REPORT MANY CASES OF RHEUMATISM NOW

Says We Must Keep Feet Dry; Avoid Exposure and Eat Less Meat.

Stay off the damp ground, avoid exposure, keep feet dry, eat less meat, drink lots of water and above all take a spoonful of salts occasionally to keep down uric acid. Rheumatism is caused by poisonous toxin, called uric acid, which is generated in the bowels, and absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine.

To the Late Joseph Lawson of Elginburg Circuit.

The following is an appreciation of the late Joseph Lawson, for many years a Sabbath-school superintendent, class-leader and steward on the Elginburg circuit.

When a minister dies, because he helped many, and is widely known, many mourn his demise. But when a godly layman who has spent nearly all his life in one township, hears the call 'Come Home' and from the gleaming of life's evening enters into eternal day, because his circuit of life's journey has been circumscribed by settled residence the number to mourn his demise and speak his praises is necessarily limited to comparatively few.

HUNS DARE NOT KILL HIM

Cardinal Mercier a Great Figure of the War.

We have listened to the mighty voices of wives and mothers; through their tears they have prayed God to sustain their courage and fidelity to the honor of their husbands and sons carried off by force to the enemy's factories.

We have seen some of these men on their return, pale, haggard, human wrecks; as our tearful eyes sought their dim eyes we bowed reverently before them, for all unconsciously they were revealing to us a new and unexpected aspect of national heroism.

Cardinal Mercier's Lenten Pastoral. This great figure of the war whom the Germans, with the eyes of millions of German, Austrian and Hungarian Catholics upon them, dare not kill and cannot silence, never spoke with greater eloquence than now, when with new hopes springing in his heart, he reminds the world not only of what the departed Belgian workmen suffer, but the menace their going meant to their wives and daughters, says the New York World.

Any girl who punctuates a love letter is mistaken in thinking there is something the matter with her heart.
