OPENING NEW CITY DAIRY

O. J. Robinson and L. Morrison Are Proprietors of New Industry.

The Whig takes pleasure in introducing this new dairy to its readers, which is situated at 24 Johnson street, built of pressed brick. The proprietors are O. J. Robinson, formerly of Point Pleasant Dairy, and L. Morrison. While Mr. Morrison is practically a new man in this business, Mr. Robinson having over ten years experience in the retail dairy business, is very well-known to the people of Kingston.

The dairy is equipped with the latest machinery, capable of handling pasteurized milk and cream in the most sanitary manner. There is a large steam boiler to run the bottle washer and handling of pressed brick. The sterilizer, which are necessary in the production of bottled milk. Mr. Robinson was the first dairyman to bottle milk, after the Clarified Milk Company went out of business. The bottle business has since been increasing. Now there is a city by-law calling for all milk to be bottled, but it seems as though this has not been enforced for one of the milk vendors remarked at the last meeting they had, that he was going to "stop it out" as long as he could.

This will surely bring attention, so that this by-law will be enforced. In connection with the City Dairy, a four-ton artificial ice plant is being installed, which will be capable of handling a large quantity of milk. There is a refrigerator in this building, 16 feet long, 12 feet wide, and 10 feet high. City Dairy has made arrangements with H. B. Smith, who is appointed by the Dominion Government to make a test and an official report will be given in the paper monthly. This has never been done before by any other dairy. Mr. Robinson claims there should be a city inspector to do this work as two-thirds of the milk vendors are not producers and the remaining lot produce some milk and buy the rest. There has only been a test taken once a year, and last year no test at all. It seems as though there is no law for the Kingston dairy man. It is the intention of this dairy after 1st of May to make early delivery to all their customers will have milk for breakfast. This will be appreciated.

GAVE THEM A SEND-OFF. Mrs. and Miss Spence Received Remembrances.

Mr. and Mrs. James Spence and daughter, Miss Edythe, left on Wednesday for Wilmington, Del., for a visit, previous to Mr. Spence engaging in business again. Mr. Spence has been proprietor of the Randolph for the past five years, and has made the hotel a success in every sense of the word, ever aided by the kind and gracious personality of Mrs. Spence, whose consideration for the comfort of the guests of the hotel has made "The Randolph" a home for many.

To the assistants Mr. and Mrs. Spence had with them in furthering the success of their business, they have endeared themselves and the departure was much like severance of family ties.

On Tuesday evening the employees presented Mr. and Mrs. Spence and daughter with a beautiful electric lamp of exquisite design; also an affectionate address. The Frontenac Hockey Club presented Mr. Spence with a fine club bag and address, and several friends in groups and singly showered gifts and words of appreciation and regard upon them.

The Kingston charities will greatly miss Mr. and Mrs. Spence, as their frequent but ever quiet acts of kindness have been greatly appreciated, and many a prayer will follow them for the happiness and prosperity they so richly deserve.

PRAYER MEETING HELD.

Well Attended Event in the City Hall on Friday.

The prayer meeting organized by Mrs. Carr-Harris and held in the City Hall on Friday afternoon, was attended by over a city people, which was very satisfactory in view of the bad weather prevailing. Rev. Dr. Torrance presided, and gave the reasons for calling the meeting. Prayers for the confession of personal and individual sins were given by Rev. Douglas Laing and Abraham Shaw. Dr. Nash led in the prayer for the confession of family sins; Rev. Alfred Brown and Dr. Lake for the confession of church sins; and Rev. J. de C. Raynor and Prof. Carr-Harris for the confession of natural sins. Several beautiful hymns were sung.

HAVE PURE BLOOD

Hood's Sarsaparilla Makes Pure Rich, Red Blood. Your heart works night and day without a pause. It is the principal organ of the circulation of your blood. It is of the utmost importance that it should do its work well.

The quality and quantity of your blood have much to do with its action. If this fluid is pure and abundant, your heart and other vital organs act with more energy than when it is defective in quality or deficient in quantity.

Hood's Sarsaparilla makes the blood pure and abundant. It is the one old reliable medicine that has been sold for forty years, for purifying the blood. There is no better blood remedy, purifier, stomach tonic. It embodies the careful training, experience, and skill of Mr. Hood, a pharmacist for fifty years, in its quality and power to cure.

Use Coconut Oil For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulified coconut oil (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, lustrous and easy to manage.

You can get mulified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
