### CANADIAN SPRINTERS ALL CHASING HUNS

And None Are Available for Big Athletic Meet at Baltimore.

The Baltimore Sun says: For the first time in years the Johns-Hopkins Fifth Regiment indoor athletic meet, to be held at the armory on Saturday night, will feature a Canadian track star among its entries. None of the swift distance and sprint men from the Dominion is available this year, for, according to the correspondent of the games committee in Montreal, Canada have given her athletes to the war. Every one of the men who formerly ran in Baltimore, and were so popular because of their excellent work, have joined the colors. Tressider and Tait are in the trenches, and Duffy was killed some time ago.

The Canadian entries have been such a popular feature in the past that the management of the meet made every effort to secure someone from across the border to appear here, but it was found that not even a less-well-known runner could be secured. Even the star high school relay team of Montreal, which the Canadians had intended to send down, is in a training camp for the front, and, therefore, the games committee was forced to abandon the idea for this year at least.

### LAJOIE TO ATTEND.

The Birthday Anniversary Party of J. Honus Wagner

Napoleon Lajoie, now of the Toronto Baseball Club of the International league, who for twenty years ranked with Wagner as a major league star, will be among those who will assemble to honor the great ball player on the occasion of his forty-third birthday anniversary, next Saturday night, at the William Penn Hotel, Pittsburgh, Pa.

Walter C. Nevin, one of the committee in charge of the Wagnerian feast, is in receipt of a telegram from the famous French. Larry gives positive assurances that he will be in Honus' corner when the bell rings.

Lajoie, like Honus, has passed the fortieth milestone in life. He finished his major league season with the Athletics last season, and recently was appointed manager of the Maple Leafs. He has many admirers in Pittsburgh, who will welcome him to the joyous event.

### Hunting and Breeding.

The council of the Agricultural Society of England has passed the following resolution: "That the Board of Agriculture and the War Office be requested to state their policy for stimulating the production of light horses suitable for military purposes. At the present-time the raising of these horses is unremunerative, and, as hunting is practically abandoned, unless something is done by the Government to give confidence to the breeders, a very serious state of affairs will inevitably arise."

### Austrian Derby.

The Austrian Derby is to be run at Vienna on June 10. According to "Deutscher Sport" twenty-seven German horses are left in the race, of which eight belong to the Graditz stud, six to the brothers von Weinherr, five to Herr C. Frohlich, and two each to Prince Hohenlohe-Ochringen, and the Mydinghoven stud. The value of the race is \$20,830, and in addition a prize of honor the gift of the Emperor of Austria.

### Witter Turned Back.

Outfielder Leo Witterstetler has been sold by the Giants to the Tinker's Columbus, O. club. He was drafted from Newark last season, but refused a New York contract because of membership in the players' frat.

### Ganzel is Peeved.

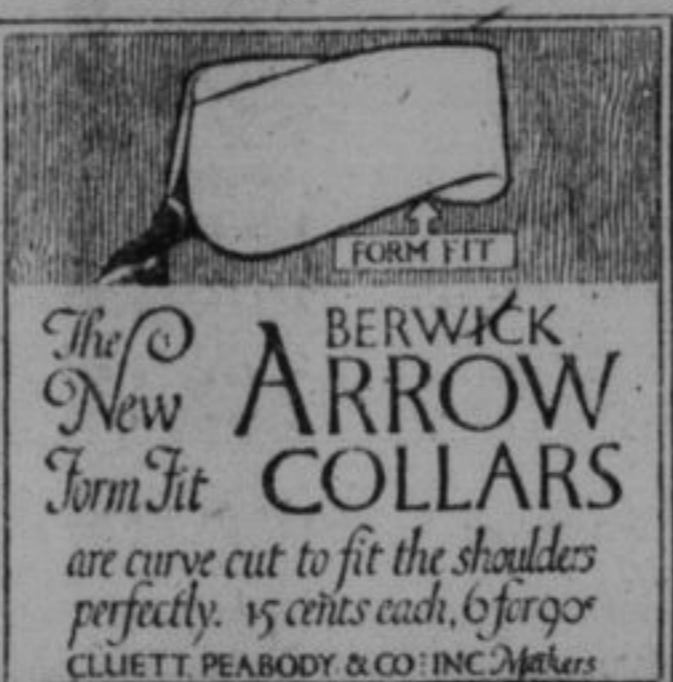

John Ganzel, manager of the Kansas City club, is incensed. He wants George Pierce, Cub pitcher, but the Cardinals refused to waive. Louisville also put in a bid for the Chicago hurler.

Hugh Duffy, coach of the Harvard baseball team, has been appointed coach of the Boston National League Club by Manager George T. Stallings. He will join the Braves at the close of the college season, taking the place formerly filled by Fred Mitchell, now manager of the Chicago Nationals.

### MORE ANTE-SEASON GAMES THAN EVER

Baseball Teams of American and National Leagues Will Class in Many Contests.

Although considerable opposition developed last spring among certain of the big league owners against the games, the agitation appears to have had little effect, for more contests of this class have been scheduled for the next two months than was the case in 1916. A year ago the various clubs of the two major leagues met in more than thirty of these training season games, while close to fifty have already been announced for the coming campaign, with several clubs yet to make public their plans in this direction.

As a preliminary to the pennant races of last year the big circuit teams met in thirty-nine games, either inter-league or inter-club, with the result that the National League clubs won twenty-four and the American League clubs fifteen. The senior organization piled up a total of 309 hits and 154 runs to the junior's 290 hits and 125. In errors the American League players made a slightly better showing, the final analysis crediting sixty-one to the Nationals, and fifty-eight to the Americans.

This year forty-nine interleague games have been scheduled to date, with Brooklyn in the National and Boston and New York in the American League playing the greatest number.

### Carpenter Still Fighting.

The persistent report that Georges Carpentier, the French heavyweight champion, has been killed while in action over in France is absolutely groundless and lacks confirmation. There already have been numerous similar accounts of the Frenchman's death by a shell, but each rumor has been proved fictitious. According to the last authentic accounts, Carpentier was in London on a furlough. This was but several weeks ago, and

## Why Don't We Show Pictures of Our Clothing? We'll Tell You Why!

Because you cannot see the value of our goods from pen and ink sketches. The very meat and bone of clothing is the cloth and the tailoring, and how can you judge these features from pictures? You simply must see our clothing — yes, feel it too — in order to understand what Lion Quality means. Furthermore, isn't it true that a man spends more than half his waking hours at labor, yet have you ever seen a fashion picture showing a man at work?
