PRaises CANADIANS.

For Their Services in France and in Belgium.
 By Stewart Lyon, Special Correspondent of the Canadian Press.
 Canadian Army Headquarters, March 31.—The close relations existing between the Canadians in France and the people were emphasized yesterday when a parade was held at which a number of French officers attached to corps in various capacities were decorated, some with the Military Cross and others with the Distinguished Conduct Medal. The general of the army of which the Canadians for a part, in presenting the decorations, referred to the splendid struggle of the French nation for the recovery of its invaded territory. The successes in the Somme area were an earnest indication of others to come. The army commander also referred in terms of praise to the services of the Canadians in France and Belgium.
 The unique feature of the ceremony was that while it was in progress a squadron of aeroplanes were engaged in battle tactics practice almost overhead. At the close the rattle of machine guns in the air mingled with the strains of the French National Anthem.
 Several raids have taken place recently on the German trenches in front of the Canadians with minimum losses. We have ascertained the enemy's exact infantry strength on this part of the front.

AN INTERESTING EPISODE.

Lieut. R. R. Paul, M.D., Had Novel Meeting With Patient.
 The Dauphin, Man., Herald says: Dr. Roy R. Paul, lieutenant in the R.A.M.C., spent a few days in town visiting his brother, M. H. Paul. The doctor is taking a short holiday. In an endeavor to recover from the effects of a breakdown in health caused by severe strain and overwork during the past two years in a hospital on the island of Malta, in the Mediterranean. Mr. Paul has another brother in the R.A.M.C., Dr. H. E. Paul. One experience of his is worth recording. He was watching a patient, Pte. Hunt, Brandon, slowly recovering consciousness after a serious operation on the brain, made necessary by a shrapnel wound, and was much astonished when the sick man in a dazed way said, "Hello, Dr. Paul, what's the matter? You are not operating on me again for appendicitis, are you? I didn't know I was back again in Fort William." It appears that the doctor operated on Pte. Hunt three years ago in Fort William for appendicitis.
 All the Pauls mentioned are sons of Mrs. Henry Paul, Newburgh. The doctors are graduates of Queen's University, Kingston.
