REPORTS ARE ENCOURAGING

GIVEN AT MEETING OF GREATER PRODUCTION COMMITTEE

Dr. Creelman Will Be Invited to Address Mass Meeting of Farmers and Citizens on Present Needs—Garden Plot Demonstration Advocated.

Encouraging reports from every branch of the campaign, featured in the meeting of the Greater Production Committee, held Friday afternoon. "The scheme is meeting with great success, and we are delighted with the results so far," said Ald. George C. Wright, who is chairman of the Agricultural Committee.

The available land is being transferred to a willing band of workers, and the campaign has been opened to a good start, an evidence of the way in which the appeal has been met, was given in the statement of Ald. Wright, who remarked that one local dealer had informed him that he had sold more seed up till last Saturday, than he did all last season.

R. J. Rodger said the retail section was ready to canvass the city, to secure a list of men available for work on the farm. Senator Richardson suggested that arrangements be made to have shoe-closets earlier to allow men time for their garden work.

Robert Meek pointed out that steps should be taken to fill the gap between the city and the county. The county must be organized, the needs of the hour impressed on the prominent farmers of the county, and to stimulate interest he suggested a mass meeting for city and county people, to be addressed by Dr. Creelman, head of the Ontario Department of Agriculture.

In an address at Hamilton, had prophesied a tremendous shortage of food, with wheat at \$4 per bushel. There was also a danger of a shortage of meat, and he looked for meatless days in Canada. Anthony Rankin, M.P.P., said he interested Dr. Creelman on the question of what Frontenac could do to help. Dairying was the chief industry, and there was an appeal for the farmer to produce as much milk as possible.

Kingston, he states is our market. Yes kind sir. We are all agreed upon that, the city is or should be our market. But because it is, can we not assert our rights to the city with regard to the accommodation that we require for our people without being charged by an Islander who has no right to be there, in place of charging others, with wrangling or throwing slurs. Mr. Woodman should have been more explicit as to his words "wrangling or throwing slurs" for I fail to see where it comes in.

ANOTHER ISLANDER.

STOP DANDRUFF! HAIR GETS THICK, WAVY, BEAUTIFUL.

Girls! Draw a Cloth Through Your Hair and Double Its Beauty. Spend 25 Cents! Dandruff Vanishes and Hair Stops Coming Out.

To be possessed of a head of heavy, beautiful hair; soft, lustrous, fluffy, wavy and free from dandruff is merely a matter of using a little Danderine.

It is easy and inexpensive to have nice, soft hair and lots of it. Just get a 25-cent bottle of Knowlton's Danderine now—all drug stores recommend it—apply a little directed and within ten minutes there will be an appearance of abundance, freshness, fluffiness and an incomparable gloss and lustre and try as you will you can not find a trace of dandruff or falling hair; but your real surprise will be after about two weeks' use, when you will see new hair—fine and downy at first—yes—but really new hair—growing out all over your scalp. Danderine is, we believe, the only sure hair grower, destroyer of dandruff and cure for itchy scalp and it never fails to stop falling hair at once.

If you want to prove how pretty and soft your hair really is, moisten a cloth with a little Danderine and carefully draw it through your hair taking one small strand at a time. Your hair will be soft, glossy and beautiful in just a few moments—a delightful surprise awaits everyone who tries this.

Suffered With Heart For Ten Years

Would Nearly Smother. There is nothing that brings with it such fear of impending death as to wake up in the night with that awful sense of smothering.

The uncertain and irregular heart action causes the greatest distress of both mind and body. Milburn's Heart and Nerve Pills are the only remedy that can give prompt relief and effect a complete cure in cases of such severity.

They strengthen and invigorate the heart, so that it beats strong and regular, and tone up the nervous system so that the cause of so much anxiety becomes a thing of the past. Mrs. M. O. McCready, Wapella, Sask., writes: "I am not much of a believer in medicines, but I feel that it is only right for me to let you know what your wonderful remedy has done for me, and in a very short time, too. I had suffered terribly with my heart for nearly ten years, could scarcely do any work, and would nearly smother at times. I had many remedies, some only relieving me for a time. I got a box of Milburn's Heart and Nerve Pills and felt so much better that I kept on using them, and can truthfully say I feel like a new woman."

"I would advise anyone with heart trouble to use them."

Milburn's Heart and Nerve Pills are 50c. or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

Letters to the Editor

Wolfe Island Wharf Question.

Wolfe Island, April 11.—(To the Editor.) In a letter to the Whig signed W. H. Woodman, regarding the Wolfe Island wharf, on April 2nd, he takes issue with a letter signed "Islander" and also a letter signed "J. K.", when he says "there is no use wrangling or throwing slurs as I have seen in the Whig." Yes Mr. Woodman, Cape Vincent and Gananoque, knowing the benefit that Wolfe Island trade would be to them, if they could secure it, did make offers to the Island council, the said offer being still open. Kingston, he states is our market. Yes kind sir. We are all agreed upon that, the city is or should be our market. But because it is, can we not assert our rights to the city with regard to the accommodation that we require for our people without being charged by an Islander who has no right to be there, in place of charging others, with wrangling or throwing slurs. Mr. Woodman should have been more explicit as to his words "wrangling or throwing slurs" for I fail to see where it comes in.

THE BANK OF N.A. HAS STRONG RESERVES

Holdings of British Treasury Bills and Other Securities Increased by Seven Millions

The Bank of British North America at its annual general meeting in London on March 6th, reports of which have now reached Canada, presented a statement for the year ended November 30th, 1916, which should afford complete satisfaction both to shareholders and clients of this solid institution, now more than eighty-one years old.

The balance sheet showed a notable expansion of business, with an increase of over \$5,000,000 in total deposits, which now amount to nearly \$50,000,000, and note circulation increased by nearly \$900,000. Current advances show little change. Many regular borrowing customers have been able to reduce their liabilities out of profits, in some cases even becoming depositors. Indications, however, point to their requirements returning to normal, owing to the rise in prices, and the increased cost of production. Total assets are nearly \$68,000,000, while the readily realizable assets amount to 36 per cent. of immediate liabilities.

The chief item in the liquid assets is Canadian municipal and British Government securities, the latter of which includes \$4,501,666 of British treasury bills, against \$1,022,000 of that class of security a year ago. The increase in this item absorbs not only the whole of the new funds placed in the liquid reserve, but also a portion of the abnormally heavy cash items of last year.

Profits for the year amount to \$546,346. Out of this a dividend of 40 shillings per share has been declared, making the total distribution for the year at the rate of 7 per cent. per annum. Substantial appropriations were made for the various funds for the benefit of the staff, and a general staff bonus of 5 per cent. on the salaries was granted, extending to all members active service. One of the most interesting features in the chairman's address is his reference to the appointment of an advisory committee in Montreal, consisting of three gentlemen, prominent in commercial and financial circles, whose services would, he expected, be the greatest possible help both to the general manager and to the directors.

Real Travel Comfort. Spring is here, and patrons of the Canadian Northern Railway will find renewed pleasure in the Compartment-Library-Observation cars on all its Transcontinental trains, which not only allow the passenger to gain the full benefit of the wonderful scenery along the route, but also to take advantage of the many new comfort features which have created so much favorable comment among cross-country travellers.

A magazine and library bureau which contains the latest and most popular literature; writing desks with attractive stationery; a "Travelers' Shop" with a stock of articles the traveller is likely to forget or overlook in packing up for the trip, such as collar buttons, shoe laces, etc., are a few instances, while tasty teas and light refreshments may be obtained at very small cost.

Told In Twilight

Mrs. George B. Fleming and little daughter are visiting Capt. and Mrs. John Fleming at Belleville.
