Ride Ride--Ride

Everybody ought to ride a bicycle this spring. It's healthy, it's handy, and this is the year to save money.

It has been proved that it is cheaper to ride a bicycle than ride in the street cars.

Up the Baseball Ladder of Fame

John J. McGraw's climb up th baseball ladder of fame is an interesting story. The manager of the New York Giants was born at Truxton, N.Y., forty-two years ago. He attended Bonaventure School at Allegheny. Penn., and proved the best infielder on the school nine. His work attracted the attention of B. F. Kenny, who offered him a position

Fish in the North Sea are having the time of their lives just now. It is too dangerous to trawl for them, A world's record for the 220-yard so they are lift in peace. For several years before the war broke out. was made at New York by Norman even since the advent of the steam

It might be thought that this was impossible, considering the size of the North Sea. And so it would be, perhaps, if the trawlers worked evenly all over its area. But they do not, They all crowd together on the famous fishing ground known as the Dogger Bank, whence in peace time comes the bulk of our sea fish,

The Dogger is a flat sandbank in the middle of the North Sea. If it were 50 or 60 feet higher it would be a huge flat island, stretching from point about forty miles opposite Flamborough Head to within a few miles of Jutland . It constitutes an ideal breeding-ground for flat-fish soles, plaice and the like.

And there they are now, increas-ing and multiplying by hundreds of millions, undisturbed save by the explosion of an occasional stray mine,
