A VISITOR.

One lesson which I drew from lylvia's misfortunes and which applied to my own experience was

the time-old one of the advisability avoiding misunderstandings with the person you love. In her case the penalty of not observing this rule was death. In my case it meant continued separation from my husand. Sylvia might still have been alive had she trusted Edward and I power ertainly would have had Arthur by ny side had he had faith in me

What would be the penalty in my case and of whom would it be exacted? Would Arthur be the one to suffer because he had taken the initiative, or would I have to pay?
