WHY YOU SHOULD USE M.S.C. SHAMPOO

It maintains healthy hair, corrects unnatural scalp conditions, and assists nature in restoring normal, healthy conditions, by stimulating and renewing the hair-growing processes.
HEALTHY HAIR NEEDS ATTENTION, and any disorder of the scalp or falling hair will grow worse by neglect.
 M. S. C. SHAMPOO contains pure Coconut Oil and other hair health ingredients, which by constant use will keep the scalp and hair in perfect condition.
 Being in LIQUID form, it is easy to apply: You simply wet the head thoroughly in Hot water, then apply about two tablespoonful, which will instantly work up oceans of lather that will thoroughly cleanse the scalp, and after thorough rinsing will leave the hair beautifully soft.
 Buy a bottle from your dealer and follow directions carefully, and you, like thousands of others, will be convinced of our claims.

FRONTENAC CONSERVATIVES

HELD THEIR ANNUAL MEETING 'ON SATURDAY AFTERNOON.

Addresses Were Given by Mayor Hughes, A. M. Rankin, M.P.P., and Dr. J. W. Edwards, M.P.

At the annual meeting of the Liberal-Conservative Association of the County of Frontenac, held in the County Council Chamber, at the Court House on Saturday afternoon, Hiram Atkinson, of Pittsburgh township, was elected president. After the business portion of the meeting was disposed of, the members were addressed by Dr. J. W. Edwards, M.P., Anthony Rankin, M.P.P., and Mayor J. M. Hughes.

William Allison, the president, occupied the chair, and in addressing the members, stated that the association was in a flourishing condition. Many new members had joined the ranks. He remarked that on account of the war, Premier Borden was having a very hard time.

"But, as has always been the case," remarked the president, the sun is shining upon us.

The election of officers was then proceeded with, and resulted:

President—Hiram Atkinson, of Pittsburgh.
 First Vice-President—John Blake, of Sydneyham.
 Second Vice-President—Dr. Geddes, of Verona.
 Secretary—Hugh Horne, of Wolfe Island.
 Treasurer—George Stewart, of Pittsburgh.

After the election of officers, Mayor Hughes was called upon for an address. He congratulated the members on their selection of president. Referring to politics, he said that when the call was sent out for a general election, there was no reason why the association's representatives should not be re-elected.

Mayor Hughes also referred to the war, stating that the farmers of Frontenac county were to be congratulated on the part they had been taking to win the struggle.

A. M. Rankin Speaks.

Anthony Rankin, M.P.P., was called upon after Mayor Hughes, and in his opening remarks, he stated that the finances of Ontario were in a flourishing condition. He referred to the work being undertaken for the returned soldiers, and stated that there was nothing too good for those men who had served their king and country.

Mr. Rankin told of one case where a returned soldier who lost a limb in the war, had taken up telegraphy, and had qualified himself for a position with a railway, at a salary of \$80 per month.

The speaker also referred to the proposed Standard Dairy Act, and said that he had been informed by the Minister of Agriculture that this act would not be introduced for another year, so that it need not give the farmers any concern this year. It had been left over in order to give the farmers time to consider the matter. There was need, he said, of education along the lines set out in the proposed act.

Mr. Rankin declared that large sums of money were being expended by the Legislature to protect agriculture. In the history of the province there had never been so much attention given to this branch of the work.

Dr. J. W. Edwards.

Dr. Edwards said that over 85 per cent of all the surplus products the farmer had to sell found its way across the ocean. And what did this mean? Simply this, that so far as the farming population of Canada was concerned, the farms would not be worth considering if it were not for the fact that Great Britain's navy stood supreme and for this reason the cheese was able to reach England in safety.

Speaking about the navy, Dr. Edwards took a fling at the Liberals for knocking the Conservative proposition to give the mother country three dreadnoughts. He said that the Chronicle, published in the old country, had the statement of the Admiralty that if Sir David had had three more vessels he would have been able to wipe out the entire German fleet in one of the fights. The Conservative government wanted to give three dreadnoughts, and had they been given we would not have had this submarine menace to-day. New Zealand had her battleship in the war, and it would have been a proud

ECZEMA ON FACE

Was So Bad Had to Stay in House.

All skin diseases such as eczema or salt rheum, itching or burning rashes, eruptions, ulcers, boils, pimples, etc., are all caused by bad blood, and while not usually attended with any fatal results, may sooner or later develop into some serious blood trouble, and the entire system become affected.

Burdock Blood Bitters, that old and well-known remedy, will cleanse the blood of all its impurities, and by this means cure all skin diseases and other blood troubles.

Mrs. Ernest Andrews, Hamilton, Ont., writes: "My face was covered with eczema and was so terribly bad I had to stay in the house. I had ten different doctors but got so tired of their treatment that I went and bought a bottle of Burdock Blood Bitters, and it helped me so I kept on taking it. Now I am cured, and have a lovely skin."

"People who used to see me when I was so bad and see me now will not believe it, but I always tell them that nothing cured me but Burdock Blood Bitters."

B.B.B. is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

moment for Canada to have had one. Dr. Edwards had something to say about the position of the United States, referring to the many thousands of people shaking on the brink of neutrality.

"The President wrote notes until he ran out of words. He hunted up Webster's dictionary to get new words, and then when he had used up all he could get he had the archives of an old King who died in South America searched and then penned some new words. I say the day is passed when we were perfectly satisfied that the States would not see us injured."

Against Oleomargarine.

Dr. Edwards placed himself on record as being opposed to removing the embargo on oleomargarine.

"I am opposed to anything of the kind," he said. "In my judgment it would be a very serious blow to the farmers of Canada if it is allowed to come in."

The speaker said it would bring fifteen cents per pound, but he regarded the scheme as "penny wise and pound foolish."

The speaker was ready to admit that there had been grafting. Mistake had been made. The war was a mistake in the first place. But Canada was not the only place where they were making mistakes. In England, France and Germany mistakes had been made too. When one considered the millions of dollars spent in Canada on the war, there had been a smaller percentage of graft and crooked work, than in the money spent in this country.

As long as there was a world there would be crooked men—men who were ever ready to take an advantage and line their own pockets. It must be admitted that Premier Borden was at all times doing his best to keep in check the men who were trying to make themselves wealthy at the expense of the Government.

Turning to the question of an election, Dr. Edwards said that he did not know if there would be one this year or not. No person could tell this.

"I do say this," he added, "that if there is an election, if there is one another, who should mark his ballot, it is the soldier at the front. The ballots are overseas. The Government had them sent over there in readiness. In the election in British Columbia it was shown that only about one quarter of the soldiers were able to vote. The war is so strenuous that it is hard to poll the soldiers' vote."

Before closing, Dr. Edwards referred to his "pet subject"—that of recruiting, and recorded another attack on the French-Canadians for not enlisting. He said it would be a shame to have the soldiers fighting at the front, deprived of a vote, while the young French-Canadians remained at home, to vote and run the country if they got a chance. He declared there would be a day of reckoning when the soldiers came home. In the house he had stated that 17,200 French-Canadians from all over Canada had enlisted. He would go still further and say that in his estimation, there had not been 10,000 French-Canadians from all over Canada enlisted and gone to the front.

Dr. Edwards also referred to the proposed Standard Dairy Act, and said that he had been informed by the Minister of Agriculture that this act would not be introduced for another year, so that it need not give the farmers any concern this year. It had been left over in order to give the farmers time to consider the matter. There was need, he said, of education along the lines set out in the proposed act.

CLAIMS OF WOLFE ISLAND WILL BE URGED ON CITY COUNCIL BY REEVE SPANKIE.

Ask Permission for Use of Thirty Feet on Easterly Side of Clarence Street for the Construction of Wharf—Township Would Do the Work.

Dr. William Spankie, reeve of Wolfe Island, will appear before the City Council at its meeting to-night to urge the claims of Wolfe Island residents to wharfage at Kingston.

The wharf that at present is used, at the foot of Clarence street, the Council has been asked to give up, and there is no other wharf in sight available. Dr. Spankie says if permission is given for thirty feet on the easterly side of Clarence street a wharf one hundred feet long will be built and built quickly. He says the township can put it up at almost one-half the expense the city can. The wharf will become the property of the city, and the township being given free use of it for ferry purposes.

Kingston is the only place that the Wolfe Islanders can do business with, and they feel that the city should give them every facility for proper trade transactions. The reeve says the farms of the township would fill the wharf with stone, and that they have an option on lumber which could be used for the construction of the wharf.

Ladies' Musical Club.
 The programme for the meeting of the Kingston Ladies' Musical Club on Saturday afternoon, was arranged by Mrs. Arthur Craig and Miss Bessie Sanderson, and included vocal solos by Miss Jessie McArthur, Miss Phyllis Devlin, Miss Mary Werte, and Mrs. Callander; piano solos by Mrs. Mather and Miss Grace Clough; a piano duet by the Misses Minnes and Shaw, and a violin solo by Miss Norma Telemann. The programme consisted of Indian music and negro folk songs. Miss Shaw gave a paper on negro music and Indian melodies.

Small Gardens.
 Dr. S. D. Stclair, of the Department of Agriculture, will give an illustrated lecture on "Small Gardens" in Convocation Hall on Tuesday, Feb. 27, at 8 p.m., under the auspices of the Local Council of Women and the Women's Canadian Club. All welcome.

Paardeburg Day.
 To-morrow, Feb. 27th, will be Paardeburg Day, a day for citizens to honor the memory of the brave Canadians who have fallen in the present war as well as those who gave up their lives in South Africa.

Miss Jennie Fox, Deseronto, severely cut the palm of her right hand on Monday and lost a quantity of blood. The gash was sewn up with four stitches.

Hair Coming Out?

Dandruff causes a feverish irritation of the scalp, the hair roots shrink, loosen and then the hair comes out fast. To stop falling hair at once and rid the scalp of every particle of dandruff, get a 25-cent bottle of Danderine, at any drug store, pour a little into your hand and rub it into the scalp. After a few applications the hair stops coming out and you can't find any dandruff.

APPEALED TO FARMERS
 To Give Returned Soldiers a Chance on the Farm.

Mayor J. M. Hughes made a special appeal to farmers at the County Conservative meeting on Saturday to give the returned soldiers every chance possible on the farm. He referred to the fact that a Soldiers' Aid Commission had been formed in the city, and stated that no doubt many of the men would find their way to the farms, and for this reason he wished the farmers to give them every chance. After their service at the front they might not be able to do anything that the farmer might expect of them, but the mayor appealed to the farmers to have patience.

OVER-WORKED MAN
 Bank Cashier Almost a Wreck—How He Regained Strength.

Kingston people will realize that this is one more link in the wonderful chain of evidence proving that Vinol, which contains beef and cod liver peptones, iron and manganese peptones and glycerophosphates, has no equal to create strength.

Mr. Chas. A. Ogle, Monrovia, Md., says:
 "For many years I was a school teacher, then for three years was Deputy Clerk in Frederick County, Md., and for the last three years I have been cashier in the First National Bank. My nerves got in such a bad condition, and with poor assimilation of food, I was fast becoming a physical and mental wreck. Seeing an advertisement for Vinol, I purchased a bottle, and found it to be exactly what I needed. It has not only benefited my nerves, but built me up both mentally and physically, and I want to recommend it to anyone suffering as I did."
 Try a bottle of Vinol with the understanding that your money will be returned if it does not help you.

 CONTRACTS HAVE BEEN LET.

Work on New Post Office at Sydenham Will Start in Spring.

Dr. J. W. Edwards, M.P., announced at the county Conservative meeting on Saturday that contracts had been given for the erection of a new post office at Sydenham, and that work would be started in the spring.

Taken to Hospital.
 Joseph Gates, driver for D. Cooper, and one of Kingston's best known residents, is in the General Hospital as a result of a stroke on Sunday afternoon. He was at Princess street Methodist church in the morning as usual, but in the afternoon had to be taken to the hospital.

Henry Woods, Lanark township, has purchased from Mrs. Allan Stewart the dwelling house at present occupied by E. J. Doohar and intends moving into it in the spring.

There is a shortage of coal in Renfrew. Different services and meetings have had to be cancelled as a result.

Mr. MacGregor, Napanee, sold his house to Miss Mary Van Slyke.
