U. S. SHOCKED AT REVELATIONS

(Continued from Page 1.)
when the Mexican Government suddenly reversed its attitude and announced that it had no intention of cutting off the British supply of naval fuel oil, as had plainly been indicated in Gen. Carranza's proposal to make peace in Europe by cutting off exports of food and munitions from neutrals.
At Columbus, N. M., it is charged that German influences were responsible for the Villa raid, with the object of forcing intervention by the United States, which was expected to draw the attention of the American military forces and munitions, and consequently cut down the munitions exports to the Allies.

German Consulate Burglarized.
Juarez, March 2.—The German consulate was robbed last night and a number of important official papers were reported to have been taken from the files of Consul Max Weber, who has been in charge of consular and diplomatic affairs for the German Government in Northern Mexico.

Millions Sent to Mexico.
(Special to the Whig.)
Washington, March 2.—Millions of dollars have been sent to the Carranza Government of Mexico recently by Germans in the United States. It was learned on high Government authority to-day that these millions were in the form of "general loans" to Mexico. Other millions went into the purchase of smelter plants wherever available in Carranza's republic. The money was sent in spite of warning by the United States that such "loans" would not have the support of this Government unless all details of the arrangements between the loaning parties and Carranza met with the approval of Washington.

WOLFE ISLAND NEWS.

Farmers Busy Hauling Supplies While Sleighing is Good.
Wolfe Island, Feb. 28.—Robert Horne, confined to his home through illness, is steadily improving. Mrs. Hiram Marlow, dangerously ill, is steadily improving. John Loughlin has purchased a building on Garden Island, and is busy tearing it down. A number of farmers on the south side of the island are busy hauling their hay to Cape Vincent for shipment to New York. H. Leakey is hauling lumber to erect an up-to-date house. Bert McDermit, who has been dangerously ill with typhoid pneumonia, is steadily improving. John O'Shea is busy hauling wood from Cape Vincent for his cheese factory.
Miss Kate Lyons, Watertown, N.Y., is visiting her parents here. The sad news of the death of Mrs. James Kingsley, Boston, reached here Saturday. James Kingsley has the sympathy of a large circle of friends in his bereavement. The traffic between Kingston and Cape Vincent has been the largest this winter in years. Mrs. John Ryan, Rosiere, N.Y., while visiting on the island, received a telephone message that her second son had received a kick from a horse, which proved fatal.

Probs: Saturday, fair and cold.

Steady's

Prescription Service

The confidence the doctors have in our ability to properly dispense their prescriptions quite justifies the careful service we are giving today. From early morning to midnight we are "on the job" and take the utmost care to give our customers the service which has so helped to build up our business. We are now commencing our thirteenth year, which we hope will surpass last year, and that means we'll be "going some."
