CHEMICALLY SELF-EXTINGUISHING

What do these words mean to you?
 They mean greater safety in the Home — Surely something
 that interests you keenly!

Perhaps you have noticed these words and the notation
 "No fire left when blown out" on our new "Silent Parlor" match
 boxes. The Spliffs or sticks of all matches contained in these
 boxes have been impregnated or soaked in a chemical solution
 which renders them dead wood once they have been lighted and
 blown out, and the danger of FIRE from glowing matches is
 hereby reduced to the greatest minimum.

NAME OF STEPHEN STREET

**WILL NOT BE CHANGED, AS THE
 RESIDENTS REQUESTED.**

The Board of Works Equally Divided
 on the Matter and Motion of Ald.
 Polson Failed to Carry.

At the Board of Works meeting on
 Wednesday evening Ald. Polson moved
 that the request of the residents of
 Stephen street, that the name of that
 thoroughfare be changed, be granted
 and the necessary steps be taken to
 effect the change. Ald. Polson,
 Wright and Nickle supported the motion
 for the reason that very unfortu-
 nate conditions have existed on
 Stephen street, and the better class of
 tenants now there should be consider-
 ed.

Ald. O'Connor, Couper and White
 could not see that changing the name
 of the street would do any good. The
 conditions would right themselves.
 The motion was lost on a tie vote.
 The city solicitor was instructed to
 prepare a by-law providing that no
 billboard signs shall be erected on the
 streets or on vacant lots without the
 consent of City Council.

Dr. G. W. Mykes asked the Board to
 pay \$15 for damage done to his auto-
 mobile when it went into a trench cut
 into a roadway. The matter was re-
 ferred to the solicitor and the engi-
 neer.

Ald. Polson asked that Ontario
 street from Brock street to the bridge
 be more freely paved as the dust
 there is terrible. The engineer stated
 that he would endeavor to have more
 water put on those blocks.

Ald. Polson and Wright drew at-
 tention to the necessity of repairing
 some streets this year since no pav-
 ing was to be done. Brock, King
 street west and Ontario street east
 particularly required attention. The
 engineer will take these and some
 other streets into consideration, keep-
 ing in view the decision of council to
 do only "necessary work." Ald.
 Wright and Nickle required "neces-
 sary work" as that required to keep
 the city out of lawsuits.

Some of the Board members were
 of opinion that the paving of Univer-
 sity avenue should have been com-
 pleted this year in view of a start
 having been made last year. They
 came to the conclusion that doing per-
 manent paving was more economic
 than doing temporary patching of the
 roads.
 In attendance were: Alds. O'Con-
 nor (chairman), Couper, Nickle, Pol-
 son, White and Wright.

**MAJOR JAMES STEWART
 REPORTED WOUNDED**

Postmaster James Stewart Re-
 ceived a Cable on Tues-
 day Night.

Postmaster James Stewart received
 a cable on Tuesday night informing
 him that his son, Major James Stew-
 art, had been slightly wounded. No
 particulars were given as to the na-
 ture of his wounds.

Major Stewart has seen considerable
 service. He left in 1914, with Major
 Britton, of Gananoque, as a captain
 in the Fifth Field Battery.

In the summer of 1915 he was home
 on two months' leave, following an
 operation. When he returned to the
 front he was promoted to the rank of
 major with the 27th Battery of the
 7th Brigade. He suffered from shell
 shock, and was also gassed, and
 spent six weeks in England. On his
 return to the front again he was in
 charge of railway construction. Last
 month he took over his old battery
 again. Major Stewart graduated from
 the Royal Military College in 1911.

**MAJOR G. L. STARR
 IS RETURNING HOME**

Is Expected to Arrive Before
 Meeting of Synod on
 May 21st.

Major the Very Rev. Dean G. L.
 Starr, of St. George's Cathedral, will
 be returning to Kingston to arrive
 here by May 21st for the meeting of
 the Synod on that date. The major
 has been chaplain of the Buxton Hos-
 pital. He was unable to go to France
 owing to a recent illness.

It will be remembered that the
 major was in England when the war
 broke out, went to France after the
 battle of Mons, and then returned to
 Canada. He has therefore had two
 periods of war work overseas.

GOOD SEED ESSENTIAL.

Crops Can Be Increased by at Least
 Fifteen Per Cent.

Brain instead of brawn is being ad-
 vocated as a means to greater produc-
 tion, in a circular just issued from the
 office of the commissioner of agricul-
 ture. It advises the farmers to sow
 only the plumpest seed, claiming that
 it will result in at least 15 per cent.
 increase in crops here. It states that
 the wheat crop in Ontario can be in-
 creased by 4,000,000 bushels; the barley
 crop by 1,750,000 bushels; the oat crop
 by 17,000,000; and the crop of peas by
 500,000 bushels.

"Select from your granary three
 times the amount of grain required for
 seed purposes. By use of the fanning
 mill, clean and reclean until you have
 just sufficient for seed purposes,"
 says the circular.

Address on Lloyd George.

A rare treat is in store for the
 members of the Canadian Club in the
 address which Prof. Michael, of Tor-
 onto, will make on Friday evening at
 the Frontenac Hotel.

The speaker is a Welshman, who
 knows David Lloyd-George intimately,
 and he will repeat here the ad-
 dresses which he gave in Toronto on the
 same subject, and which delighted the
 Canadian Club.
 Tickets to be had at Uglow's.

A grant of \$500 was made by the
 Belleville Council to assist in recruit-
 ing the 15th Battalion, C.D.F., under
 command of Major E. D. O'Flynn.

LIGHT-MAXWELL WEDDING.

Solemnized in St. Luke's Church, on
 Wednesday Morning.

A pretty wedding was solemnized
 Wednesday morning by Rev. J. de
 Pencier Wright at St. Luke's Church,
 Kingston, when Florence Eva, young-
 est daughter of Mr. and Mrs. James
 Maxwell, Albert street, became the
 bride of A. Keith Light, Deloro, Ont.,
 only son of Lieut. and Mrs. Alfred
 Light, Queen street. The bride, who
 was unattended, entered the church
 with her father, and looked very
 charming in a travelling suit of gray
 corduroy with trimming of white
 broadcloth embroidered in blue and
 rose, which opened over a blouse of
 pale pink Georgette crepe. Her pic-
 ture hat of silk crepe with Galt Blue
 facings and touches of rose was most
 becoming. A handsome white ostrich
 feather boa and corsage bouquet of
 Richmond roses and lilies of the valley
 were also worn.

After the ceremony the bridal party
 of only the immediate relatives of the
 bride and groom drove to the home of
 the bride's parents, where a sumptu-
 ous wedding breakfast was served.
 The house was beautifully decorated
 with pink carnations, ferns and south-
 ern smilax. The bride's table was
 centred with the wedding cake, sur-
 rounded with billows of pink tulle and
 maiden hair ferns.

Prominent among the many gifts
 were a cabinet of silver and a hand-
 some silver service.

Mr. and Mrs. Light left on the 1.40
 train for Toronto and other western
 points, and afterwards will reside in
 Deloro.

FARMERS ARE ASKED

To Use School Boys to Help Increased
 Production.

A circular which is being sent
 broadcast throughout Ontario in the
 effort to have the greater production
 movement aided by the farmers, a
 class which will indirectly benefit to
 a great extent, is being sent out by the
 Ontario Resources Committee, of
 which Senator H. W. Richardson is a
 member.

An appeal is made to the farmers,
 in this circular, to remember that
 while the High School and Collegiate
 boys who are willing to give their aid,
 may fall short of the requirements in
 many ways, they can be depended upon
 to do their best, and some forbear-
 ance should be shown, and the boys
 given a chance to do their share, as
 they are willing to do.
