On and After May 1st All Our Sales Will Be For CASH.

Our standard price will be based on the price paid by us for coal in the United States. On May the 1st we expect to be able to announce to the public our standard price for coal for this season.

Owing to conditions prevailing in the United States we have found it necessary to adopt this system. We will not accept or order for more tons in any one month than we are able to purchase in the same month. By this means we hope to be able to take care of our trade and give to the public their supply of coal at a reasonable price.
