### NEWS FROM THE DISTRICT

#### CLIPPED FROM THE WHIG'S MANY BRIGHT EXCHANGES.

#### In Brief Form the Events in the Country about Kingston Are Told—Full of Interest to Many.

Prescott is arranging to celebrate on a large scale Victoria Day, May 24th.  
John J. Jordan and Miss Frances E. Hazleton, Westport, were married on April 29th.  
Miss Laura Lindsay, Arnprior, has taken a position as operator in a C.P.R. office at Ottawa.

Sergeant Harry McCrodon, Belleville, who left with the 80th battalion, is reported as having been killed in action.  
R. D. McEwen, the new manager at the Renfrew Creamery, has purchased Mr. Charon's residence on Bonnechere street.

Three men—Louis Bassonneau, Alphonse Bélanger and Arthur Bélanger, Deseronto, are accused of conspiring to raise wages.  
Campbellford was shocked on Monday at the news of the death of Charles F. Cook, after an illness of only a few days of pneumonia.

The municipal trapping season closed on April 21st, and according to Dan Whiequig there was a great disappointment to Indians of Chemung village.  
Rev. H. B. Moore, rector of South Alice Anglican church, dropped dead on Saturday, while helping J. W. Briscoe, Pembroke, in preparing a flower plot.

T. Pussell Denenny, son of J. A. Denenny, clerk and treasurer of Renfrew has secured a good position in the telegraph department of the C.N.R. at Ottawa.  
Mrs. Cumming, who has been living with her daughter, Mrs. C. A. More, is perhaps the oldest resident of Campbellford, having completed her ninety-fifth year.

Earle Coons, a former resident of Cardinal, was arrested and committed for trial Saturday afternoon on a charge of stealing \$16 from a fellow roomer.  
At a recent meeting of the Arnprior Public Library Board, L. G. Irons was elected secretary-treasurer to succeed Hedley Bridge who has gone to Middleville, Ohio.

The tug William L. Proctor, sold last fall by the Canadian interests to the Sennecks, McNaughton Line of Montreal, has been rebuilt and is now known as the Conqueror.  
Mrs. Mary Ann Smith, wife of John Smith, Belleville, died on Tuesday after a few months' illness. She was the only daughter of the late John Quinn of Bridgenorth.

J. B. Teevans, proprietor of the Albion Hotel, Pembroke, is about to make extensive improvements to the house. The Observer says he has demonstrated that an hotel can be successfully conducted in Pembroke without a bar.  
On Saturday the death occurred at Oswego, N.Y., of Simon E. Johnston, aged sixty years. He was born in Sidney and spent the earlier part of his life there. He was never married and was a member of the Roman Catholic church. He leaves two brothers, Peter Johnston of Foxboro and George Johnston of the first concession of Thurlow.

#### HARROW-SMITH LADY DEAD.

The Late Mrs. George Smith Was Much Beloved.

Sydenham, May 1.—Mrs. George Smith, a most highly respected resident of Harrow-Smith, after a lingering illness of many months, passed away at the age of eighty-five years. Her funeral, which was very largely attended, took place last week, the remains being buried in the cemetery at Sydenham. Mrs. Smith was the wife of the Dennis family, so well known in the history of this locality. Her many acts of love and charity will long be remembered by the entire community, who mourn her loss. Since the outbreak of the war, though weak and feeble with age, Mrs. Smith spent much of her time in knitting socks for the soldiers, for whom over 100 pairs stand to her credit. She was truly a valued servant of God, who ever lived near to Him, and always sought to give a practical expression to her religion. The sympathy of the community is sincerely extended to her bereaved husband.

#### Port Hope Raises Salaries.

Port Hope, May 2.—At a meeting of Port Hope Town Council the salaries of town officials were boosted, the total increase amounting to about \$25. The town clerk got a \$100 raise, salary increased to \$900; town treasurer \$50 raise, making his salary \$450; caretaker of town hall and tax collector receives \$800 now instead of \$625; constable \$750, instead of \$700; and \$40 for uniform, night constable \$600, instead of \$550 and \$50 for uniform.

#### Early Potatoes.

Gananoque, May 2.—C. R. Cotton has the distinct honor of harvesting the first potatoes this season. On Monday he had a man engaged in preparing his garden for planting, and he came across several hills of potatoes which had been overlooked last year, from which about a peck of tubers was taken. The potatoes are a good size and as firm as if they had not lain in the ground all winter. The large quantity of snow coming before a heavy frost accounts for the potatoes being so well preserved.

#### Gave Potatoes to Employees.

Almonte, May 2.—The Rosamond Woolen Co. set a good example this week when they ordered a car of potatoes and distributed a bag of each of their hands requiring them. A second bag can be sent by merely paying the cost price. Vacant lots are to be given free to those who have no ground for themselves, in order to aid the greater production scheme, as well as to give immediate help to those suffering under the increased prices.

#### Work on Sub-Station.

Renfrew, May 1.—Work has been begun by the Calabogie Light and Power Co., upon the construction of a sub-station in Renfrew. It will be on the site of the old Smith mill, on the last chute of Smith's Creek. Much material is on the ground, and judging from the sub-station is to be no small affair, although the main outlay will be on the costly machinery which the station is to contain.

### THE BRITISH BUDGET PROVIDES INCREASES

#### On Excess Manufacturers' Profits and in the Tobacco Tax.

(Special to the Whig)  
London, May 2.—England's present national debt is 18 1/2 billion dollars, according to figures included in the budget introduced in the House of Commons today by Chancellor of the Exchequer, Andrew Bonar Law.  
Among the increases in taxation was the fixing of the duty of 80 per cent on excess profits of manufacturers in England, as against 60 per cent, carried in last year's budget, and an advance of a shilling and ten pence per pound sterling on tobacco.  
"Since the war opened, Britain has advanced nearly three billion dollars to her Allies, and 681 millions to her Dominions."  
By the increase of the tobacco duty, the Government expects to increase the yield of money by 28 millions per year.

#### Canadian Casualties.

Killed in Action—M. Labow, Pembroke; A. Edwards, C. Gorman, Port Hope; C. H. McCusker, Peterboro; R. Branch, Bowmanville; J. J. Howard, Shawville; H. A. Hinchcliffe, Campbellford; H. C. Roushoun, Bedford Mills.  
Wounded—M. Tenison, Pembroke; O. N. Hyslop, Smith's Falls; G. A. Watson, Cobocook; G. W. Carter, Cornwall; H. Wells, Lya; David Brown, Odessa.

#### Dr. Gorrell's Estate.

Ottawa, May 2.—The will of the late Lieut.-Colonel Dr. Charles W. Gorrell, the Ottawa physician, who died under tragic circumstances in London, England, on January 24th last, has been filed for probate in the surrogate court here. He left an estate valued at \$41,025.57, the bulk of which was personal. The will was made six days before the doctor met his death and is written on ordinary notepaper.

### CARING FOR THE WOUNDED.

Red Cross Work Done by Women in England.

Mrs. W. H. Cawthra, of Toronto, who recently returned from London, where she was actively engaged in the work of the Canadian Red Cross Society under Lady Drummond, gives an interesting description of the perfect system that Lady Drummond has organized in her department. It was in the filing and record department that Mrs. Cawthra worked as well as being the authorized visitor of the Red Cross, for two hospitals. At every hospital in England blue tickets are left with the secretary or O. C. to be given to any Canadian who may be admitted. This is called a "Welcome Ticket" in that it may be filled out by the patient for anything that he needs or wants. And invariably the patient wants his own razor and shaving outfit, for he loses this when wounded. There is also a great demand for Canadian badges, such as "Canada" or the "Maple Leaf" that they lose off their caps and uniforms. If the thing asked for is not at headquarters, it is bought and sent to the wounded Tommy.

The authorized nurse visits him once a week. On the first visit she gets such particulars as name, number, battalion, when wounded, nature of wound when admitted to hospital, and next-of-kin and their address. These particulars are all put on a card and filed. The relatives are then communicated with and all particulars given. Once a week a letter goes to the next-of-kin telling of the progress of the patient.  
When the letter is sent to a Convalescent Home he is then considered able to do his work himself. Miss Clara Hagarty, of Toronto, the well known artist, is in charge of the parcel room, having been there from the start, and never missed a day. The parcel room is made up individually and sent collectively to the hospitals. The largest number of parcels ever sent out in one day was 496.

Another interesting department is the paper action, where all the newspapers are received. A soldier may ask for a Hamilton paper, and if unobtainable a Toronto one is sent him, or he may be from Calgary, and get a Winnipeg paper. Countess Ferron, formerly Miss Moulson, of Montreal, is in charge of this work. Taking the patients out for motor rides is another very well organized work. Large cards are hung in the hospitals telling that if anyone wants a motor ride to communicate with the Red Cross. There are four special cars ready to take them for a run into the country for tea or possibly just to the theatre. A large Red Cross is painted on the windshield. Sir Arthur Lawley supplies a car and chauffeur. Mr. W. H. Cawthra another, which he drives himself. Delectable hospitality is offered the boys by charming English hostesses, eager to show kindness on the brave Canadians. Mrs. Rivers Bulky is in charge of the prisoner of war parcels and everything is working smoothly now.

Some idea of the work that many of Canada's smart society girls are doing in London was given when Mrs. Cawthra and the Maple Leaf Club and what they mean to our boys. Lady Drummond is head of this work also, and there are seven of them running, with a possibility of the need for more. Miss Macdonald, daughter of Dr. A. A. Macdonald, is in charge of the Maple Leaf Club and has eight others associated with her. They do all the work voluntarily, make beds, sweep, wait on table, and help in the kitchen, Miss Ashton, of Montreal, being most invaluable in her work. Breakfast and dinner is served, but no mid-day meal. On Wednesdays the V.A.D. workers get a day off and the I.O.D.E. go in and work. Lady Allan acts as manager.  
Princess Patricia and her lady in waiting, Miss Adams, Lady Evelyn Farquhar, Mrs. Cawthra, and several Toronto women all "do their bit" at the clubs.

## The Revolution in Russia

AFTER an absence of a little more than three months, Mr. George Bury has just returned from Russia, which country he visited at the request of the British and Russian Governments in connection with transportation.  
Mr. Bury was accompanied throughout his trip by Mr. W. H. Winterrowd, Assistant Chief Mechanical Engineer of the Canadian Pacific. Mr. Bury and Mr. Winterrowd travelled from London to the north of Scotland, from where they were carried to Norway by a British destroyer. They proceeded through Norway, Sweden and Finland to Russia.  
Mr. Bury states that his experience gained by close personal contact and association with Lord Shaughnessy enabled him to make recommendations which were accepted by the old Russian Government as well as by the new, who are now putting them into force with great vigor.  
"Russia," he says, "is, of course, an immense country. It has a population of 176 million people. The last time they took the census the papers had to be printed in seventy-two languages, or dialects.  
"In Russia I travelled from a point where I saw reindeer caravans to a point where I saw caravans of camels—that is, from Lapland to the Caucasus.  
"There is no doubt whatever that after the war Russia will have to build several hundred thousand miles of railway. Canada has ten times more railway mileage per unit of population than has Russia. Then again, Russia made the mistake of patterning her railway transportation after that of Europe rather than America. Traffic in Russia moves vast distances in great bulk. The country lends itself to low grades and easy curvatures. If that great country is to achieve the destiny in store for her she will have to come to the large trails and large cars, because those two factors make for economical transportation, and economical transportation is essential if a producing country of wide distances is to hold her own in the markets of the world.  
"Had Russia been equipped with railway transportation, say as in Canada, she would have been able to have played a much greater part in the war.  
"The impression gained during my two months stay in Russia is that they are a brave, self-sacrificing, kind, and capable nation. The educated classes are remarkably well informed and I came in contact with some of the really big men of the world.  
"I happened to be in Petrograd during the revolution and saw perhaps as much of it as anyone. The casualties in Petrograd were heavy as were they

**GEORGE BURY,**  
Who has just returned from Petrograd.

in the navy amongst the officers. Foreigners were not molested deliberately and any killed was due to accident.  
"When the revolution was at its height, in company with a British officer, I went to the Duma. It was rather a long walk from the British Embassy, so we asked some soldiers to take us on a sleigh filled with revolutionists. They did so. Arriving at the Duma we had to make our way through a dense mob of soldiers, sailors, workmen, etc. Recognizing the British uniform cheers went up for the Angliki (English). It would make the heart of the least emotional man beat faster to think he belonged to an Empire that would be cheered under such circumstances.  
"In England, Scandinavia and Russia, everywhere I travelled, food restrictions of varying degrees were in force and rail travelling curtailed. War or no war, it was time that a halt was called to the food wastefulness that had been going on.  
"No one who has had the slightest opportunity of learning all that Great Britain has done in this war far beyond what has been tried before by other troops, and their deeds were in the mouths of everyone in London."

### THE WORLD'S NEWS IN BRIEF FORM

#### Tidings From All Over Told in a Pithy and Pointed Way.

Toronto gave 717 recruits in April. Sir Edward Carr may quit the British Admiralty.  
Premier Lloyd George left Tuesday night for France.  
The Chinese Parliament approved of the appointment of Li Chang Si as Minister of Finance.  
The Toronto Mail and Empire says Borden will bring down a bill to extend the life of Parliament when he returns.  
The British Columbia Government announces that a bill is being drawn to make it a criminal offence to contribute campaign funds.  
The French and German Governments have agreed to withdraw prisoners to thirty kilometers (18.64 miles) behind the front.  
Thirty women workers have been killed by an explosion in a munition factory at Troisdorf, a town of Rhenish Prussia, near Cologne.  
Mayor McCaig, Hallebury, who has been given a commission in the Timiskaming Forestry draft, insisted on the Council accepting his resignation.

#### PLACED UNDER ARREST

Because He Ignored Summons to Appear in the Police Court.  
It does not pay to ignore the law. John Skelton, wanted for a violation of the Ontario Temperance Act, found this out on Wednesday.  
He was summoned before the the Magistrate, but when his name was called he did not appear. Constables Arnel and McCarey found him on the street and placed him under arrest, so he will be on time when the curtain goes up in the police court on Thursday.

#### Mauretania Reported Sunk.

H. S. Folger received a wire this afternoon from New York stating that it was rumored that the S.S. Mauretania had been sunk by a German submarine. The Mauretania, it was said, carried 3,000 troops.

Newspapers Reduced in Size.  
Paris, May 2.—The scarcity of print paper has compelled the Government to order still further restrictions in the size of newspapers. After Saturday the principal one-cent newspapers will be of two pages four days a week and four pages the other three days. Newspapers selling for more than a cent, such as the Temps, the Figaro and the Journal des Debats, will print two pages once or twice a week, according to the measurements of the sheets.
