

### UNION and CO-OPERATION

Rev. J. D. BRYNES, North Bay

A FEW years ago we spoke of East as East, and West as West, and New Ontario as "No Man's Land," separating the two from the other, but the incalculable wealth of wooded hill and wooded mountain attracted a large and ever-increasing population. Among these new-comers are men of almost every tribe and nation—Russians, Austrians, Germans, Jews, Finlanders, Norwegians, Swedes, Poles, Icelanders, Turks, Hindus, Rumanians, Ruthenians, Chinese, and many others, as is seen from the fact that in one small town of four thousand people, twenty-three (23) different languages are spoken.

Rev. J. D. Brynes.

To meet this situation the Church in the North has endeavored to unify its work along different lines, especially by an extensive system of co-operation. A survey of the whole land was made and the newer sections equitably divided. In some of the older localities the Methodists withdrew from one place and the Presbyterians from another. Indeed, for a while we hoped that co-operation would solve the problem but experience taught us differently. It taught us that to meet an emergency or as a stepping-stone towards union co-operation is a good scheme, but as a permanent policy it is an absolute failure. It is a failure because it is unfair in principle and anything that is unfair in principle cannot be of permanent value in the policies of Church or nation. Union, on the other hand, enables the people to meet half way and to meet on a "basis" that preserves the highest and best in their respective churches. True, it will not solve every problem, but it will consolidate the armies of the Church and equip them to more successfully meet the forces of evil so strongly entrenched in this and every new land.

In harmony with the action of the Assembly and following the suggestions of the Joint Union Committee the Methodists and Presbyterians have agreed upon a policy and adopted a plan that will practically eliminate overlapping in the whole North land. This will mean a saving of much money (approximately \$38,000.00 per year), but what is much more important, thirty-eight men will be liberated for a larger service in more needy centres.

This great forward movement is possible, and possible only (1) because the assembly in harmony with the expressed wish of the members, Sessions and Presbyteries of our Church definitely decided to enter into union with the Methodist and Congregational Churches, (2) because in the light of that legislation

the people believe that union will be finally consummated in the near future, (3) because the legislation provided permits the re-organization of congregations along the lines prescribed for local churches in "the basis of union of the United Church of Canada."

That the people of this district want union is seen in the number of requests and suggestions that come to us along the lines of the following letter:

"We have read with much interest of your meeting re co-operation and union, and would like you to understand that we are heartily in favor of the movement, but at the same time may we suggest that in a community like — it would be very unwise to ask either church to withdraw. If, however, your proposition is union, there will be no trouble for we are ready."

The people are anxious for union because we have 102 preaching places vacant, many of which have no Protestant service of any kind. To leave so many places vacant in times like these is disastrous. To leave them vacant when in other centres two or three men are working a community which one could serve, is criminal. We want union because it will help and help mightily to build up such a religious, civic and national life that New Ontario instead of being a barrier separating eastern civilization from western progress will be the great golden link binding east and west, thus consolidating and unifying the Canada that is and the Canada that is to be.

### HAD INDIGESTION

Could Keep Nothing on Stomach

Indigestion is one of the worst forms of stomach trouble. The stomach becomes upset and you have a raw, debilitated feeling in it.

After a meal you feel that you must get rid of that nasty, bilious, burning sensation; that souring and rising of the food which is so unpleasant and in many cases very painful.

It is not necessary for you to be troubled with indigestion when Burdock Blood Bitters may be so easily obtained. This old and well-known remedy, which is a combination of nature's best roots, herbs, barks and berries, will cure indigestion and all stomach troubles.

Mr. Lazare Savoy, Pokemouche, N.B., writes: "About two years ago I was troubled with indigestion that had I could keep nothing on my stomach. I was sorely disappointed in everything I tried to relieve me. At last a friend advised me to try Burdock Blood Bitters. I took four bottles and can now eat anything that is set in front of me."

That grand old medicine, B.B.B. has been on the market for the past forty years, and we claim, without any fear of contradiction, that it is the best cure for all stomach troubles.

### CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

If Cross, Feverish, Constipated, Give "California Syrup of Figs."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. Their children's revolt is well-founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeiters! See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

### Cocoon Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with.

Don't use prepared shampoos or anything else, that contains too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain mulisified coconut oil, (which is pure and entirely greaseless), is much better than anything else you can use for shampooing, as this can't possibly injure the hair.

Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, which cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage.

You can get mulisified coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.
