

**"THE WHIP" AT THE GRAND**

AN EXCEPTIONALLY FINE MOTION PICTURE IS SHOWN.

It Was Too Fast For a Stage Play and Motion Picture Art Was Used to Show the Thrilling Scenes.

"The Whip," which was shown before a large audience at the Grand last night, and is to be witnessed again to-night, is one of the most interesting of the large photo dramas and holds the close attention of the spectator from start to finish. The play begins on an ocean liner and ends on the Saratoga race track. It has snags, dash, fire, romance, youth, thrills, excitement and big scenes. It is staged on a lavish scale, and is superbly directed. Everyone who witnessed it agreed that it was a wonderful production. The big scenes that thrill are the automobile wreck, the train wreck and the exciting horse race at Saratoga.

The story deals with the intrigue which is wound around a famous racehorse bearing the name of "The Whip." A love affair and the fortune of several hang upon the result of the Saratoga stake race. When several of the people who are betting against the horse winning find that "The Whip" is certain to carry off the honors, they go to great lengths to prevent "The Whip" from appearing on the track. But their efforts fail. The horse makes the race, with the owner's daughter as the jockey, in place of the jockey selected to pilot the animal to victory, and all ends well with the hero and heroine.

The train wreck scene is without doubt the best ever seen in a motion picture, and was secured at a cost of \$25,000. An automobile races with the flyer, beats it to the uncoupled car containing "The Whip," which is safely taken out before the crash comes, and the locomotive and cars go tumbling down an embankment.

The Saratoga race track, where some of the world's greatest events

take place, with tens of thousands of spectators present, is a scene that also thrills.

"The Whip" was originally produced as a stage play, but the stage could not do justice to the production, and it took the motion picture art to show "The Whip" in proper perspective.

Those who like a really good moving picture should not miss seeing "The Whip" to-night.

**Employees' Benefit Fund.**

The Bell Telephone Company has established an employees' benefit fund effective on July 1st, to provide pensions, accident and sickness disability benefits, and benefits to dependents of deceased employees. There are nine thousand employees, none of whom will be called upon to contribute. The company will bear the whole cost of the fund, which will be administered by a committee of five officials of the company. Male employees may be retired on pension at the age of sixty years, and female employees at the age of fifty-five; if their term of employment has been twenty years.

**BUILDING IN KINGSTON**

Permits Valued at \$32,443 Taken Out During April.

The City Engineer reports that during the month of April building permits to the value of \$32,443 were taken out at his office. For the four months of 1917 the building permits total \$47,823, which is a little better than for the same period last year. Permits for three brick, one brick veneer and one frame dwellings were taken out during April.

**Hartington Man Wounded.**

Stanley Robert Wattam, son of Mr. and Mrs. Thomas Wattam, of Hartington, is officially reported as admitted to No. 13 clearing station, at Boulogne, with gun shot wounds in the face and right shoulder. He went overseas last October with the 146th Battalion.

**THE SCHOOLS TO BE USED**

LIEUT.-COL. W. Y. MILLS IS ABLE TO OFFER GOOD OPPORTUNITY

Schools Will Soon Be Free of C.E.F. Men, and C.D.F. Soldiers May Qualify at Them.

With the despatch overseas of practically every available Canadian Expeditionary Force man, the operation for the training of these men will now be given an opportunity to train men who enlist in the 14th Regiment, Canadian Defence Force.

The Government has decided that men who enlist in the 14th Regiment, C.D.F., will be trained as well as those who go overseas so that should they care to cross the pond later no time will have to be spent in making them ready. The fact that they have enlisted to protect this country, should an emergency arise here is also a reason for making all recruits as efficient as possible.

This decision on the part of headquarters makes an additional reason for men to enlist in Lieut.-Col. W. Y. Mills' unit. Because of the fact that the schools will be almost entirely free from overseas men, training and away from the crowding which has been constant, C.D.F. soldiers have a splendid opportunity of training not only as N.C.D.'s but as officers, and Col. Mills is now able to use this offer to young men who should be in uniform.

**McCann-Grant Wedding.**

A pretty wedding was solemnized in St. Edward's church, Westport, on Monday morning April 23rd by Rev. Fr. O. Hourke, when Miss Loretta Grant was united in marriage to Martin H. McCann. The bride was attended by her sister, Rose while the groom was supported by his brother, Edward. The youthful bride looked charming in a white serge suit and wore a small white hat. The bridesmaid's suit was black velvet with neat white hat with jet trimming. The groom's gift to the bride was a gold lavaliere set with pearls; to the bridesmaid a brooch; to the groomsmen cuff links. After the marriage ceremony the happy couple left for Toronto. On their return they will reside near Perth where the groom has purchased a farm.

**Russian Was Assaulted**

Come to Police Station With His Head Bandaged.

With his head bandaged, a Russian was a caller at police headquarters on Tuesday morning. He is employed at the locomotive works, and claims that another workman assaulted him. He certainly looked as if he had been assaulted. He could not see out of his left eye, while his face was badly swollen. He charged a certain man with the offence, and the accused will be summoned to appear in the Police Court. The case has been set for hearing on Wednesday morning.

**At Last We Have Free Wheat.**

Saturday Night (Independent).

"The mills of the gods grind slowly," and as Bill Nye once said, "they grind middlings fine." Six years ago the Conservative party bounced into power on an anti-reciprocity cry—no truck and trade with the Yankees—and last week the same party pulled down the tariff wall on wheat, flour and all wheat products between this country and the United States. Both Canadians and Americans are now free to ship their wheat or flour over the line, both north and south, without let or hindrance. In other words, there will be no further tax of ten cents a bushel on wheat and forty-five cents a barrel on flour, just because it is grown on one side of the 49th parallel and eaten on the other. The Ottawa Government, in its proclamation freeing wheat and flour from duties by the adoption of a reciprocal agreement with the United States, which in 1911 it rarely down states that the price of wheat in Canada is less than in the United States, and that in spite of the duty it has been largely exported to the latter country. The move is unquestionably a wise one. We have lots of wheat for sale, but under existing war conditions our general market is restricted. What this continent wants just now is free and unrestricted trade in foodstuffs. In fact, it always did want it, the politicians to the contrary notwithstanding.

**Fresh Vegetables Assured.**

Help win the war by production. The kitchen garden not only helps production but assures the family of fresh vegetables. Early vegetables, economy and convenience may be had by securing plants from the Paradise Conservatories, whose advertisement appears in this paper.

**Real Estate Transfer.**

The property No. 62, Montreal street, at the Outer Station, owned by Byron Derbyshire, has been sold to Mr. R. Stewart by E. W. Mullin & Son.

**Minister Killed.**

Smith's Falls, May 1.—Lieut. (Rev.) John Herbert Halliday Christie, formerly pastor of Carleton Place Methodist Church, has been killed in action while serving with an Irish unit. While in Canada Lieut. Christie endeavored to enlist, but he was rejected. He returned to Ireland and was accepted as a private. A few weeks ago his friends here were informed that, in recognition of gallantry he had been granted a commission. Lieut. Christie came from Ireland to Canada six years ago and was engaged in missionary work for the Methodist church, first in the Province of Quebec and later in Renfrew. He was a native of Belfast.

**Memorial For Senator.**

Bellefleur, May 1.—A memorial service for the late Hon. H. Corby was held Sunday evening in St. Thomas' Anglican church, and was attended by all classes of citizens. An appropriate sermon was delivered by Venerable Archdeacon Beamish, rector of the church. The remains of the late Senator are expected to arrive here from Honolulu about May 10th.

**Condolence Cards.**

The Prime Minister and members of the Government of Canada send their deepest sympathy in the bereavement which you have sustained. It is the inscription on a card of condolence which is now being sent to those who have suffered by the war.

**HER MAST WAS BLOWN OUT**

SCHOONER KITTY WELLS HAD A MISHAP IN THE HARBOR

While Making Her Way to Penitentiary With Cargo of Sand on Tuesday Morning—The Steamer Hecla Taken Off Jackass Shoal.

The schooner Kitty Wells met with a mishap in a lively gale on Tuesday morning. The schooner had on a cargo of sand from Howe Island, and while endeavoring to make the penitentiary, was caught in a severe blow when off the locomotive works, and as a result of the encounter her mast was blown out. The tug Pyke went to her assistance and towed her into port.

On Monday night the Donnelly Wrecking Company succeeded in releasing the steamer Hecla, which went aground on Jackass Shoal. The steamer is being brought to Morrisburg and later will be taken to Ogdensburg. She was lightered of six hundred tons of coal.

The steamer Natronco arrived from Erie, with coal for the locomotive works.

The steamship Jeska arrived from Oswego, with a cargo of coal for Sowards.

M. T. Co's Bulletin: The tug Emerson arrived from Charlotte, with two coal barges, and will clear with the barge Hamilton, to load grain at Port Colborne.

There is no open water in sight at the Soo. The ice is soft, but packed so hard by the west wind that there is no hope of it breaking until the wind shifts.

**Letters To The Editor**

**Treatment In Hospital.**

Kingston, May 1.—(To the Editor) A letter appeared in the Whig a few days ago relative to the Canadian Hospital, which may not be all its claimants pretend, and I for one take exception, because my son who was wounded in France six months ago, and writing from this Canadian Hospital, said that while in a French Hospital his wound was dressed daily and with care as it was also in Royal Alexandra Hospital in England. Yet now that he has been removed to a Canadian Hospital, he can only get proper treatment when the doctor arrives, or once in six days. Now my son is Canadian born, and has been taught to hate little England by the minions of trusts of Canada, because "Englishmen are unpopular" where tyrants rule; but he, like many another, has learned to love the land which hates tyrants in any form, against which many brave men have thrown the gauntlet of defiance, even though their parents were left to the tender mercies of monopolistic greed, the most devilish of all tyrants which has ever degraded the sacred name of man.

When England's doctors and nurses are the best soon follow; for like devils infused into swine, "their name is legion" and down before the eye of truth. The letter referred to can be seen by any who wish as evidence of its truth.

**A Kingston Case.**

Toronto Globe.

In a recent case Justice Clute gave an interesting interpretation of the provisions of the criminal code relating to the prevention of agreements in restraint of trade. A manufacturer of nails undertook to supply his goods to a Kingstonian, who contracted with him not to resell at prices lower than those agreed upon. The manufacturer, when he learned that the dealer was cutting prices, refused to comply with delivery of the nails, and when the dealer sued him for damages Justice Clute pronounced the contract a violation of the "criminal code," and dismissed the suit, each party to pay his own costs.

But, for a private dispute and prosecution the facts would have remained under cover. Some years ago the then-crown attorney of Toronto, acting on a mass of documentary evidence, took proceedings against a number of corporations accused of combining in restraint of trade. The cases had reached a highly interesting stage, when the prosecutions were dropped by orders of the Government. The crown has been nudged by Justice Clute, but will it wake up?

**MONUMENTS**

We have opened a branch of our monument business with a large stock of marble and granite. Special attention given to cemetery lettering.

**Comfort and Cure for Baby's Skin Troubles**

Dr. Chase's Ointment Cured When Baby's Body Was Covered with Distressing Eczema.

If every mother could try Dr. Chase's Ointment for the chafing, skin irritation and resulting eczema which tortures so many babies, what a blessing it would be for the little ones.

This letter will give you an idea of what a wonderful work this Ointment is doing in the way of bringing comfort to children who are so unfortunate as to contract eczema. It is so easy for this trouble to develop from chafing or irritation caused by the clothing, and so difficult to get it cured, that Dr. Chase's Ointment is appreciated when once its healing qualities are known.

Mr. M. L. Ducloux, Postmaster, Dugwayville, N.B., writes: "I believe it is my duty to recommend Dr. Chase's Ointment as a cure for eczema. My baby was seized with eczema and his face and arms were covered with this terrible disease. After trying all sorts of ointments the disease continued to spread until it covered the entire body. When the itching became bad he would scratch himself and was sometimes found in his cradle covered with blood. Hearing about Dr. Chase's Ointment, I bought two boxes and before this was a year ago, and there has been no trace of eczema since. I recommend Dr. Chase's Ointment to all who suffer from eczema as being the best treatment in the world for itching skin diseases."

Dr. Chase's Ointment is for sale by all dealers at 40 cents a box. It is a good idea to keep it at hand along with the bath soap to be used for roughness of the skin, chafing or irritation. Prevention is so much better than cure. Powders clog the pores, but Dr. Chase's Ointment cleanses the pores and therefore keeps the skin soft and smooth. Sample box free if you mention this paper. Edgemoor, Bates & Co., Limited, Toronto.
