the car in gear without tiring your foot. The clutch engages so effectively that you can move the car forward or backward an eighth of an inch at a time if you wish. And the brakes are just as responsive—no need to throw your full weight on the brake pedal—just a gentle pressure and the brakes take hold.

The BRISCOE eliminates all the effort of driving, and doubles the pleasure of running your own car. It starts on the instant, accelerates with velvety smoothness, and stays on the road at any speed. The upholstery is deep and luxurious, with high seat backs which come well up over the shoulder blades. The Full Elliptic Spring Suspension ensures smooth riding qualities and neutralizes the jars and jolts.

By which the people of the helligent nations were inspired earlier in the struggle seems to have, in a measure, disappeared, and nearly every day there is a rumor of peace or an unresisted suggestion of mediation. We hear much of the ending of the war by economic exhaustion. Is it not possible that emotional exhaustion will supervene before the resources of any of the combatants are entirely spent?
