**THE BARS ARE DOWN**  
And Canadian Soldiers Again Visit Ogdensburg.  
For the past two years officers and soldiers of the Canadian army have not been permitted to set foot on the soil of Uncle Sam. With the declaration of war by the United States against Germany the bars have been let down and since Sunday Ogdensburg people have been extending the glad hand to the Canadian soldiers across the majestic river and giving them a hearty welcome to American territory. A number of officers and privates have already taken advantage of the privilege.

**Weather Notes.**  
The small disturbance which was over Lake Superior, yesterday has passed southeastward across the Great Lakes and an area of high pressure from the north is now spreading over Ontario accompanied by cooler weather.

72ND QUEEN'S BATTERY AND R.C.H.A. DRAFT

Said Good-Bye to the People on Thursday and Left for the East—Large Crowds Saw Batterymen Off.  
With large crowds of civilians present to say a last good-bye, the first of a series of artillery drafts left the city at 2 p.m. Thursday for the east after training here for a number of months. The unit best known here was the 22nd Battery of Queen's University commanded by Major R. R. Carr-Harris, son of Prof. R. Carr-Harris, Mack street. The draft from "C" Battery, R.C.H.A., was 200 strong and made up of men recruited principally in Toronto and Montreal.

The 72nd Battery formed up in front of Nicol Hall of Queen's University shortly after noon on Thursday where an inspection was held of their equipment. Every man carried his pack and accoutrements with him and the battery certainly looked splendid. At 5 o'clock the battery paraded along Barrie street and down Princess to King, and to the Grand Trunk station to entrain, meeting the R.C.H.A. draft at the station. The 253rd Q.U.H. Kingston companies were present and helped in the send-off. The train left about 2 p.m. amid cheers from the people and the soldiers.

**CASE OF CHEER UP, WORST YET TO COME**  
The Weather Man Predicts Snow Flurries and Cold Weather.

Cheer up, the worst is yet to come. This is what the weather man had to say on Thursday morning, when he announced snow flurries for Friday. People who had an idea that they were going to get to work in their garden at once, and that spring had surely arrived, had better take another guess, for according to all the reports on Thursday morning, over Ontario, it looks as if the snow shovel will be used for a time yet, and also the coal shovel. Better get a little coal in if the bin is empty, as the Weather Man is out of sorts, and anything but warm weather can be expected.

**INCIDENTS OF THE DAY.**

**Local Notes and Items of General Interest.**  
Pianos for rental at Lindsay's, 121 Princess St.  
City Engineer R. J. McClelland went to Ottawa to attend the sessions of the Good Roads Congress.  
Mr. Swaine, piano tuner, Orders laid at McAuley's, or 'phone 564.  
Prof. N. F. and Mrs. Dupuis, now in California, leaves on Sunday next on the trip back to Kingston.  
H. Cunningham, piano tuner, 21 King street, leave orders at McAuley's Book Store.  
Miss Bessie Rogers left today for Stanstead to resume her teaching at the Eastern Townships College of music.  
Two hundred cases of hospital supplies were shipped on Wednesday to Queen's University hospital in France.

Jess Willard has been rejected by the United States army on account of his size. They might have used him for a "tank."  
John O'Neil pleaded guilty before County Magistrate J. W. Bradshaw when charged with intoxication, and was fined \$10 and costs.  
The big consignment of Chinese wine, confiscated recently in a raid made by the police, has been disposed of in the usual way. It was dumped into the city sewers.  
Prevoist, Brock street, has received all his spring and summer goods for his order clothing department, in Ready-made clothing he has in stock a very fine line of Blue and Gray worsted suits for those not wishing to leave their order. He has also received some very nice lines of Gents' Furnishings.

**MAKE HISTORY MORE REAL.**

Plea of Prof. Skelton in Address at Toronto.  
Before the English and History Section of the Ontario Educational Association in Toronto, Prof. O. E. Skelton of Queen's University, made a plea for more emphasis in the writing and teaching of Canadian history upon social and economic factors. A knowledge of the way the men and women of our past lived and worked, of their ordinary tasks and surroundings, was essential to a real understanding of the period.  
The influence of the fur trade, of the fisheries, of lumbering, of farming, of manufacturing upon the country, and the chief stages or incidents in the development of each occupation should be given a share of attention. The methods of land settlement, the chief streams of immigration, the tasks, the festivities and the achievement of the backwoods pioneer, might be illustrated by local references and local traditions. The speaker laid special emphasis on the part played by methods of transportation, and on the way in which the railway had made national unity possible and had provided the basis of the division of labor, the specialization of industries, the concentration of people in the cities and the other distinguishing features of twentieth century life.

**St. Luke's Tea and Sale.**  
A delightful five o'clock tea was given by the St. Luke's church Ladies Auxiliary at the residence of the Misses Hentig, Princess street, on Wednesday. The spacious rooms were tastefully decorated with lilies, hyacinths, ferns and carnations, producing an Easterly effect. Rev. and Mrs. J. de Pencier Wright, received with the Misses Hentig. The many ladies who attended: Mrs. Scriven, Mrs. Beaman and Miss Spencer poured tea and the young ladies of the congregation served refreshments. Boxes of confections were also sold by the Ladies Auxiliary members. The proceeds were over \$40.

**Y.M.C.A. Boys to Work on Fruit Farms—Subscriptions to Help the Local Work.**

Mr. Stritt, the representative of the Ontario Department of Agriculture in this district, has notified the members of the Greater Production Committee that he will meet them at their meeting to be held in the Board of Trade rooms on Friday afternoon. This will be one of the most important meetings of the campaign, as Mr. Stritt, who is well posted on Agriculture, will have something of interest to say to the members and will be able to give a great deal of information which will be the means of helping on the work. There are many citizens who have expressed a desire to help in the appeal made for increased production but they do not know just how to go about it, and for this reason Mr. Stritt will be able to give some timely pointers.

**Work on Fruit Farms.**  
S. T. Lilley, boys' work secretary of the local Y.M.C.A., was called to Toronto on Wednesday night in consultation with the National Council of the Y.M.C.A., to consider ways and means by which boys may be secured to work on fruit farms and to help out in other ways in the increased production campaign.  
The National Council of the Y. M. C. A. has been asked to take up the matter with the boys in each city, and for this reason a general meeting was arranged to take place in Toronto, where plans could be set forth. Mr. Lilley will be given all the necessary instructions regarding the scheme, which will be worked out in Kingston. It will be a united effort on the part of the Y. M. C. A. to help out in the work.

**Doing Their "Bit."**  
Samuel Turpin, who looks after the houses owned by the Kingston Realities, stated to the Whig on Thursday morning that the people occupying these houses were doing their "bit." Many gardens are under cultivation, and in addition to the garden work many have also gone into poultry raising, some of the citizens putting up buildings to house the birds.

**Citizens' Support Asked.**  
The following are the subscriptions which were made to the Greater Production Movement at a meeting held in the Board of Trade rooms some time ago, and at which the movement was started by an address from Senator Richardson:
