**WON'T ERECT MORE LIGHTS**  
ON THE STREETS 'TILL A CONTRACT IS MADE

Utilities Commission Will Also Ask City Council to Pay Street Lighting Bills Monthly—Lights For Fort Henry.

The Utilities Commission yesterday afternoon decided not to accede at present to the request of the City Council for the erection of eighteen more arc lights on the streets. The Commission, although it came to the Council's aid last year and struck \$5,000 off the street lighting bill, is not disposed to be so easy this year owing to the price of coal, which is more than twice as costly as a year ago. In the first place it wants a contract with the City Council for street lighting. Such a contract has never existed. Furthermore the Commission thinks that when the Council found its street lighting bill \$5,000 too high last year it should not suggest at this time that another thousand dollars worth of electricity be added. Therefore, there is no chance of more lights being added to the streets this year. The four changes of lights asked by the Council will be made.

Then the Commission is going to ask the Council to pay its street lighting bill monthly like the rest of the people. The bill for the first quarter ending March 31st was paid only a few days ago and as a result the Commission is \$60 out of pocket in interest.

**Another Score Against Council.**  
The Commission has another score against the Council—with regard to the proportion of the salaries of civic officials with which it is charged. Recently it had a conference with the civic finance committee of which Mayor Hughes is chairman, and asked that the schedule be revised, as it considered it was paying too much for the service it received. The finance committee made a revision and knocked off \$100. It asked the Commission to pay half the salaries of the city solicitor and the city auditor. The Commission strongly objects to paying half of the solicitor's salary and sent the revised schedule back to Mayor Hughes' committee for another guess.

Manager Folger stated that the coal proposition was a difficult one to handle and asked the Commission to relieve him of the task of also providing for the Board of Education's supply. This the Commission did. The manager will try and get 5,000 tons for the utilities as this amount may be needed even with the assistance of power from the Hydro-Electric Commission before the end of the year.

**Light For Fort Henry.**  
Lieut.-Col. Benoit, 3rd divisional engineer, asked the Commission to supply electricity to Fort Henry. The Militia Department desired to erect a number of lights around the place. The Department would erect the poles, wires and lamps. The Commission will supply the current necessary in the meantime, but will endeavor to secure a contract from the Militia Department for permanent lighting of the Royal Military College, Fort Henry and Barriefield camp. At present it has a temporary line over the old wooden bridge which connects the city with the Pittsburg shore. A permanent line will be required over the new causeway, which will cost \$3,000 to erect. If a permanent contract can be secured from the Department, the Commission would at once construct this new line. Col. Benoit and Manager Folger will take up the matter with the Department at Ottawa.

The resignation of William Cullen as chief engineer of the water works, was accepted. Mr. Cullen is retiring because of ill-health. The Commission granted him three months' salary and the use of the house he is occupying as a retiring allowance.

The chairman and the manager were authorized to negotiate with the Dominion Textile Company and the Canadian Locomotive Company with regard to power supply.

It was decided that tenders for the concrete work of the new gas tank would be called both on the percentage plan and by contract in bulk.

A letter was received from City Solicitor Whiting stating that the Commission would not have to pay taxes on its plants this year.

**ON POLICE FORCE TWENTY-SEVEN YEARS**

**Sergt. James Bateson Has Completed Long Service For the City.**

Sergeant James Bateson will tomorrow, (July 1st), complete twenty-seven years of service on the Kingston police force, and will receive the congratulations of a wide circle of friends, for "Jim" as he is known by scores of citizens, is one of the best-known men on the force.

Sergt. Bateson took up his duties as constable on July 1st 1890, and during his long term, has rendered the city able service. His appointment as sergeant took place a year ago last May, following the death of the late Sergt. Alexander Snodden.

**BABY'S OWN TABLETS OF GREAT VALUE**

Mrs. J. A. Lagace, Ste. Perpetue, Que., writes: "Baby's Own Tablets have been of great value to me and I would strongly recommend them to other mothers." Thousands of other mothers say the same thing. They have become convinced through actual use of the Tablets that nothing can equal them in regulating the bowels and stomach; driving out constipation and indigestion, breaking up colds and simple fevers, expelling worms and curing colic. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

**Canadian Pacific Railway**
