INFANT DEATH IN KINGSTON

NUMBER LOWER IN 1916 THAN HAS BEEN STATED.

The Total Was 117 But This Number Includes Illegitimates and Some Others From Outside.

The milk inspection question of late led to quotations being made of infant mortality in Kingston, it being declared that the mortality of infants in the city is the second highest in Canada. This assertion has been disputed and rightly so, for the percentage of infant death in Kingston is less than one-half of one per cent. Allowing for illegitimates and a few other outside infants born in Kingston hospitals, Kingston's infant mortality in 1916 was about .455. According to the vital statistics registered the total number of infants who died in Kingston last year was 117, or 22.5 per cent of the total deaths here. There were seventeen deaths from cholera infantum, which may or may not have been caused by milk. The following show the ages of the infants who died here last year and the causes of death.

Three days old, cerebral trouble.
Eleven months, measles.
A few weeks old, atelectasis.
Illegitimate infant, asphyxia during birth.
One day old, prematurity.
Two years, broncho-pneumonia.
One week, cardiac weakness.
Ten days, measles.
Seven months, 28 days, broncho-pneumonia.
Eleven months, measles.
Seven months, measles.
One day, premature birth.
Three and a half months, marasmus.

Fourteen months, broncho-pneumonia.
Eight months, intussusception.
One year five months, broncho-pneumonia.
Two months, eight days, pneumonia.
Fourteen days, acute enteritis.
Ten months twenty-six days, broncho-pneumonia.
Six weeks, cerebral hemorrhage.
Seven months, congestion of the lungs.
Three days, spina bifida.
Four days—injury in birth.
One year six months, measles and pneumonia.

Thirteen months, measles and pneumonia.
One month fourteen days, pneumonia.
Four months twenty-two days, convulsions.
Ten days, convulsions.
Two and a half months, marasmus.
One year and three months, tuberculosis.

Three months and five days, anæmia.
One month, marasmus.
One year, six months, tubercular meningitis.
Nine months, tubercular meningitis.
Four months, intestinal toxæmia.
Ten days, marasmus.
One day, premature birth.
Six days, convulsions.
Twelve hours, asphyxia.
Two months, spina bifida.
Five months, marasmus.
Five months, intussusception.
Seven days, hemorrhagic disease of infants.

Three months, intestinal indigestion.
One year three months, meningitis.
Eight months, cholera infantum.
One day, prematurity.
Six months, cholera infantum.
Twenty days, infantile diarrhoea.
Two months, cholera infantum.
Nine months, tubercular meningitis.

Five months, cholera infantum.
Six months, cholera infantum.
Twelve days, cholera infantum.
Twenty-nine days, empyema.
Seven months, cholera infantum.
Eight months, marasmus.
Six months, cholera infantum.
Eight months, gastro-enteritis.
Nine months, gastro-enteritis.
Eight months, cholera infantum.
Five weeks, inanition.
Ten months, pneumonia.
Ten months, cholera infantum.
Two and a half months, cholera infantum.

One month, intussusception.
Twenty-four days, marasmus.
One year, cholera infantum.
Three months, acute inflammation of bowels.
Three months, marasmus.
Two months, cholera infantum.
Five months five days, gastro-enteritis.
Twelve days, cholera infantum.
Ten months, marasmus.
Two months, marasmus.
Two months, gastro-enteritis.
One day, prematurity.
Nine weeks, diarrhoea.
One year six months, acute indigestion.
Ten months, diarrhoea.
Two days, premature birth.
Three months, marasmus.
Two and a half months, marasmus.

Ten months, heart trouble.
Nine months, thirteen days, marasmus.
One year, three months, tubercular meningitis.
Eleven months, convulsions.
Two days, prematurity.
Three months, cholera infantum.
One year, six months, cholera infantum.
Five months, marasmus.
One year five days, gastro-enteritis.
Seven days, gastro-enteritis.
Two days, hemorrhage of bowels.
Eleven months, cholera infantum.
Eight months, marasmus.
Three months, congenital syphilis.
Six months, marasmus.
Two months nineteen days, marasmus.

Two hours, prematurity.
Two months, twenty-one days, marasmus.
One hour, foetus.
One month, six days, marasmus.
Three months fourteen days, marasmus.
One day, asthma.
Ten days, cerebral hemorrhage.
One day, prematurity.
Two months, marasmus.
Three days, asphyxia.

Two months two weeks, hydrocephalus.
Four months, marasmus.
Six months, whooping cough.
Five hours, incomplete development.
Ten days, jaundice.
There were only four deaths of children between the ages of three and five years.

HAD NARROW ESCAPE
His Tunic Was Found But His Watch Lost.

DRIVER C. M. ASHWORTH
Driver C. M. Ashworth writes his parents that he had a very narrow escape recently. He went outside his shack to wash and left his watch in his tunic. Fritz sent over a shell demolished the shack and afterwards all the driver could find was his tunic and it was sadly rent.

HORSES IN STABLE; CANNOT GET DRIVERS
Scarcity of Help Has a Serious Effect on One Local Concern.

Much has been said and written about the scarcity of help since the war commenced, but it may not be generally known that there is one local concern that has horses "eating their heads off in the stable," to use an old saying, because of the fact that men cannot be secured to drive them.
"The horses have to be kept in the stables because we have found it impossible to get men to do the work," said the manager. "I know the demand for men at the present time, but it is pretty hard when you have to keep horses idle like this when there is so much work to be done."

Another R.M.C. Graduate Dead.
Capt. Robert Harris, Stewart, reported died of wounds, was only twenty-one years of age. He received his training at the Royal Military College, Kingston. Deceased was a son of James A. Stewart, of the Standard Bank of Campbellford, and a grandson of the late J. M. Ferris, M.P.P. He was born in Toronto and before enlisting worked in the bank with his father.

Y.W.C.A. Annual Meeting.
The annual meeting of the Young Women's Christian Association will be held at the rooms on Johnson street on Friday, May 18th 8 p.m. Reports of the work of the past year will be presented and an address will be given by Rev. E. R. Maclean on "Social Service." The board for the coming year will be elected as usual. All cordially invited.

Mentioned in Despatches.
Brigadier-General G. S. Cartwright, Kingston, is mentioned in Gen. Haig's despatch. The officer is a son of the late Rev. Conroy Cartwright and a graduate of the Royal Military College. He has seen much service.

KINGSTON EVENTS 25 YEARS AGO

J. McKay says that the 14th Battalion is composed, chiefly of home boys because men that would be members have to go to the States for work.
Sergt. Brough, of the R.M.C., has saved five people from drowning.
William Rea left today to accept a position in New York.

Had Awful Attacks of Heart Trouble FOR 5 OR 6 YEARS

Diseases and disorders of the heart and nervous system have become frightfully prevalent of late years. One can scarcely pick up a paper but he will find recorded instances of sudden deaths through heart failure, or of prominent men and women unable to prosecute their ordinary business or profession on account of a breaking down of the nervous system.

We do not desire to unnecessarily alarm anyone, but to sound a word of warning.
When the heart begins to beat irregularly, palpitates and throbs, has shooting pains through it, it is time to stop and think.

To all sufferers from heart and nerve troubles Milburn's Heart and Nerve Pills can give prompt and permanent relief.

Mrs. Frank Arsenault, Newcastle, N.B., writes: "I had awful attacks of heart trouble for the past five or six years, and as I had tried many kinds of medicine without getting any better, I decided to give Milburn's Heart and Nerve Pills a trial, and to my surprise I found ease from the second dose. I continued taking them until I had used six boxes, and now I feel as well as can be. At the present time my sister is using them for rheumatism and finds great comfort by their use."
Milburn's Heart and Nerve Pills are 50c or three boxes for \$1.25, at all dealers, or mailed direct on receipt of price by the T. Milburn Co., Limited, Toronto, Ont.
