CROP OUTLOOK IS BRIGHT

FARMERS IN KINGSTON DISTRICT HAVE A GOOD REPORT

Present indications point to a big crop of grain and hay—Recent rains have helped to better conditions.

A prominent farmer stated to the Whig, on Thursday, that the present outlook was for a good crop of grain and hay. He said that he did not expect that the hay crop would be quite as large as last year, but generally speaking, the prospects were good for bumper crops. The recent rains have helped the hay crop a great deal. There are crops of potatoes in low lands which have suffered by the heavy rains.

This is most encouraging news, in view of the special appeal made this year for increased production. The farmers of Frontenac county have been doing their "bit" in this respect, planting a larger area, where it was possible, and if the weather conditions are favorable, the county will have a good report to make when the final summing up time comes.

The pastures are in splendid condition as a result of the recent rains, and this is a good help to the dairy-men. The output of cheese this season is expected to far surpass that of former years. The trouble the cheesemen have been experiencing for some few weeks is being overcome. At Thursday's meeting of the Frontenac Cheese Board, cheese sold at 21 3-16c and as the cheese is shipped overseas, there will be a keen demand for it.

Married at Winnipeg.

A very pretty wedding took place on Monday, June 18th, in St. Mary's Church, Winnipeg, when Miss Bernadette Kennedy, Enterprise, Ont., was united in marriage to Arthur H. Forde, St. Louis, Mo., Rev. Fr. O'Donnell officiating. The bride was given away by her brother, M. J. Kennedy and looked very charming in a blue moire silk suit, her blouse of rose Will-o-the-wisp. She wore a Rose hat to match, her costume being completed by a white fox ruff. The bride was attended by Mrs. W. J. Kennedy, who wore grey silk with hat to match, James Kennedy acting as best man. After the ceremony the wedding party adjourned to the St. Charles Hotel where a wedding breakfast was served. Mr. and Mrs. Forde will reside in Prince Rupert, B. C.

WOMEN'S AILMENTS

Come From The Heart and Nerves
Milburn's Heart and Nerve Pills was so bad I could not work. I tried lots of cures but nothing would drive them away for good until I took B.B.B. In a short time I was all better. It is a dandy medicine. I keep it in the house all the time.

Burdock's Blood Bitters is manufactured only by The T. Milburn Co., Limited, Toronto, Ont., but so well and favorably is it known that there are many imitations on the market. See that our name appears on the wrapper.

Mrs. Alfred Winter, Castor, Alta., writes: "I would like every woman who is suffering from nerves or heart trouble to know how much Milburn's Heart and Nerve Pills have helped me. For two years I kept a hired girl, and was doctoring all the time. After having taken four boxes of your pills I am able to do all my own work. I would especially recommend them to women between 40 and 50 as at that time they are more liable to be far from well. One of my neighbors knows how they helped me, and she is now using them."

Milburn's Heart and Nerve Pills are 50c, or three boxes for \$1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

CANDLES AND COLD WATER

MUST BE ALWAYS ON HAND IN STANDARD HOTELS

The New Regulations Have Just Been Issued By the Ontario License Board.

New regulations governing standard hotels in Ontario have just been issued by the License Board. One of the most important affects the positions of ropes for fire escapes. The principal regulations may be summarized as follows:
Every standard hotel now has to have a candle placed in each bedroom. This is for the purpose of helping the guest who may be in the hotel when a fire breaks out and the lighting system is put out of business. There have been cases where the lights have gone out and in the confusion without a light lives have been lost.

Every standard hotel must in future keep a supply of pure cold water for drinking purposes for the guests.

Another thing is that storm windows are barred from bedrooms. The board recommends that instead metal weather-strips be used, as this will keep out cold draughts in winter and dust in summer. Storm windows, it is claimed, would prevent the free opening of windows in case of fire.

The situation of ropes used for the purpose of escaping from bedrooms in case of fire has been changed. The old rule used to be they had to be fastened from the sill, but the Commercial Travellers' Association have pointed out the danger of this to the board, and the rule is now that they must be fastened from the side of the sill, thus making it easier for the guests to get out in case of danger.

In future no license of a hotel may be granted without the permission of the board.

PROFITS FOR ALL

By the Practice of True Economy—Lend Your Money.

Lend your money to the country where it can be used for national ends. The National Service Board is appealing to the country to invest in War Savings Certificates, to practise thrift, and to make every possible sacrifice that victory may be secured. It is a great campaign in the national interest. True economy is essential if the war is to be won. True saving is only a better form of spending. To save money is to save capital, and capital means factories and mines and cultivated lands, the means of further production and the source of future wealth. It is true economy to put your money in War Savings Certificates where it can be used for war purposes while assuring you a safe and profitable return on your money.
