Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. ## HIGH HEELED SHOES PUT CORNS ON TOES

Tells Women How to Dry Up a Corn So It Lifts Out Without Pain.

Modern high-heeled footwear buckles the toes and produces corns, and many of the thousands of hospital cases of infection and lockjaw are the result of woman's suicidal habit of trying to cut away these painful pests.

For little cost there can be obtained at any pharmacy a quarter of an ounce of a drug called frezone, which is sufficient to rid one's feet of every hard or soft corn or callus without the slightest danger or inconvenience.

A few drops applied directly upon the tender, aching corn stops the soreness and shortly the entire corn, root and all, lifts right out. It is a sticky substance, which dries the moment it is applied, and thousands of men and women use it because the corn shrivels up and comes out without inflaming or even irritating the surrounding skin. Cut this out and try it if your corns bother you.

## Gananoque

(From Our Own Correspondent)

May 25.—The steamer Belleville was in port on Wednesday with large consignments of freight.

The steamer Missisquoi made a trip to Kingston yesterday and was fairly well patronized, handling considerable freight both ways.

The local merchants and manufacturers nearly all observed the holiday by closing their places of business.

The annual congregational meeting of Grace Church was held Wednesday evening. The reports were of a satisfactory nature.

These representatives were elected as members of the Quarterly Official Board: William Allan, John Conner, Frederick Green, Oscar W. Henne, J. K. Lattimore, J. G. Lawson, Thomas Scott, George A. Smith and Frank Wright.

Pte. Bedford, who went overseas with "A" Co., 59th Battalion, and was recently invalided home, is spending some time here with friends.

Horace Gould, a pupil of Gananoque High school among the ones agreeing to work during holiday time, has taken a position as assistant with William Landon, cheesemaker, at the factory near Rockport.

Mrs. Andrew H. Allen, Brock street, left on Wednesday for a visit with her son, H. A. Allen of Toronto.

Mrs. E. H. Hurd, spending the past two weeks in town, has returned to Kingston. O. W. Sheets and family, Stone street, spent the holiday in Kingston at the bedside of Mrs. Sheet's patient in the General Hospital.

**RECRUITING AT CORNWALL**  
Meeting in Interests of 75th Mounted Battery.

Cornwall, May 25.—The officers of the 75th Cornwall Mounted Battery held a big recruiting meeting at the hall Wednesday night for the purpose of securing more men for the battery.

Within the two weeks, this battery has been working here, 44 young men have donned the uniform and the request was made for as many more to help fill the battery. Mayor Chevrier occupied the chair.

Captain Howard W. Taylor, of Kingston, officer commanding the battery, told of life at the front, where he spent nearly two years, being now invalided home. Rev. Mr. Landon, of Gananoque, delivered a forceful address in which he pictured the dangers confronting the Empire and made an earnest appeal for more men. He especially asked the mothers not to withhold their sons when the call of patriotism seizes them.

Lieut. F. H. Powell, who is in charge of recruiting for the battery here, presented Albert Jackson, of Cornwall, with a scroll of honor from the Royal Humane Association of Canada for saving Annie M. Norris in the river here on August 19th, 1916.

**An Anti-Vaccinationist.**  
Lindsay, May 25.—John Guyatt, who deserted from the 252nd Battalion in Lindsay on March 30th and who was apprehended on May 17th. He positively refused to go back to his battalion, though remonstrated with by the magistrate to do so. The young deserter was as adamant in his views and accepted six months in the Ontario Reformatory rather than give in. The young man put in a claim that he never agreed to be vaccinated when he signed up, and consequently would not be taken overseas.

Miss Mary Pierson, eldest daughter of the late Bryant Pierson, Belleville, died in Guelph.

## GENERAL DEBILITY

General debility is a term used to describe a weak and run-down condition of the system. Debility may come from a number of causes. The after-effects of acute illness, lack of nourishment due to poor digestion, overwork or worry, or anything that makes the blood thin, thereby preventing it from carrying nourishment and health to the tissues of the body. The symptoms of debility vary, but weakness is always present, often a tendency to be easily fatigued, spots passing before the eyes, weak back, dizziness, wakefulness caused by inability to stop thinking, and unrefreshing sleep.

Debility is dangerous because it weakens the body's defence against disease. For instance debilitated people take cold easily and changeable weather is always trying for them. When you are in this condition it is dangerous neglecting yourself. Your system needs building up and no time should be lost in taking the proper treatment.

The treatment of such a run-down condition with Dr. Williams' Pink Pills is based on sound medical principles and common sense. These pills actually build up the blood so that it nourishes every part of the body—the nerves as well as the muscles—and brings vigor, strength and health.

If you are feeling at all weak, if you do not feel that your health is at its best, you should begin curing yourself at once with Dr. Williams' Pink Pills. You can obtain these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

In 1865 she sought admission to the institution, and has for over half a century earnestly endeavored by day and by night, to relieve and comfort the sick and the homeless. When doing duty in the hospital wards those stricken with the most loathsome diseases, seemed to hold forth a special attraction for her. To the suffering and abandoned, she was waiting in her efforts to relieve and console. Her life was spent in the constant service of her neighbor, in other words, she sacrificed all the pleasure of earth in favor of suffering humanity. Many there who have a grateful remembrance of her tender charity. Her devoted charitable life yielded a bounteous recompense. She is survived by one sister, Miss Mary McCaffery, Rochester, N.Y.

For his kind act the members made him an honorary member.

There were 509 boxes of white cheese and 275 boxes of colored boarded, and 200 boxes were sold to John Gibson at 22 1/2 cents.

## WELL ARRANGED WINDOW

Gedye's Millinery Store Window Artistically Decorated.

Seldom has a Kingston store window been more appropriately and beautifully decorated than was that of the Gedye Millinery store for Victoria Day.

The decorations were simple and well arranged. They consisted in a few well chosen and specially decorated women's headgear creations.

One hat was decorated with Union Jack ribbon, another had a band representing the body of the famous Old Glory and the centre of this hat had a shield of stars. The rest of the Allied Nations were given places of honor with hats trimmed appropriately.

The centre piece of both windows was small silk flags neatly crossed over a long flowing veil draped from a pedestal.

## HERO'S HARD LUCK.

Suffering Shell Shock, Was Given Protection at Police Station.

At 3:15 o'clock Friday morning, a returned soldier, who is suffering from shell shock, was wandering around the streets of the city looking for a certain party, but as it was not a most opportune time for calling, he found it difficult to strike the right party. In an attempt to get help, he telephoned the police station. Constable Earl Jenkins assisted him in his search, but after a time they gave up the task and returned to the police station, where the man was given protection for the night. He belongs to one of the local convalescent homes.

## QUEEN VICTORIA'S PICTURE

Hangs in Prominent Place on Armouries' Walls.

McCullough has had a big frame made and it hangs in a prominent position facing the main floor of the building.

## PIMPLES AND BOILS ALL OVER FACE AND BODY

When the blood becomes impure you will find that pimples and boils will break out all over the body, and although they are not a dangerous trouble, they make you appear unsightly both to your friends and yourself.

Burdock Blood Bitters will cleanse the blood at the impurities and poisons which cause the skin to break out in these eruptions.

Miss Sylvia Swanson, Theodore, Sask., writes: "I'm letting you know what great value your B.B.B. has been to me. A year ago I started to grow pale and weak, the cause being bad blood. I got so many pimples and boils all over my face and body that I would not let strangers see me, and I used to avoid company. I tried many remedies but all seemed a failure. I read about how good your B.B.B. had been to thousands of people so I got a bottle and after I had finished the second one my pimples and boils had all disappeared. People thought it a miracle how well I looked."

"Your grand old remedy sure has been as good as gold and better, to me."

Burdock Blood Bitters has been manufactured for the past forty years by The T. Millers Company, Limited, Toronto, Ont. See that our name appears on the wrapper.
